DEPARTMENT OF AGRICULTURE

Submission for OMB Review; Comment Request

September 15, 2014.

The Department of Agriculture has submitted the following information collection requirement(s) to OMB for review and clearance under the Paperwork Reduction Act of 1995, Public Law 104-13. Comments regarding (a) whether the collection of information is necessary for the proper performance of the functions of the agency, including whether the information will have practical utility; (b) the accuracy of the agency's estimate of burden including the validity of the methodology and assumptions used; (c) ways to enhance the quality, utility and clarity of the information to be collected; (d) ways to minimize the burden of the collection of information on those who are to respond, including through the use of appropriate automated, electronic, mechanical, or other technological collection techniques or other forms of information technology.

Comments regarding this information collection received by October 20, 2014 will be considered. Written comments should be addressed to: Desk Officer for Agriculture, Office of Information and Regulatory Affairs, Office of Management and Budget (OMB), New Executive Office Building, 725-17th Street NW., Washington, DC 20502. Commenters are encouraged to submit their comments to OMB via email to: OIRA_Submission@OMB.EOP.GOV or fax (202) 395-5806 and to Departmental Clearance Office, USDA, OCIO, Mail Stop 7602, Washington, DC 20250-7602. Copies of the submission(s) may be obtained by calling (202) 720-8958.

An agency may not conduct or sponsor a collection of information unless the collection of information displays a currently valid OMB control number and the agency informs

potential persons who are to respond to the collection of information that such persons are not required to respond to the collection of information unless it displays a currently valid OMB control number.

Animal Plant and Health Inspection Service

Title: Importation of Tomatoes from Spain, Chile, France, Morocco, and Western Sahara.

OMB Control Number: 0579-0131.

Summary of Collection: Under the Plant Protection Act (PPA) (7 U.S.C. 7701—*et seq.*), the Secretary of Agriculture is authorized to carry out operations or measure to detect, eradicate, suppress, control, prevent, or retard the spread of plant pests new to the United States or not known to be widely distributed throughout the United States. Regulations authorized by the PPA concerning the importation of fruits and vegetables into the United States from certain parts of the word are contained in "Subpart—Fruits and Vegetables" (7 CFR 319.56-28, referred to as the regulations). These regulations allow tomatoes from Spain, Chile, France, Morocco, and Western Sahara to be imported into the United States (subject to certain conditions). This action is necessary in order to protect the ripening, or ripe tomatoes from infestation by the Mediterranean fruit fly (Medfly).

Need and Use of the Information: The Animal and Plant Health Inspection Service (APHIS) will collect information using the phytosanitary certificate certifying that the tomatoes were grown in registered greenhouses in a specified area of the exporting country. APHIS will also use marking of boxes to identify the packing facility, treatment facility registration, trust fund agreement, production site registration, and quality control program. APHIS uses the collected information to determine the pest condition of the shipment at the time of inspection in the foreign country. Without this information, all shipments would need to be inspected very thoroughly, thereby requiring considerably more time. This would slow the clearance of international shipments.

Description of Respondents: Business or other for profit; Federal Government.

Number of Respondents: 10.

Frequency of Responses:

Recordkeeping; Reporting: On occasion.

Total Burden Hours: 1,350.

Departmental Information Collection Clearance Officer.

SUPPLEMENTARY INFORMATION:

Title: Salmonella Initiative Program.

OMB Number: 0583–0154.

Expiration Date of Approval: 01/31/2015.

Type of Request: Renewal of a currently approved information collection.

Abstract: FSIS has been delegated the authority to exercise the functions of the Secretary (7 CFR 2.18, 2.53) as specified in the Federal Meat Inspection Act (FMIA) (21 U.S.C. 601, *et seq.*), the Poultry Products Inspection Act (PPIA) (21 U.S.C. 451, *et seq.*), and the Egg Products Inspection Act (EPIA) (21 U.S.C. 1031, *et seq.*). FSIS protects the public by verifying that meat, poultry, and egg products are safe, wholesome, not adulterated, and correctly labeled and packaged.

FSIS is requesting a renewal of a currently approved information collection addressing paperwork and recordkeeping requirements relating to the SIP. SIP offers incentives to meat and poultry slaughter establishments to control *Salmonella* in their operations. SIP does this by granting waivers of certain regulatory requirements with the condition that establishments test for *Salmonella*, *Campylobacter* (if applicable), and generic *Escherichia coli* or other indicator organisms and share all sample results with FSIS. SIP benefits public health because it encourages establishments to test for microbial pathogens, which is a key feature of effective process control.

In return for meeting the conditions of SIP, the Agency grants establishments appropriate waivers of certain regulatory requirements, based upon establishment proposals and documentation, under FSIS regulations at 9 CFR 303.1(h) and 381.3(b). These regulations specifically provide for the Administrator to waive for limited periods any provisions of the regulations to permit experimentation

so that new procedures, equipment, or processing techniques may be tested to facilitate definite improvements. Establishments participating in SIP agree to the conditions of SIP regarding pathogen testing and sharing of test result data with FSIS.

The previous OMB approval for this collection was for 206,000 burden hours; however, the Agency will eliminate a substantial number of current SIP approvals with implementation of the New Poultry Inspection System. FSIS is asking OMB to approve a renewal of this collection with a reduction in burden of 152,224 hours.

FSIS has made the following estimates based upon an information collection assessment:

Estimate of Burden: FSIS estimates that it will take respondents an average of 572 hours per response.

Respondents: Official slaughter establishments that are under a waiver.

Estimated No. of Respondents: 94.

Estimated No. of Annual Responses per Respondent: 650.

Estimated Total Annual Burden on Respondents: 53,776 hours.

All responses to this notice will be summarized and included in the request for OMB approval. All comments will also become a matter of public record.

Copies of this information collection assessment can be obtained from Gina Kouba, Paperwork Reduction Act Coordinator, Food Safety and Inspection Service, USDA, 1400 Independence SW., Room 6077, South Building, Washington, DC 20250, (202) 690–6510.

Comments are invited on: (a) Whether the proposed collection of information is necessary for the proper performance of FSIS's functions, including whether the information will have practical utility; (b) the accuracy of FSIS's estimate of the burden of the proposed collection of information, including the validity of the methodology and assumptions used; (c) ways to enhance the quality, utility, and clarity of the information to be collected; and (d) ways to minimize the burden of the collection of information, including through the use of appropriate automated, electronic, mechanical, or other technological collection techniques, or other forms of information technology. Comments may be sent to both FSIS, at the addresses provided above, and the Desk Officer for Agriculture, Office of Information and Regulatory Affairs, Office of Management and Budget, Washington, DC 20253.

DEPARTMENT OF COMMERCE**Submission for OMB Review;
Comment Request**

The Department of Commerce will submit to the Office of Management and Budget (OMB) for clearance the following proposal for collection of information under the provisions of the Paperwork Reduction Act (44 U.S.C. Chapter 35).

Agency: Economic Development Administration.

Title: Revolving Loan Fund Reporting and Compliance Requirements.

OMB Control Number: 0610-0095.

Form Number(s): ED-209 and ED-209-I.

Type of Request: Regular submission (extension of a currently approved information collection).

Number of Respondents: 1,460.

Average Hours per Response: ED-209, 3 hours; and ED-209-I, 1 hour.

Burden Hours: 3,796.

Needs and Uses: The collection of information is necessary pursuant to Public Law 42 U.S.C. 3149. Specifically, the purpose of the data collection is to

enable monitoring, evaluation, and use of public funds in accordance with fiduciary responsibilities of economic development loans made to public and non-profit organizations through EDA's Revolving Loan Fund (RLF) program. Under the RLF program, EDA's regional offices award competitive grants to units of state and local government, institutions of higher education, public or private non-profit organizations, EDA-approved economic development district organizations, and Indian Tribes to establish RLFs. Following grant award, an RLF grantee disburses money from the RLF to make loans at interest rates that are at or below the current market rate to small businesses or to businesses that cannot otherwise borrow capital. The grantee uses a portion of interest earned to pay administrative expenses and adds the remaining principal and interest repayments to the RLF's capital base to make new loans. By law, EDA must exercise fiduciary responsibility over its RLF portfolio in perpetuity—a significant challenge since many RLF grants date back to 1979.

EDA's regulations therefore require EDA RLF grantees to submit an ED-209, Semi-Annual Report to EDA, every six months. In addition, EDA RLF grantees must submit an ED-209I, RLF Income and Expense Statement, if either of the following conditions applies to their RLF: (a) Total administrative expenses for the 6-month period exceed \$100,000, or (b) administrative expenses for the 6-month period exceed 50 percent of RLF income for the 6-month period.

Affected Public: Not for-profit institutions; state or local governments.

Frequency: ED-209, semi-annually (6 Months); the ED-209-I, on occasion as explained above.

Respondent's Obligation: Mandatory.

This information collection request may be viewed at reginfo.gov. Follow

the instructions to view Department of Commerce collections currently under review by OMB.

Written comments and recommendations for the proposed information collection should be sent within 30 days of publication of this notice to OIRA_Submission@omb.eop.gov or fax to (202) 395-5806.

Dated: September 16, 2014.

Management Analyst, Office of the Chief Information Officer.
