

administering authority considers ministerial.”<sup>2</sup> Dongguan Chengcheng Furniture Co., Ltd. alleges that the Department incorrectly identified it as “Dongguan Chengcheng Group Co., Ltd.” in the rate table for the final results of the new shipper review. Dongguan Chengcheng Furniture Co., Ltd. states that the Department used the correct name of the company, Dongguan Chengcheng Co., Ltd., in another part of the final results notice and, thus, it requests that the Department correct the

name of the company in the final results rate table by eliminating the word “Group” from the company name.

After analyzing the ministerial error allegation, in accordance with section 751(h) of the Act, we agree that we incorrectly listed the name of the company in the final results of the new shipper review. However, we have not corrected the name in the manner requested by Dongguan Chengcheng Furniture Co., Ltd. The record shows that we initiated the new shipper review on Dongguan Chengcheng Furniture Co.,

Ltd. Moreover, company records submitted by the new shipper show that the company’s name is “Dongguan Chengcheng Furniture Co., Ltd.” Thus, we have corrected the error by removing the word “Group” from the company name and replacing it with the word “Furniture” rather than simply removing the word “Group” as requested by Dongguan Chengcheng Furniture Co., Ltd. The correct name is in the table below:

*Amended Final Results of the Review*

Exporter	Producer	Weighted-average dumping margin (percent)
Dongguan Chengcheng Furniture Co., Ltd .....	Dongguan Chengcheng Furniture Co., Ltd .....	0.00

These amended final results are published in accordance with sections 751(h) and 777(i)(1) of the Act.

**Small Diameter Graphite Electrodes From the People’s Republic of China: Final Results of Antidumping Duty Administrative Review; 2012–2013**

**AGENCY:** Enforcement and Compliance, International Trade Administration, Department of Commerce.

**SUMMARY:** On March 24, 2014, the Department of Commerce (the Department) published the preliminary results of the administrative review of the antidumping duty order on small diameter graphite electrodes from the People’s Republic of China (the PRC). The period of review (POR) is February 1, 2012, through January 31, 2013. For the final results, we continue to find that certain companies covered by this review made sales of subject merchandise at less than normal value,

and that other companies are now part of the PRC-wide entity.

**DATES:** *Effective Date:* September 25, 2014.

**FOR FURTHER INFORMATION CONTACT:**

Dmitry Vladimirov or Michael Romani, AD/CVD Operations, Office I, Enforcement and Compliance, International Trade Administration, U.S. Department of Commerce, 14th Street and Constitution Avenue NW., Washington, DC 20230; telephone: (202) 482–0665 or (202) 482–0198, respectively.

**SUPPLEMENTARY INFORMATION:**

**Background**

On March 24, 2014, the Department published the preliminary results of the administrative review of the antidumping duty order on small diameter graphite electrodes from the PRC.<sup>1</sup> We received case and rebuttal briefs with respect to the *Preliminary Results*.

We conducted this administrative review in accordance with section 751 of the Tariff Act of 1930, as amended (the Act).

**Scope of the Order**

The merchandise covered by the order includes all small diameter graphite electrodes with a nominal or actual diameter of 400 millimeters (16 inches) or less and graphite pin joining systems for small diameter graphite electrodes. Small diameter graphite electrodes and

graphite pin joining systems for small diameter graphite electrodes that are subject to the order are currently classified under the Harmonized Tariff Schedule of the United States (HTSUS) subheadings 8545.11.0010, 3801.10, and 8545.11.0020. The HTSUS numbers are provided for convenience and customs purposes. A full description of the scope of the order is contained in the Issues and Decision Memorandum.<sup>2</sup> The written description of the scope of the order is dispositive.

**Determination of No Shipments**

UK Carbon and Graphite Co., Ltd. (UKCG) filed a timely “no shipment” certification stating that it had no exports, sales, or entries of subject merchandise during the POR.<sup>3</sup> We subsequently confirmed with U.S. Customs and Border Protection (CBP) the “no shipment” claim made by UKCG.<sup>4</sup> Based on the certification by UKCG and CBP’s confirmation, we determine that UKCG did not have any reviewable entries of subject merchandise during the POR, and will issue appropriate instructions that are consistent with our “automatic assessment” clarification, for these final results.<sup>5</sup>

**Analysis of Comments Received**

All issues raised in the case briefs by parties to this administrative review are addressed in the Issues and Decision Memorandum. A list of the issues raised is attached to this notice as Appendix I.

Compliance, from Gary Taverman, Associate Deputy Assistant Secretary for Antidumping and Countervailing Duty Operations, entitled “Issues and Decision Memorandum for the Final Results of Antidumping Duty Administrative Review of Small Diameter Graphite Electrodes from the People’s Republic of China” dated concurrently with and hereby adopted by this notice (Issues and Decision Memorandum).

Access to IA ACCESS is available to registered users at <http://iaaccess.trade.gov> and is available to all parties in the Central Records Unit, room 7046 of the main Department of Commerce building. In addition, a complete version of the Issues and Decision Memorandum can be found at <http://enforcement.trade.gov/frn/index.html>. The signed and electronic versions of the Issues and Decision Memorandum are identical in content.

### Separate Rate for Non-Selected Companies

In the *Preliminary Results*, we found that Xinghe County Muzi Carbon Co., Ltd. (Muzi Carbon) and Jilin Carbon Import and Export Company (Jilin Carbon) demonstrated their eligibility for separate-rate status.<sup>6</sup> We have not received any information since then that would lead us to reconsider our preliminary finding. Therefore, we continue to determine that Muzi Carbon and Jilin Carbon are eligible for separate-rate status, and have assigned to each a dumping margin of 21.16 percent, based on the weighted-average dumping margin that we calculated for the Fangda Group<sup>7</sup> for these final results.<sup>8</sup>

### The PRC-Wide Entity

In the *Preliminary Results*, we determined that 12 companies<sup>9</sup> for

<sup>6</sup> See *Preliminary Results*, and accompanying Preliminary Decision Memorandum at 9–11.

<sup>7</sup> The Fangda Group consists of Beijing Fangda Carbon Tech Co., Ltd., Chengdu Rongguang Carbon Co., Ltd., Fangda Carbon New Material Co., Ltd., Fushun Carbon Co., Ltd., and Hefei Carbon Co., Ltd. We refer to the Fangda Group as a single entity pursuant to 19 CFR 351.401(f)(1). See *Small Diameter Graphite Electrodes From the People's Republic of China: Preliminary Determination of Sales at Less Than Fair Value, Postponement of Final Determination, and Affirmative Preliminary Determination of Critical Circumstances, in Part*, 73 FR 49408, 49411–12 (August 21, 2008) (where we collapsed the following individual members of the Fangda Group: Beijing Fangda Carbon Tech Co., Ltd., Chengdu Rongguang Carbon Co., Ltd., Fangda Carbon New Material Co., Ltd., Fushun Carbon Co., Ltd., and Hefei Carbon Co., Ltd.), unchanged in *Final Determination of Sales at Less Than Fair Value and Affirmative Determination of Critical Circumstances: Small Diameter Graphite Electrodes from the People's Republic of China*, 74 FR 2049 (January 14, 2009).

<sup>8</sup> See section titled "Separate Rate for Non-Selected Companies" in the Issues and Decision Memorandum for further discussion.

<sup>9</sup> These companies are Fangda Lanzhou Carbon Joint Stock Company Co. Ltd., Jilin Carbon Graphite Material Co., Ltd., Lanzhou Carbon Co., Ltd., Lanzhou Carbon Import & Export Corp., Lanzhou Hailong New Material Co., Lanzhou Hailong

which a review was requested did not demonstrate their eligibility for a separate rate and are properly considered part of the PRC-wide entity.<sup>10</sup> We have not received any information since then that would lead us to reconsider our preliminary determination with respect to these 12 companies. Therefore, we continue to find that these 12 companies should be treated as part of the PRC-wide entity and subject to the PRC-wide entity rate. Further, although Fushun Jinly applied for separate rate status, we determined that we cannot rely on any of the information provided in Fushun Jinly's responses, including its section A response. Accordingly, we determined that Fushun Jinly does not qualify for a separate rate, is part of the PRC-wide entity, and is subject to the PRC-wide entity rate.

In the *Preliminary Results*, we stated our intent not to rescind the review for certain companies that remain a part of the PRC-wide entity, notwithstanding timely withdrawal of review requests for these companies, because the PRC-wide entity remains under review.<sup>11</sup> Since the *Preliminary Results*, we did not receive any information that would cause us to revisit our preliminary determination not to rescind the review with respect to these companies.<sup>12</sup>

Consistent with our practice, we will issue appropriate instructions to CBP for any entries made by the companies that remain a part of the PRC-wide entity during the POR.

### Changes Since the Preliminary Results

Based on our analysis of the comments received, we did not make any revisions to the margin calculations for the Fangda Group.

### Final Results of the Review

We determine that the following percentage weighted-average dumping margins exist for the period February 1, 2012, through January 31, 2013:

Exporter	Margin (percent)
Beijing Fangda Carbon Tech Co., Ltd. ....	21.16
Chengdu Rongguang Carbon Co., Ltd. ....	21.16

Technology, Liaoning Fangda Group Industrial Co., Ltd., Sinosteel Anhui Co., Ltd., Sinosteel Corp., Sinosteel Jilin Carbon Plant, Sinosteel Jilin Carbon Imp. & Exp. Co., Ltd., and Sinosteel Sichuan Co., Ltd.

<sup>10</sup> See *Preliminary Results*, and accompanying Preliminary Decision Memorandum at 12.

<sup>11</sup> *Id.*, and accompanying Preliminary Decision Memorandum at 12.

<sup>12</sup> See Appendix II for a complete list of these companies.

Exporter	Margin (percent)

Xinghe County Muzi Carbon Co., Ltd. ....	21.16
Jilin Carbon Import and Export Company ....	21.16
PRC-wide entity † .....	159.64

† The PRC-wide entity includes the companies listed in Appendix II.

### Assessment

Pursuant to section 751(a)(2)(A) of the Act and 19 CFR 351.212(b), the Department shall determine, and CBP shall assess, antidumping duties on all appropriate entries covered by this review. For customers or importers of the Fangda Group, we calculated customer/importer-specific antidumping duty assessment rates based on customer/importer-specific *ad valorem* rates in accordance with 19 CFR 351.212(b)(1).

For the non-selected respondents that received a separate rate, Muzi Carbon and Jilin Carbon, we will instruct CBP to apply an antidumping duty assessment rate of 21.16 percent to all entries of subject merchandise that entered the United States during the POR.

For all other companies, we will instruct CBP to apply an antidumping duty assessment rate of the PRC-wide entity, 159.64 percent,<sup>13</sup> to all entries of subject merchandise exported by these companies.

Pursuant to a refinement to the Department's assessment practice in NME cases,<sup>14</sup> for entries that were not reported in the U.S. sales databases submitted by companies individually examined during this review, the Department will instruct CBP to liquidate such entries at the PRC-wide rate. In addition, for companies where the Department determined that the exporter under review had no shipments of the subject merchandise, any suspended entries that entered under that exporter's case number (*i.e.*, at that exporter's rate) will be liquidated at the PRC-wide rate.

We intend to issue assessment instructions to CBP 15 days after the date of publication of the final results of review.

<sup>13</sup> *Id.*, and accompanying Preliminary Decision Memorandum at 13.

<sup>14</sup> For a full discussion of this practice, see *Assessment Practice Refinement*.

### Cash Deposit Requirements

The following cash deposit requirements will be effective upon publication of these final results of review for all shipments of the subject merchandise entered, or withdrawn from warehouse, for consumption on or after the publication date as provided by section 751(a)(2)(C) of the Act: (1) For subject merchandise exported by the companies listed above that have separate rates, the cash deposit rate will be the rate established in these final results of review for each exporter as listed above; (2) for previously investigated or reviewed PRC and non-PRC exporters not listed above that received a separate rate in a prior segment of this proceeding, the cash deposit rate will continue to be the existing exporter-specific rate; (3) for all PRC exporters of subject merchandise that have not been found to be entitled to a separate rate, the cash deposit rate will be that for the PRC-wide entity; and (4) for all non-PRC exporters of subject merchandise which have not received their own rate, the cash deposit rate will be the rate applicable to the PRC exporter that supplied that non-PRC exporter. These deposit requirements shall remain in effect until further notice.

### Notifications

This notice serves as a final reminder to importers of their responsibility under 19 CFR 351.402(f)(2) to file a certificate regarding the reimbursement of antidumping duties prior to liquidation of the relevant entries during this review period. Failure to comply with this requirement could result in the Secretary's presumption that reimbursement of antidumping duties occurred and the subsequent assessment of double antidumping duties.

This notice also serves as a reminder to parties subject to administrative protective order (APO) of their responsibility concerning the destruction of proprietary information disclosed under APO in accordance with 19 CFR 351.305(a)(3). Timely written notification of the return or destruction of APO materials or conversion to judicial protective order is hereby requested. Failure to comply with the regulations and terms of an APO is a sanctionable violation.

### Disclosure

We intend to disclose the calculations performed within five days of the date of publication of this notice to parties in this proceeding, in accordance with 19 CFR 351.224(b).

These final results of review are issued and published in accordance with sections 751(a)(1) and 777(i) of the Act.

Dated: September 19, 2014.
