Rural Housing Service

Title: 7 CFR 1951–E, Servicing of Community and Direct Business Programs Loans and Grants.

OMB Control Number: 0575–0066.

Summary of Collection: Rural Development (Agency) is the credit agency for agriculture and rural development for the U.S. Department of Agriculture. The Community Facilities program is authorized to make loans and grants for the development of essential community facilities primarily serving rural residents. The Direct Business and Industry Program is authorized to make loans to improve, develop, or finance business, industry, and employment, and improve the economic and environmental climate in rural communities. Section 331 and 335 of the Consolidated Farm and Rural Development Act, as amended, authorizes the Secretary of Agriculture, acting through the Agency, to establish provisions for security servicing policies for the loans and grants in questions. If there is a problem which exists, a recipient of the loan, grant, or loan guarantee must furnish financial information which is used to aid in resolving the problem through reamortization, sale, transfer, debt restructuring, liquidation, or other means provided in the regulations.

Need and Use of the Information: The Agency will use several different forms to collect information from applicants, borrowers, consultants, lenders and attorneys. This information is used to determine applicant/borrower eligibility and project feasibility for various servicing actions. The information enables field staff to ensure that borrowers operate on a sound basis and use loan and grant funds for authorized purposes.

Description of Respondents: State, Local or Tribal Government; Not-for-profit institutions.

Number of Respondents: 132.

Frequency of Responses: Reporting: On occasion.

Total Burden Hours: 1,143.

Rural Housing Service

Title: RD 3550–28, “Authorization Agreement for Preauthorization Payments”; RD 1951–65, “Customer Initiated Payments (CIP)” and RD 1951–66, “Fedwire Worksheet”.

OMB Control Number: 0575–0184.

Summary of Collection: Rural Development (RD) uses electronic methods for receiving and processing loan payments and collections. These electronic collection methods are approved by Treasury and include Preauthorized Debits (PAD), Customer Initiated Payments (CIP), and FedWire. These electronic collection methods provide the borrower the ability to submit their loan payments the day prior to, or the day of their installment due date. To administer these electronic payment methods, RD will use approved agency forms for collecting financial institution routing information. Form RD 3550–28, Authorization Agreement for Preauthorized Payments, is prepared by the borrower to authorized RD to electronically collect regular loan payments from a borrower’s account at a financial institution (FI) as preauthorized debits. Form RD 1951–65, is prepared by the borrower to enroll in CIP. CIP is an electronic collection method that enables borrowers to input payment data to a contract bank via telephone (touch tone and voice) or computer terminal. Form RD 1951–66, FedWire Worksheet, is completed by the borrower to establish an electronic FedWire format with their FI.

Need and Use of the Information: RD will request that borrowers make payments electronically via PAD, CIP, or FedWire. The information is collected only once unless the FI routing information changes. If the information were not collected, RD would be unable to collect loan payments electronically.

Description of Respondents: Not-for-profit institutions; Business or other for-profit; State, Local or Tribal Government.

Number of Respondents: 6,314.

Frequency of Responses: Reporting: On occasion.

Total Burden Hours: 3,259.

Rural Housing Service

Notice of Funding Availability: Multi-Family Housing Preservation and Revitalization Demonstration Program—Section 514, Section 515, and Section 516 for Fiscal Year 2014

AGENCY: Rural Housing Service, USDA.

ACTION: Notice.

SUMMARY: USDA Rural Development, which administers the programs of the Rural Housing Service (Agency), announces the availability of \$20 million in budget authority and the timeframe to submit applications to participate in a demonstration program to preserve and revitalize existing Rural Rental Housing (RRH) projects under Section 515, Section 514, and Section 516 of the Housing Act of 1949, as amended. Under the demonstration program, existing Section 515 Multi-Family Housing (MFH) loans and Sections 514/516 Off-Farm Labor Housing (FLH) loans will be restructured to ensure that sufficient resources are available to preserve the ability of rental projects to provide safe and affordable housing for very low-, low-, or moderate-income residents. Projects participating in this program will be expected to be revitalized to extend their affordable use without displacing tenants because of increased rents. No additional Agency Rental Assistance (RA) units will be made available under this program.

DATES: Pre-applications in response to this Notice will be accepted until November 24, 2014, 5:00 p.m., Eastern Time. The pre-application closing deadline is firm as to date and hour. The Agency will not consider any pre-application that is received after the closing deadline. Applicants intending to mail pre-applications must allow sufficient time to permit delivery on or before the closing deadline. Acceptance by a post office or private mailer does not constitute delivery. Facsimile (FAX) and postage-due pre-applications will not be accepted.

ADDRESSES: All hard copy pre-applications and additional materials must be mailed to the attention of Sherry Engel or Tiffany Tietz, Finance and Loan Analyst, Multi-Family Housing Preservation and Direct Loan Division, STOP 0782, (Room 1263–S), U.S. Department of Agriculture, Rural Development, 1400 Independence Avenue SW., Washington, DC 20250–0782.

Assistance for filing electronic and hard copy pre-applications can be

obtained from any Rural Development State Office. USDA Rural Development MFH State Office Contacts can be found at <http://www.rurdev.usda.gov/StateOfficeAddresses.html>.

The information collection requirements contained in this Notice have received approval from the Office of Management and Budget (OMB) under Control Number 0570-0190.

Overview Information

Federal Agency Name: Rural Housing Service, USDA.

Funding Opportunity Title: Multi-Family Housing Preservation and Revitalization Demonstration Program—Section 514, Section 515, and Section 516 for Fiscal Year 2014.

Announcement Type: Inviting applications from eligible applicants for Fiscal Year 2014, Funding.

Catalog of Federal Domestic Assistance Number (CFDA): 10.447.

Dates: Pre-applications in response to this Notice will be accepted until November 24, 2014, 5:00 p.m., Eastern Time. The pre-application closing deadline is firm as to date and hour. The Agency will not consider any pre-application that is received after the closing deadline. Applicants intending to mail pre-applications must allow sufficient time to permit delivery on or before the closing deadline. Acceptance by a post office or private mailer does not constitute delivery. Facsimile (FAX) and postage-due pre-applications will not be accepted.

I. Funding Opportunities Description

The Consolidated Appropriations Act, 2014, Public Law 113-76 (January 17, 2014) authorized the Agency to conduct a demonstration program for the preservation and revitalization of the Section 515 MFH portfolio and Sections 514/516 Off-FLH portfolio. Section 514, Section 515 and Section 516 MFH programs are authorized by the Housing

Act of 1949, as amended (42 U.S.C. 1484, 1485, 1486) and provide Rural Development with the authority to provide financial assistance for low-income MFH and FLH and related facilities as defined in 7 CFR Part 3560.

A synopsis of this program and the pre-application's universal resource locator (URL) will be listed by Catalog of Federal Domestic Assistance Number or at Federal GrantsWire at <http://www.federalgrantswire.com>.

This Notice solicits pre-applications from eligible borrowers/applicants to restructure existing MFH projects already participating in the Agency's Section 515 MFH portfolio and Sections 514/516 FLH portfolio for the purpose of revitalization and preservation. Eligible borrowers are sometimes referred to in this Notice as "applicants," "borrowers," "applicant/borrowers," or "owners" as seems most appropriate for the context of the relevant Notice provision. The demonstration program shall be referred to in this Notice as the Multi-Family Housing Preservation and Revitalization Demonstration (MPR) Program. Agency regulations for the Section 515 MFH program and the Sections 514/516 FLH program are published at 7 CFR Part 3560.

The intent of the MPR is to ensure that existing rental projects will continue to deliver decent, safe and sanitary affordable rental housing for 20 years, the remaining term of any Agency loan, or the remaining term of any existing Restrictive-Use Provisions (RUP) or prohibition, whichever ends later. Applications will be selected by the Agency by the process described in this Notice, and the selected applicants will be invited to participate in the MPR demonstration program. Upon written notification to the Agency from the selected applicant of their acceptance to participate, an independent third-party Capital Needs Assessment (CNA) will be conducted to provide a fair and objective review of projected capital needs. The Agency shall implement any restructuring proposal that may be offered under this Notice through an MPR Conditional Commitment (MPRCC) with the eligible borrower/applicant, which will include all the terms and conditions offered by the Agency.

One of the restructuring tools to be used in this program is debt deferral for up to 20 years of the existing Section 514 or Section 515 loans obligated prior to October 1, 1991. The cash flow from the deferred payment will be deposited, as directed by the Agency, to the reserve account to help meet the future physical needs of the project or to reduce rents.

Debt deferral is described as follows:

MPR Debt Deferral: A deferral of the existing Section 514 or Section 515 Agency loan(s), obligated on or before October 1, 1991, for the lesser of either the remaining term of the existing Section 514 or Section 515 loan, or 20 years. All terms and conditions of the deferral will be described in the MPR Debt Deferral Agreement. A balloon payment of principal and accrued interest will be due at the end of the deferral period. Interest will accrue at the promissory note rate and, if applicable, the subsidy will be applied as set out in the Agency's Interest Credit and Rental Assistance Agreement.

Other Agency MPR tools are as follows:

1. *MPR Grant:* A grant limited to non-profit applicants/borrowers only. The grant will be limited to the cost of correcting health and safety violations of a project identified by a CNA accepted by the Agency. The grant administration will be in accordance with applicable provisions of 7 CFR parts 3015 and 3019.

2. *MPR Zero Percent Loan:* A loan at zero percent interest. The loan's maximum term and maximum amortization will be as authorized by the respective program authority.

(a) For Section 515 RRH projects, the maximum term will be 30 years, and will be amortized over a maximum term of 50 years.

(b) For Sections 514/516 projects, the loan will be amortized over a maximum term of 33 years.

3. *MPR Soft-Second Loan:* A loan with a one percent interest rate that will have its accrued interest and principal deferred to a balloon payment. The balloon payment will be due at the same time the latest maturing Section 514 or Section 515 loan already in place at the time of closing, or the maturity date of any current loan being re-amortized as part of the restructuring, is due.

MPR funds cannot be used to build community rooms, add additional parking areas, playgrounds, laundry rooms or additional new units, unless the additional unit(s) are needed for the project to meet the 5 percent fully accessible requirement as defined by the Uniform Federal Accessibility Standards (UFAS), and the Agency concurs. However, other funding sources as outlined below in (i) through (vi) can be used either for such revitalization and/or improvements:

- i. Rural Development Section 515 Rehabilitation loan funds;
- ii. Rural Development Sections 514/516 Off-Farm rehabilitation loan/grant funds;

iii. Rural Development Section 538 Guaranteed RRH program financing;

iv. Rural Development Multi-Family Housing Preservation Revolving Loan Program funds;

v. Third-party loans, grants, tax credits and tax-exempt financing; and

vi. Owner-provided capital contributions in the form of a cash infusion. A cash infusion cannot be a loan.

Transfers, subordinations, and consolidations may be approved as part of a MPR transaction in accordance with 7 CFR Part 3560. *If a transfer is part of the MPR transaction, and the transfer includes a seller payment and/or increase in the allowable Return to Owner, the transfer must first be underwritten to meet the requirements of 7 CFR 3560.406. The transfer underwriting may assume the deferral of all eligible Section 515 loans. After the transfer has been underwritten and concurred with by the Multi-Family Housing Preservation and Revitalization Demonstration (MPR) program, the MPR transaction may be underwritten.*

For the purposes of the MPR, the restructuring transactions will be identified in three categories:

1. Simple transactions, which involve no change in ownership.
2. Complex transactions, which may consist of a project transfer to a new ownership, processed in accordance with 7 CFR 3560.406, with or without a consolidation, or transactions requiring a subordination agreement as a result of third-party funds. The applicant will submit one pre-application form. If a consolidation is proposed, all projects to be consolidated must be submitted on one pre-application form and be located in the same market area.

To be considered in the same market area, projects must be: in a neighborhood or similar area where the property competes for tenants; managed under one management plan and one management agreement; and, in sufficiently close proximity to permit convenient and efficient management of the property.

Applicants should discuss proposed consolidations with the Rural Development State Office in the State where the projects are located prior to filing their MPR pre-application to ensure Rural Development concurs with the application's market area estimation.

If either the Agency or the owner chooses to remove one or more projects from the proposal, this may be done without affecting the eligibility of the complex transaction. To be a complex

transaction, the Agency assumes only one project remains at the MPR closing.

3. Portfolio transactions includes two or more projects with one stay-in owner, or two or more projects with multiple project sale transactions to a common purchaser all located in one State: a stay-in-owner is defined as an existing Section 515 or Sections 514/516 borrower who owns two or more properties either as a single ownership entity or as separate legal entities with at least one common general partner. Each project included in the transaction will be submitted on a separate pre-application form unless some projects are located in the same market area, as defined above, and are being consolidated. Any projects in the portfolio proposed to be consolidated will be listed on the same pre-application form. Each pre-application must have the same portfolio name. If the owner chooses to remove one or more projects from the proposal, at least two projects must remain in order to be classified as a portfolio transaction. At the end of the transaction, the Agency assumes there will be two or more projects. The stay-in owner or common purchaser must have at least one general partner in common.

A transaction within each category may utilize any or all restructuring tools. Restructuring tools available through the MPR program will be used to address preservation and rehabilitation items identified in the Agency-accepted CNA.

Liens against the project, with the exception of Agency-deferred debt, cannot exceed the Agency-approved security value of the project. All Agency debt, either in first lien position or a subordinated lien position, must be secured by the project, except deferred debt, which is not included in the Agency's total lien position for computation of the Agency's security value. Payment of any deferred debt will not be required from normal project operations income, but from excess cash from project operations after all other secured debts are satisfied or as directed by the Agency.

The general steps of the MPR application process are as follows:

1. *Pre-application:* Applicants must submit a pre-application as described in Section VI below. This pre-application process is designed to lessen the cost burden on all applicants, including those who may not be eligible or whose proposals may not be feasible.

Note: *If you receive a loan or grant award under this Notice, USDA reserves the right to post all information submitted as part of the pre-application/application package, which is not protected under the Privacy Act, on a*

public Web site with free and open access to any member of the public.

2. *Eligible Projects:* Using criteria described below in Section III, the Agency will conduct an initial screening for eligibility. As described in Section VIII below, the Agency will conduct an additional eligibility screening later in the selection process.

3. *Scoring and Ranking:* All complete, eligible and timely-filed pre-applications will be scored, ranked and put in potential funding categories as discussed in Sections VI and VII below.

4. *Formal Applications:* Top ranked pre-applicants will receive a letter from the Agency inviting them to submit a formal application. As discussed in Section VIII paragraph (2) of this Notice, the Agency will require the owner to provide a CNA completed in accordance with the Agency's published guidance (available at http://www.rurdev.usda.gov/HMF_MPR.html) to underwrite the proposal to determine financial feasibility. Applicants will be informed of any proposals that are determined to be ineligible or financially infeasible. Any proposal denied by the Agency will be returned to the applicant, and the applicant will be given appeal rights pursuant to 7 CFR part 11.

5. *Financial Feasibility:* The Agency will use the results of the CNA to help identify the need for resources and applicant provided information regarding anticipated or available third-party financing, in order to determine the financial feasibility of each potential transaction, using restructuring tools available either through existing regulatory authorities or specifically authorized through this demonstration program. A project is financially feasible when it can provide affordable, decent, safe, and sanitary housing for 20 years or the remaining term of any Agency loan, whichever ends later, by using the authorities of this program while minimizing the cost to the Agency, and without increasing rents for eligible tenants or farm laborers, except when necessary to meet normal and necessary operating expenses. If the transaction is determined financially feasible by the Agency, the borrower will be offered a restructuring proposal, subject to available funding. This will include a requirement that the borrower execute, for recordation, an Agency-approved restrictive-use covenant for a period of 20 years, the remaining term of any loans, or the remaining term of any existing restrictive-use provisions, whichever ends later. The restructuring proposal will be established in the MPRCC.

6. *MPR Agreements:* If the offer is accepted by the applicant, the applicant must sign and return the MPRCC. By accepting the offer, the applicant agrees to the terms of the MPRCC. Any third-party lender will be required to subordinate to the Agency's restrictive-use covenant unless the Agency determines, on a case-by-case basis, that the lender's refusal to subordinate will not compromise the purpose of the MPR.

7. *General Requirements:* The MPR transactions may be conducted with a stay-in owner (simple) or may involve a change in ownership (complex or portfolio). Any housing or related facilities that are constructed or repaired must meet the Agency design and construction standards and the development standards contained in 7 CFR part 1924, subparts A and C, respectively. Once constructed, Section 515 MFH and Sections 514/516 FLH projects must be managed in accordance with 7 CFR part 3560. Tenant eligibility will be limited to persons who qualify as an eligible household under Agency regulations. Tenant eligibility requirements are contained in 7 CFR 3560.152.

II. Award Information

The Consolidated Appropriations Act, 2014, Public Law 113–76 (January 17, 2014), appropriated \$20 million in budget authority to operate the MPR demonstration program. The budget authority is anticipated to make approximately \$37.8 million available in program funds depending on the funding tools used. This funding remains available until expended.

All Agency funding of applications selected under this Notice must be approved no later than September 30, 2016. Any pre-applications selected under this Notice, not approved by the Agency prior to September 30, 2016, will be considered withdrawn automatically, however, the applicants may reapply for funding under future Notices.

Applicants are alerted that the Agency has unfunded applications carried over from prior Notices that will receive priority based on those Notices. If funds available for the MPR are fully committed before all eligible pre-applications selected for further processing under this Notice, or prior Notices, are funded, the Agency shall suspend further processing of the pre-applications at that time.

III. Eligibility Information

Applicants (and the principals associated with each applicant) must meet the following requirements:

1. All applicants must meet the eligibility requirements included in 7 CFR 3560.55 and 3560.555. This Notice will require the selected applicants to make the required equity contribution as outlined in 3560.63(c). Loan applicants will not be given consideration for any increased equity value the property may have since the initial loan. Eligibility also includes the continued ability of the borrower/applicant to provide acceptable management and will include an evaluation of any current outstanding deficiencies. Any outstanding violations, recorded in the Agency's Automated MFH Information System (MFIS), will preclude further processing of any MPR applications associated with the borrower or Identity of Interest (IOI) management agent unless there is a current, approved workout plan in place and the plan has been satisfactorily followed for a minimum of 6 consecutive months, as determined by the Agency.

2. For Section 515 RRH projects, the average physical vacancy rate for the 12 months preceding the NOFA publication date can be no more than 10 percent for projects consisting of 16 or more revenue units and no more than 15 percent for projects less than 16 revenue units unless an exception applies under Section VI paragraph (1)(iii) of this Notice. If a project consolidation is involved, the consolidation will remain eligible so long as the average vacancy rate for each individual project meets the occupancy standard noted in this paragraph. Projects that do not meet the occupancy threshold at the time of filing the application may be withdrawn by the owner or the Agency without jeopardizing the application.

3. For Sections 514/516 FLH projects, rather than an average physical vacancy rate as noted in III(2) above, a positive cash flow for the previous full 3 years of operation is required unless an exception applies under Section VI paragraph (1)(iii) of this Notice.

4. Ownership of and ability to operate the project after the transaction is completed. In the event of a transfer, the proposed transferee must submit an executed purchase agreement or other evidence of site control in the name of the individual or entity proposing to purchase the property.

5. An Agency-approved CNA (for guidance refer to http://www.rurdev.usda.gov/HMF_MPR.html) and an Agency financial evaluation must be conducted to ensure that utilization of the restructuring tools of the MPR program is financially feasible and necessary for the revitalization and preservation of the project for affordable

housing. Initial eligibility for processing will be determined as of the date of the pre-application filing deadline. The Agency reserves the right to discontinue processing any application due to material changes in the applicant's status occurring at any time after the initial eligibility determination.

6. Please note that all grant-eligible applicants must obtain a Dun and Bradstreet Data Universal Numbering System (DUNS) number and register in the Central Contractor Registration (CCR) prior to submitting a pre-application pursuant to 2 CFR 25.200(b). In addition, an entity applicant must maintain registration in the CCR database at all times during which it has an active Federal award or an application or plan under consideration by the Agency. Similarly, all recipients of Federal Financial Assistance are required to report information about first-tier sub-awards and executive compensation, in accordance with 2 CFR part 170. So long as an entity applicant does not have an exception under 2 CFR 170.110(b), the applicant must have the necessary processes and systems in place to comply with the reporting requirements should the applicant receive funding. See 2 CFR 170.200(b).

IV. Equal Opportunity and Nondiscrimination Requirements

USDA is an equal opportunity provider, employer, and lender.

1. Borrowers and applicants will comply with the provisions of 7 CFR 3560.2.

2. All housing must meet the accessibility requirements found at 7 CFR 3560.60(d).

3. All MPR participants must submit or have on file a valid Form RD 400–1, “*Equal Opportunity Agreement*” and Form RD 400–4, “*Assurance Agreement*.”

The U.S. Department of Agriculture (USDA) prohibits discrimination against its customers, employees, and applicants for employment on the bases of race, color, national origin, age, disability, sex, gender identity, religion, reprisal, and where applicable, political beliefs, marital status, familial or parental status, sexual orientation, or all or part of an individual's income is derived from any public assistance program, or protected genetic information in employment or in any program or activity conducted or funded by the Department. (Not all prohibited bases will apply to all programs and/or employment activities).

If you wish to file a Civil Rights program complaint of discrimination, complete the USDA Program

Discrimination Complaint Form (PDF), found online at http://www.ascr.usda.gov/complaint_filing_cust.html, or at any USDA office, or call (866) 632-9992 to request the form. You may also write a letter containing all of the information requested in the form. Send your completed complaint form or letter to us by mail at U.S. Department of Agriculture, Director, Office of Adjudication, 1400 Independence Avenue SW., Washington, DC 20250-9410, by fax (202) 690-7442 or email at program.intake@usda.gov.

Individuals who are deaf, hard of hearing or have speech disabilities and who wish to file either an EEO or program complaint may contact USDA through the Federal Relay Service at (800) 877-8339 or (800) 845-6136 (in Spanish). Persons with disabilities who wish to file a program complaint, please see information above on how to contact us by mail directly or by email. If you require alternative means of communication for program information (e.g., Braille, large print, audiotape, etc.) please contact USDA's TARGET Center at (202) 720-2600 (voice and TDD).

V. Authorities Available for MPR

MPR tools will be used in accordance with 7 CFR part 3560. The program will be administered within the resources available to the Agency through Public Law 113-76 and any future appropriations for the preservation and revitalization of Sections 514/516 and Section 515-financed projects. In the event that any provisions of 7 CFR part 3560 conflict with this demonstration program, the provisions of the MPR will take precedence.

VI. Application and Submission Information

1. The application submission and scoring process will be completed in two phases in order to avoid unnecessary effort and expense on the part of applicants.

Phase I—The first phase is the pre-application process. The applicant must submit a complete pre-application by the deadline listed under the "DATES" section of this Notice. The applicant's submission will be classified as "complete" when the MPR pre-application form is received in the correct format and place as described in this Notice for each MPR proposal the applicant wishes to be considered in the demonstration program. In the event the MPR proposal involves a project consolidation, it will be completed in accordance with 7 CFR 3560.410. One pre-application for the proposed consolidated project is required and must identify each project included in

the consolidation. If the MPR proposal involves a portfolio transaction (sale or stay-in owner), one pre-application for each project in the portfolio is required and each pre-application must identify each project included in the portfolio transaction. In order for the pre-application to be considered complete, all applicable information requested on the MPR pre-application form must be provided. Additional information that must be provided with the pre-application to be considered complete, when applicable, includes:

- i. For all transfers of ownership, a copy of a signed purchase agreement in the name of the purchasing entity must be provided.
- ii. A copy of a signed statement by all partners, agreeing to participate in the program.
- iii. Current market data (defined as no more than 6 months old at time of filing) for any project not meeting the occupancy standards cited in Section III (2) and (3) above. The market data must demonstrate there is *market demand* for the project evidenced by waiting lists and a housing shortage confirmed by local housing agencies and realtors, as determined by the Agency. The market data must show a clear need and demand for the project once a restructuring transaction is completed. The results of the survey of existing or proposed rental or labor housing, including complex name, location, number of units, bedroom mix, family or elderly type, year built, and rent charges must be provided, as well as the existing vacancy rate of all available rental units in the community, their waiting lists and amenities, and the availability of RA or other subsidies. The Agency will determine whether or not the proposal has market feasibility based on the data provided by the applicant. Any costs associated with the completion of the market data is NOT an eligible program project expense.

Unless an exception under this section applies, the requirements stated in Section III, paragraph (2) and (3) of this Notice must be met.

Note: *All documents must be received on or before the pre-application closing deadline to be considered complete and timely filed. Pre-applications that do not include a Purchase Agreement for transfer proposals or current market data for projects that do not meet the occupancy standards of Section III paragraphs (2) and (3) of this Notice, will be considered incomplete and will be returned to the applicant with appeal rights.*

Phase II—The second phase of the application process will be completed by the Agency based on Agency records and the pre-application information submitted. All complete, eligible, and

timely-filed pre-applications will be scored and ranked based on points received during this two-phase application process. Further, the Agency will categorize each MPR proposal as being a Simple, Complex, or Portfolio transactions based on the information submitted on the pre-application, in accordance with the category descriptions provided in Section I of this Notice.

2. Pre-applications can be submitted either electronically or in hard copy. The Agency will record pre-applications received electronically by the actual date and time received in the MPR Web site mail box. This date may impact ranking of the application as discussed under section VII. For all hard copy pre-applications received, the recorded receipt time will be the close of business time for the day received, for the location to which the pre-applications are sent. Assistance for filing electronic and hard copy pre-applications can be obtained from any Rural Development State Office. A listing of State Offices, their addresses, telephone numbers and person to contact is included under the **ADDRESSES** of this Notice.

The pre-application is an Adobe Acrobat format and may be completed as a fillable form. The form contains a button labeled "Submit by Email." Clicking on the button will result in an email containing a completed pre-application being sent to the MPR Web site mail box for consideration. If a purchase agreement or market survey is required, these additional documents are to be attached to the resulting email prior to submission.

Pre-application forms may be downloaded from the Agency's Web site at http://www.rurdev.usda.gov/HMF_MPR.html or obtained by contacting the State Office in the State the project is located.

VII. Selection for Processing

A. Pre-application ranking points will be based on information provided during the submission process and in Agency records. Only timely, complete pre-applications will be ranked. Points will be awarded as follows:

1. Contribution of other sources of funds. Other funds are those discussed in items (i) through (vi) of Section I of this Notice. Points will be awarded based on documented written evidence that the funds are *committed*, as determined by the Agency. The maximum points awarded for this criterion is 25 points. These points will be awarded in the following manner:

- i. Evidence of a commitment of at least \$3,000 to \$5,000 per unit per

project from other sources—15 points, or

ii. Evidence of a commitment greater than \$5,000 per unit per project from other sources—25 points.

2. Owner contribution. Points will be awarded if the owner agrees to make a contribution of at least \$10,000 per project to pay transaction costs. (These funds cannot be from the project's reserve, operating funds, tax credit equity or be in the form of donated services provided by the applicant.) Transaction costs are defined as those Agency-approved costs required to complete the transaction under this Notice and include, but are not limited to the CNA, legal and closing costs, appraisal costs and filing/recording fees. This contribution must be deposited into the respective project reserve account prior to closing the MPR transaction from the owner's non-project resources. 20 points.

3. Owner contribution for the hard costs of construction. (These funds cannot be from the project's reserve account or project's general operating account or in the form of a loan.) Hard costs of construction are defined as those costs for materials, equipment, property or machinery required to complete the proposal under this Notice. Hard costs must be itemized on Form RD 1924-13, "Estimate and Certificate of Actual Cost". Form RD 1924-13 can be found at: <http://forms.sc.egov.usda.gov/efcommon/eFileServices/eForms/RD1924-13.PDF>.

The minimum contribution required to receive these points is \$1,000 per unit per project, which will be required to be deposited in the project reserve account or supervised/construction account, as directed by Rural Development, prior to closing. An increased Return to Owner (RTO) may be budgeted and allowed for funds committed in accordance with 7 CFR 3560.406(d)(14)(ii). 10 points.

4. Special Initiatives and Memorandum of Understanding—Points may be awarded to applications received from any State where there is a recognized, State-funded program to be used for preservation and rehabilitation of existing Section 514 or Section 515 housing. To be eligible for these points, the State funds must be provided in the form of a grant and must be for a minimum of 30 percent of the total development cost. State funds do not need to be committed at the time of the application, however, if selected to proceed, the applicant must provide a written commitment of the funds from the State Agency within 45 days of selection. Failure to provide this information may result in the Agency

withdrawing the pre-application. 15 points.

5. Age of project. For a project consolidation (including portfolio transactions) proposal, the project with the earliest operational date (operational date is the date the project initially placed in service and documented in the Agency's Multi-Family Housing Information System (MFIS)) will be used in determining the age of the project. Since the age of the project and the date the project placed in service are directly related to physical needs, a maximum of 30 points will be awarded based on the following criteria:

i. Projects with initial operational dates prior to December 21, 1979—30 points.

ii. Projects with initial operational dates on or after December 21, 1979, but before December 15, 1989—20 points.

iii. Projects with initial operational dates on or after December 15, 1989, but before October 1, 1991—10 points.

iv. Projects with initial operational dates on or after October 1, 1991—0 points.

6. Projects with open physical findings. The Agency may award up to 25 points to pre-applications involving projects that have been adversely impacted by an act of nature or where physical and/or financial deterioration or management deficiencies exist. Projects with Open Physical Findings classified "B", "C" or "D", as defined below, will be awarded in the following manner:

i. CLASS "D" PROJECTS

Class "D" projects are those projects that are in default and may be taken into inventory, be lost to the program, or cause the displacement of tenants. Defaults can be monetary or non-monetary. Projects in non-monetary default are those where the Agency has notified the borrower of a violation using the Agency's servicing letter process, and the borrower has not addressed the violation to the Agency's satisfaction.

ii. CLASS "C" PROJECTS

Class "C" projects are projects with open physical findings or violations, which are not associated to a workout plan and/or transition plan. This can include projects with violations where a servicing letter has been issued but 60 days have not passed since the issuance of the first servicing letter.

iii. CLASS "B" PROJECTS

Class "B" projects indicate the Agency has taken servicing steps and the borrower is cooperating to resolve identified findings or violations by

associating a workout plan and/or transition plan.

(a) For transfer proposals:

1. For projects classified as a "C" or "D" for 24 months or more—20 points.

2. For projects classified as a "C" or "D" for less than 24 months—15 points.

(b) Stay-in owner proposals:

1. For projects classified as a "B" as a result of a workout plan and/or transition plan approved by the Agency prior to January 1, 2014—25 points.

2. Projects with an Agency "C" classification for 12 months or longer with open physical findings at the time the MPR pre-application is filed, will not be eligible to participate in the MPR.

7. Proposed or Closed Sale of Section 515 projects to Non-Profit/Public Housing Authority. The Agency will award 20 points for projects that have been sold to non-profit organizations under the prepayment process as explained in 7 CFR part 3560, Subpart N. To receive points, the borrower/applicant must provide a copy of the purchase agreement and filed deed (if sale is already closed to an eligible non-profit or public body)—20 points.

8. Prior approved CNAs. In the interest of ensuring timely application processing and underwriting, the Agency will award up to 20 points for projects with CNAs already approved by the Agency. "Approved" means the date the CNA or an updated CNA was previously reviewed and approved by the Agency. CNAs or updates before October 1, 2012, may not be used for MPR underwriting without an update approved by the Agency. Points will be awarded for:

i. CNAs approved on or after October 1, 2013, but prior to the publication of this Notice—20 points.

ii. CNAs approved on or after October 1, 2012, but prior to October 1, 2013—10 points.

9. Tenant service provision. The Agency will award 5 points for applications that include new services provided by either a for-profit or a non-profit organization, which may include a faith-based organization, or by another Government agency. Such services shall be provided at no cost to the project and shall be made available to all tenants. Examples of such services may include transportation for the elderly, after-school day care services or after-school tutoring.

10. For portfolio sales and project consolidations, the Agency will award the following points: Proposal does not involve a consolidation of properties (0 points); proposal involves a consolidation of 2-4 properties (5 points); proposal involves a

consolidation of 5 or more properties (10 points).

11. Energy Conservation, Energy Generation, and Green Property Management. Under the MPR Energy Initiatives, projects may receive a maximum of 42 points under three categories: Energy Conservation, Energy Generation, and Green Property Management.

i. Energy Conservation—30 points

Pre-applications for rehabilitation and preservation of projects may be eligible to receive a maximum of 30 points for the following energy conservation measures.

(a) Participation in the Green Communities program by the Enterprise Community Partners, <http://www.enterprisecommunity.com/solutions-and-innovation/enterprise-green-communities>, or an equivalent Agency-approved program will be awarded 30 points for any project that qualifies for the program. At least 30 percent of the points needed to qualify for the Green Communities program must be earned under the Energy Efficiency section of the Green Communities qualification program. Green Communities has an initial checklist indicating prerequisites for participation. Each applicant must provide a checklist establishing that the prerequisites for each program's participation will be met. All checklists must be accompanied by a signed affidavit by the project architect or engineer stating that the goals are achievable.

(b) If you are not enrolling in the Green Communities program, then points can be accumulated for each of the following items up to a total of 20 points. Provide documentation to substantiate your answers below:

1. This proposal includes the replacement of heating, ventilation, and air conditioning (HVAC) equipment with Energy Star qualified heating, ventilation, and air conditioning equipment. 3 points.

2. This proposal includes the replacement of windows and doors with Energy Star qualified windows and doors. 3 points.

3. This proposal includes additional attic and wall insulation that exceeds the required R-Value of these building elements for your areas as per the International Energy Conservation Code 2012. Two points will be awarded if all exterior walls exceed insulation code, and 1 point will be awarded if attic insulation exceeds code for a maximum of 3 points.

4. This proposal includes the reduction in building shell air leakage

by at least 15 percent as determined by pre- and post-rehab blower door testing on a sample of units. Building shell air leakage may be reduced through materials such as caulk, spray foam, gaskets and house-wrap. Sealing of duct work with mastic, foil-backed tape, or aerosolized duct sealants can also help reduce air leakage. 3 points.

5. This proposal includes 100 percent of installed appliances and exhaust fans that are Energy Star qualified. 2 points.

6. This proposal includes 100 percent of installed water heaters that are Energy Star qualified. 2 points.

7. This proposal includes replacement of 100 percent of toilets with flush capacity of more than 1.6 gallon flush capacity with new toilets having 1.6 gallon flush capacity or less, and with Environment Protection Agency (EPA) Water Sense label. 1 point.

8. This proposal includes 100 percent of new showerheads with EPA Water Sense label. 1 point.

9. This proposal includes 100 percent of new faucets with EPA Water Sense label. 1 point.

10. This proposal includes 100 percent energy-efficient lighting including Energy Star qualified fixtures, compact fluorescent replacement bulbs in standard incandescent fixtures and Energy Star ceiling fans. 1 point.

and
(c) Participation in local green/energy efficient building standards. Applicants who participate in a city, county, or municipality program will receive an additional 2 points. The applicant should be aware and look for additional requirements that are sometimes embedded in the third-party program's rating and verification systems. 2 points.

ii. Energy Generation (Maximum 5 Points)

Pre-applications which participate in the Green Communities program by the Enterprise Community Partners or an equivalent Agency-approved program or receive at least 20 points for Energy Conservation measures are eligible to earn additional points for installation of on-site renewable energy sources. Renewable, on-site energy generation will complement a weather-tight, well-insulated building envelope with highly efficient mechanical systems. Possible renewable energy generation technologies include, but are not limited to: wind turbines and micro-turbines, micro-hydro power, photovoltaic (capable of producing a voltage when exposed to radiant energy, especially light), solar hot water systems and biomass/biofuel systems that do not use fossil fuels in production. Geo-exchange systems are highly encouraged as they

lessen the total demand for energy and, if supplemented with other renewable energy sources, can achieve zero energy consumption more easily.

Points under this paragraph will be awarded as follows. Projects with preliminary or rehabilitation building plans and energy analysis that propose a 10 percent to 100 percent energy generation commitment (where generation is considered to be the total amount of energy needed to be generated on-site to make the building a net-zero consumer of energy) may be awarded points corresponding to their percent of commitment as follows:

- (a) 0 to 9 percent commitment to energy generation receives 0 points;
- (b) 10 to 20 percent commitment to energy generation receives 1 point;
- (c) 21 to 40 percent commitment to energy generation receives 2 points;
- (d) 41 to 60 percent commitment to energy generation receives 3 points;
- (e) 61 to 80 percent commitment to energy generation receives 4 points; or
- (f) 81 to 100 percent or more commitment to energy generation receives 5 points.

In order to receive more than 1 point for this energy generation paragraph, an accurate energy analysis prepared by an engineer will need to be submitted with the pre-application. Energy analysis of preliminary building plans using industry-recognized simulation software must document the projected total energy consumption of the building, the portion of building consumption which will be satisfied through on-site generation, and the building's Home Energy Rating System (HERS) score.

iii. Green Property Management Credentials—5 Points

Pre-applications may be awarded an additional 5 points if the designated property management company or individuals that will assume maintenance and operations responsibilities upon completion of construction work have a Credential for Green Property Management. Credentialing can be obtained from the National Apartment Association (NAA), National Affordable Housing Management Association, The Institute for Real Estate Management, U.S. Green Building Council's Leadership in Energy and Environmental Design for Operations and Maintenance (LEED OM), or another Agency-approved source with a certifiable credentialing program. Credentialing must be illustrated in the resume(s) of the property management team and included with the pre-application.

The Agency will total the points awarded to each pre-application

received within the timeframes of this Notice and rank each pre-application according to total score. If point totals are equal, the earliest time and date the pre-application was received by the Agency will determine the ranking. In the event pre-applications are still tied, they will be further ranked by giving priority to those projects with the earliest Rural Development operational date as defined under section VII (5).

B. Confirmation of Eligibility

Eligibility will be confirmed after ranking is completed on the 10 highest-scoring pre-applications in each State. If one or more of the 10 highest-scoring pre-applications is determined ineligible (i.e., the applicant is a borrower that is not in good standing with the Agency or has been debarred or suspended by the Agency, etc.), then the next highest-scoring pre-application will be confirmed for eligibility.

If one or more of the 10 highest-ranking pre-applications is a portfolio transaction, eligibility determinations will be conducted on each pre-application associated with the portfolio. Should any of the pre-applications associated with the portfolio sale be determined ineligible, those ineligible pre-application(s) will be rejected, but the overall eligibility of the portfolio sale will not be affected as long as the requirements in Section I and other provisions of this Notice are met.

If one or more of the 10 highest-ranking pre-applications in a State is a project consolidation, and one of the projects involved in the consolidation does not meet the occupancy standards cited in Section III (2), that project(s) will be determined ineligible and eliminated from the proposed consolidation transaction.

C. Selection of Pre-Applications for Further Processing

Once ranking and eligibility confirmations are complete, the Agency will conduct a four-step process, described below, to select eligible pre-applications for submission of formal applications. This process will allow the Agency to develop a representative sampling of revitalization transaction types, assure geographic distribution, and assure an adequate pipeline of transactions to use all available funding. No State may have more than four pre-applications selected for submission of formal applications (3–MFH pre-applications and 1–FLH). If an insufficient number of pre-applications are received to use available funds, the Agency, at its sole discretion, may exceed the maximum pre-application

cap per State. All MPR tools are available to be used on both Sections 514/516 and Section 515 projects.

Step One: The Agency will review the eligible pre-applications, categorize each pre-application as either Simple, Complex, or Portfolio (see section I), and sort them by State.

Step Two: The Agency will select, for further processing, the top-ranked portfolio transactions until a total of \$50,000,000 in potential debt deferral is reached. Portfolio transactions will be limited to one per State (either RRH or FLH) and will count as one MPR transaction. A portfolio transaction, as defined in section I, will be limited to a maximum of 15 projects.

Step Three: The highest ranked complex transactions (RRH or FLH) will be selected for further processing, not to exceed one per State.

Step Four: Additional projects will be selected from the highest ranked eligible pre-applications involving simple transactions in each State until a total of three RRH pre-applications for MPR transactions are reached. If a FLH complex transaction has not been selected in Step Three above, one additional FLH project will be selected from the highest ranked eligible pre-applications involving FLH simple transactions, until a total of four MPR pre-applications per State is reached. States that do not have a FLH pre-application will be limited to three MPR pre-applications.

If there are insufficient funds for all projects under any step, the Agency may suspend further selections.

Any selected eligible applications from this Notice or prior Notices will be carried over to the next fiscal year for consideration. Any such unfunded pre-applications not approved by the Agency prior to September 30, 2016, will automatically be considered withdrawn by the Agency. Applicants, however, may reapply for funding under future Notices.

VIII. Processing of Selected Pre-Applications

Those eligible pre-applications that are ranked and then selected for further processing will be invited to submit a formal application on SF 424, “Application for Federal Assistance.” Those eligible pre-applications that are not selected for further processing will be retained by the Agency unless they are withdrawn according to this Notice. Applicants rejected will be notified their pre-applications were not selected and advised of their appeal rights under 7 CFR part 11. In the event a pre-application is selected for further processing and the applicant declines,

the next highest ranked pre-application of the same transaction type in that State will be selected provided there is no change in the preliminary eligibility of the pre-applicant. If there are no other pre-applications of the same transaction type, then the next highest-ranked pre-application, regardless of transaction type, will be selected.

Applications (SF 424s) can be obtained and completed online. An electronic version of this form may be found on the internet at <http://www.grants.gov/web/grants/forms.html>. A hard copy may be obtained by contacting the State Office in the State where the project is located and can be submitted either electronically or in hard copy (refer to Section X for a listing of State Offices).

Awards made under this Notice are subject to the provisions contained in the Agriculture, Rural Development, Food and Drug Administration, and Related Agencies Appropriations Act, 2012, Public Law 112–55, Division A sections 738 and 739 regarding corporate felony convictions and corporate Federal tax delinquencies. In accordance with those provisions, only selected applicants that are or propose to be corporations will submit this form as part of their MPR application. To comply with these provisions, all corporate applicants must submit an executed for AD–3030 which can be found online at: http://www.ocio.usda.gov/forms/ocio_forms.html.

If a pre-application is accepted for further processing, the applicant must submit additional information needed to demonstrate eligibility and feasibility (such as a CNA), consistent with this Notice and 7 CFR part 3560, prior to the issuance of any restructuring offer. The Agency will provide additional guidance to the applicant and request information and documents necessary to complete the underwriting and review process. Since the character of each application may vary substantially depending on the type of transaction proposed, information requirements will be provided as appropriate. Complete project information must be submitted as soon as possible, but in no case later than 45 calendar days from the date of Agency notification of the applicant’s selection for further processing or September 1, 2015, whichever occurs first. Failure to submit the required information in a timely manner may result in the Agency discontinuing the processing of the request.

The Agency will work with the applicants selected for further

processing in accordance with the following:

1. Based on the feasibility of the type of transaction that will best suit the project and the availability of funds, further eligibility confirmation determinations will be conducted by the Agency.

2. If an Agency-approved CNA has not already been submitted to the Agency, an Agency-approved CNA will be required (see 7 CFR 3560.103(c) and the Agency's published "Guidance on the Capital Needs Assessment Process" available at http://www.rurdev.usda.gov/HMF_MPR.html and the CNA Statement of Work together with any non-conflicting amendments). Agency-approved CNAs

must be prepared by a qualified independent contractor, and are obtained to determine needed repairs and any necessary adjustments to the reserve account for long-term project viability.

3. Underwriting will be conducted by the Agency. The feasibility and structure of each revitalization proposal will be based on the Agency's underwriting and determination of the restructuring tools that will minimize the cost to the Government consistent with the purposes of this Notice.

IX. MPR Offers

Approved MPR offers will be presented to successful applicants who will then have up to 15 calendar days

to accept or reject the offer in writing. If no offer is made, the application will be rejected and appeal rights will be given. Closing of MPR offers will occur within 90 days of acceptance by the applicant unless extended in writing by the Agency.

X. Appeal Process

All adverse determinations are appealable pursuant to 7 CFR part 11. Instructions on the appeal process will be provided at the time an applicant is notified of the adverse action.

Dated: September 15, 2014.

Fiscal Year 2014 Pre-Application for Multi-Family Housing Revitalization Demonstration Program (MPR) Instructions

Applicants are encouraged, but not required, to submit this pre-application form electronically by accessing the website: http://www.rurdev.usda.gov/HMF_MPR.html and clicking on the link for the "Fiscal Year 2014 Pre-Application for Multi-Family Housing Revitalization Demonstration Program (MPR)." Please note that electronic submittals are not on a secured website. If you do not wish to submit the form electronically by clicking on the **Send Form** button, you may still fill out the form, print it and submit it with your application package to the National Office. You also have the option to save the form, and submit it on an electronic media to the National Office with your complete application package.

Supporting documentation required by this pre-application may be sent via e-mail with your electronic pre-application. Under item **IX. Documents Submitted**, check all supporting documents that you are submitting and indicate whether you are submitting each item in hard copy form, on electronic media, or via e-mail with this pre-application.

b. Does this proposal include an Owner Contribution of funds to pay transaction costs and/or hard costs of construction? Select all that apply.

- **An owner contribution of \$10,000 per project to pay transaction costs. (20 points) Yes ___ No ___ Points: _____**

These funds cannot be from the project's reserve, operating funds, tax credit equity, or be in the form of donated services provided by the applicant. Transaction costs are defined as those Agency-approved costs required to complete the transaction under this Notice and includes, but are not limited to, the CNA, legal and closing costs, appraisal costs and filing/recording fees. A minimum contribution of \$10,000 per project must be deposited into the respective project reserve account from the owner's non-project reserve account prior to closing the MPR transaction. An increase in Return to Owner is not allowed on these funds.

- **An owner contribution of \$1,000 per unit per project for the hard costs of construction. (10 points) Yes ___ No ___ Points: _____**

These funds cannot be from the project's reserve account or operating account or in the form of a loan. Hard costs of construction are defined as those costs for materials, inventory, equipment, property or machinery required to complete the proposal under this Notice. Hard costs of construction are itemized on Form RD 1924-13, "Estimate and Certificate of Actual Cost." Form RD 1924-13 can be found at <https://forms.sc.eqov.usda.gov/efcommon/eFileServices/eForms/RD1924-0013.pdf>. The minimum contribution required to receive these points is \$1,000 per unit, per project which will be required to be deposited in the project reserve account or supervised/construction account prior to closing. An increased RTO may be budgeted and allowed for funds committed in accordance with 7 CFR section 3560.406(d)(14)(ii).

c. Special Initiatives and Memorandum of Understanding.

- **A written commitment of State funds in the form of a grant for a minimum of 30 percent of the total development cost will be provided within 45 days of selection (15 points). Yes ___ No ___ Points: _____**

Points may be awarded to applications received from any State where there is a recognized, State funded program to be used for preservation and rehabilitation of existing Section 514 or Section 515 housing. To be eligible for these points, the State funds must be provided in the form of a grant and must be for a minimum of 30 percent of the total development cost. State funds do not need to be committed at the time of the NOFA responses; however if selected to proceed, the applicant must provide a written commitment of the funds from the State Agency within 45 days of selection. Failure to provide this information may result in the Agency withdrawing the pre-application.

IV. Transfers and Sales

a. Does this proposed transaction include a transfer of ownership? Yes ___ No ___
If "Yes," select one of the following categories and attach a copy of the executed Purchase Agreement.

b. Has the Agency servicing classification been identified as "C" or "D" for 24 months or more? (20 points) Yes ___

c. Has the Agency servicing classification been identified as "C" or "D" for less than 24 months? (15 points) Yes ___ No to b. and c. ___ Points: _____

If "No," (not involved in a transfer), category d. or e. apply:

d. For stay-in-owners only, has the Agency servicing classification been identified as "B" as a result of a workout plan and/or transition plan approved by the Agency prior to January 1, 2014? (25 points) Yes ___

NOTE: Projects with an Agency "C" classification for 12 months or longer with open physical findings at the time the MPR pre-application is filed will not be considered eligible to participate in the MPR.

e. Is a sale of Section 515 properties to Non-profit/Public Housing Authority under the prepayment process proposed or closed? If so, submit a copy of the purchase agreement with this pre-application (if sale is pending) or a copy of the purchase agreement and filed deed (if sale is closed). (20 points)

Yes ___ No to d. and e. ___ Points: _____

V. Energy Conservation

You may answer a. and c. below, or b. and c. Note, if you are participating in the Green Communities program under a., you may not receive additional points for items listed under b.

a. Does this proposal include a written commitment to achieve participation in the Green Communities program by the Enterprise Community Partners

(<http://www.enterprisecommunity.com/solutions-and-innovation/enterprise-green-communities>) or an equivalent Agency-approved program? At least 30 percent of

the points needed to qualify for the Green Communities program must be earned under the Energy Efficiency section of the Green Communities qualification program. Each applicant must provide a checklist establishing that the prerequisites for each program's participation will be met. All checklists must be accompanied by a signed affidavit by the project architect or engineer stating that the goals are achievable. (30 points)

Yes ___ No ___ Points: _____

OR

- b. If you are not enrolling in the Green Communities program then points can be accumulated for each of the following items up to a total of **20 points**. Provide documentation to substantiate your answers below:
- i. Does this proposal include the replacement of heating, ventilation, and air conditioning (HVAC) equipment with Energy Star qualified heating, ventilation and air conditioning equipment? (3 points): Yes ___ No ___ Points: ____
- ii. Does this proposal include the replacement of windows and doors with Energy Star qualified windows and doors? (3 points): Yes ___ No ___ Points: ____
- iii. Does this proposal include additional attic and wall insulation that exceeds the required R-Value of these building elements for your area as per the International Energy Conservation Code 2012? Two points will be awarded if all exterior walls exceed insulation code and one point will be awarded if attic insulation exceeds code, for a maximum of three points.
- All exterior walls exceed insulation code (2 points):
Yes ___ No ___ Points: ____
- Attic insulation exceeds code (1 point):
Yes ___ No ___ Points: ____
- iv. Does this proposal include the reduction in building shell air leakage by at least 15 percent as determined by pre- and post-rehab blower door testing on a sample of units? Building shell air leakage may be reduced through materials such as caulk, spray foam, gaskets, and house-wrap. Sealing of duct work with mastic, foil-backed tape, or aerosolized duct sealants can also help reduce air leakage. (3 points): Yes ___ No ___ Points: ____
- v. Does this proposal include 100 percent of installed appliances and exhaust fans that are Energy Star qualified? (2 points): Yes ___ No ___ Points: ____
- vi. Does this proposal include 100 percent of installed water heaters that are Energy Star qualified? (2 points): Yes ___ No ___ Points: ____
- vii. Does this proposal include replacement of 100 percent of toilets with a flush capacity of more than 1.6 gallons with new toilets having 1.6 gallon flush capacity or less, and with the Environmental Protection Agency (EPA) Water Sense label? (1 point):
Yes ___ No ___ Points: ____
- viii. Does this proposal include 100 percent of new showerheads with EPA Water Sense label? (1 point): Yes ___ No ___ Points: ____

- ix. Does this proposal include 100 percent of new faucets with EPA Water Sense label? (1 point): Yes ___ No ___ Points: _____
- x. Does this proposal include 100 percent energy-efficient lighting including Energy Star qualified fixtures, compact fluorescent replacement bulbs in standard incandescent fixtures and Energy Star ceiling fans? (1 point): Yes ___ No ___ Points: _____

AND

- c. Does this proposal include a written commitment to achieve participation in local green/energy efficient building standards, such as a city, county or municipality program? (2 points): Yes ___ No ___ Points: _____

Name of Local Program: _____

Total Points for Energy Conservation: _____

VI. Energy Generation

Rehabilitation and preservation projects that participate in the **Green Communities program** by the Enterprise Community Partners, or an equivalent Agency-approved program, or receive at least **eight points** for Energy Conservation measures are eligible to earn additional points for installation of on-site renewable energy sources. Renewable, on-site energy generation will compliment a weathertight, well-insulated building envelope with highly efficient mechanical systems. Possible renewable energy generation technologies include, but are not limited to: wind turbines and micro-turbines, micro-hydro power, photovoltaics (capable of producing a voltage when exposed to radiant energy, especially light), solar hot water systems and biomass/biofuel systems that do not use fossil fuels in production. Geo-exchange systems are highly encouraged as they lessen the total demand for energy and, if supplemented with other renewable energy sources, can achieve zero energy consumption more easily. Points under this section will be awarded as follows:

- a. Projects whose preliminary or rehabilitation building plans and energy analysis propose a 10 percent to 100 percent energy generation commitment (where generation is considered to be the total amount of energy needed to be generated on-site to make the building a net-zero consumer of energy) may be awarded points corresponding to their percent of commitment as follows:
- 0 to 9 percent commitment to energy generation (0 points)
 - 10 to 20 percent commitment to energy generation (1 point)
 - 21 to 40 percent commitment to energy generation (2 points)
 - 41 to 60 percent commitment to energy generation (3 points)
 - 61 to 80 percent commitment to energy generation (4 points)

81 to 100 percent or more commitment to energy generation (5 points)

Points: _____

Note: In order to receive **more than one point** for commitment to energy generation, an accurate energy analysis prepared by an engineer must to be submitted with the pre-application. Energy analysis of preliminary building plans using industry recognized simulation software must document the projected total energy consumption of the building, the portion of building consumption that will be satisfied through on-site generation, and the building's Home Energy Rating System (HERS) score.

VII. Green Property Management Credentials

Projects will be awarded an additional five points if the designated property management company or individuals that will assume maintenance and operations responsibilities upon completion of construction or substantial rehabilitation work have a Credential for Green Property Management. Credentialing can be obtained from the National Apartment Association (NAA), National Affordable Housing Management Association, The Institute for Real Estate Management, U.S. Green Building Council's Leadership in Energy and Environmental Design for Operations and Maintenance (LEED OM), or another Agency-approved source with a certifiable credentialing program. This must be illustrated in the resume(s) of the property management team and submitted with the application. (5 points)

I have submitted resumes of the designated property Management Company or individuals responsible for maintenance and operations that have a Credential for Green Property Management. (5 points) Yes ___ No ___ Points: _____

VIII. Tenant Service Provision

The Agency will award five points for applications that include new services provided by a non-profit organization, which may include a faith-based organization, or by another Government agency. Such services shall be provided at no cost to the project and shall be made available to all tenants. Examples of such services may include transportation for the elderly, after-school day care services, or after-school tutoring.

New tenant services will be provided to all tenants at no cost to the project. (5 points)

Yes ___ No ___ Points: _____

IX. Documents Submitted

Below, please check all documents that you will be submitting as part of your complete application package. Hard copy submissions and electronic media should be mailed to the National Office.

NOTE: You are only required to submit supporting documents for programs in which you will be participating as indicated in this pre-application. Points will be assigned for the items that you checked based on a review of the supporting documents.

X. MPR 2014 Scoring

PLEASE NOTE: The scoring below is based on the responses that you have provided on this pre-application form and may not accord with the final score that the Agency assigns upon evaluating the supporting documentation that you submit. Your score may change from what you see here if the supporting documentation does not adequately support your answer or, if required documentation is missing.

	Scoring Items for MPR 2014	Points Earned
1.	Consolidation of Project Operations (5, 10)	
2.	Age of Project (10, 20, 30)	
3.	Agency-approved Capital Needs Assessment (10, 20)	
4.	Contribution of Other Sources of Funds (15, 25)	
5.	Owner Contribution for transaction costs (20)	
6.	Owner Contribution for hard costs of construction (10)	
7.	State funds in the form of a grant for 30 percent or more of TDC (15)	
8.	Project classified as "C" or "D" for transfers (15, 20) OR	
9.	Project classified as "B" for stay-in owner (25) or sale to a non-profit (20)	
10.	Participation in the Green Communities Program (30) OR items 11. through 21.	
11.	Energy Star HVAC equipment (3)	
12.	Energy Star windows and doors (3)	
13.	Exterior wall insulation that exceeds code (2)	
14.	Attic insulation that exceeds code (1)	

	Scoring Items for MPR 2014	Points Earned
15.	Reduction in building shell air leakage (3)	
16.	Energy Star appliances and exhaust fans (2)	
17.	Energy Star water heaters (2)	
18.	Reduced flush-capacity toilets (1)	
19.	New showerheads with EPA water-sense label (1)	
20.	New faucets with EPA water-sense label (1)	
21.	Energy Star light fixtures and ceiling fans (1)	
22.	Participation in local green energy standards (2)	
23.	Energy Generation (1, 2, 3, 4, 5)
