Assessment Rates

Upon issuance of these final results, the Department will determine, and U.S. Customs and Border Protection (“CBP”) shall assess, antidumping duties on all appropriate entries covered by this review.⁷ The Department intends to issue assessment instructions to CBP 15 days after the publication date of the final results of this review.

Where assessments are based upon total facts available, including total AFA, we instruct CBP to assess duties at the AFA margin rate. The Department intends to instruct CBP to assess antidumping duties on POR entries of the subject merchandise produced or exported by the PRC-wide entity (including Hilltop and Newpro) at the rate of 112.81 percent of the entered value.⁸ The final results of this review shall be the basis for the assessment of antidumping duties on entries of merchandise covered by this review and for future deposits of estimated duties, where applicable.

The Department announced a refinement to its assessment practice in non-market economy cases. Pursuant to this refinement in practice, for entries that were not reported in the U.S. sales databases submitted by companies individually examined during this review, the Department will instruct CBP to liquidate such entries at the PRC-wide rate. Additionally, if the Department determines that an exporter had no shipments of the subject merchandise, any suspended entries that entered under that exporter's case number (*i.e.*, at that exporter's rate) will be liquidated at the PRC-wide rate.⁹

Cash Deposit Requirements

The following cash-deposit requirements will be effective upon

⁷ See 19 CFR 351.212(b).

⁸ See 19 CFR 351.212(b)(1). The Department continues to find in these final results that an importer-specific adjustment of the assessment rate for certain entries on shipments made by Newpro (which continues to be part of the PRC-wide entity) is warranted given the facts uncovered in this review. For further discussion of this issue and the resultant adjustment, see the *Preliminary Results* and the Memorandum to the File from Kabir Archuleta, Senior International Trade Analyst, Office V, through Catherine Bertrand, Program Manager, Office V “Administrative Review of Certain Frozen Warmwater Shrimp From the People's Republic of China: Business Proprietary Memo for the Preliminary Results” (March 18, 2014); see also the Issues and Decision Memorandum, at Comment 1.

publication of the final results of this administrative review for all shipments of the subject merchandise entered, or withdrawn from warehouse, for consumption on or after the publication date, as provided for by section 751(a)(2)(C) of the Act: (1) For previously investigated or reviewed PRC and non-PRC exporters not listed above that have separate rates, the cash deposit rate will continue to be the exporter-specific rate published for the most recent period; (2) for all PRC exporters of subject merchandise which have not been found to be entitled to a separate rate (including Hilltop and Newpro), the cash deposit rate will be the PRC-wide rate of 112.81 percent;¹⁰ and (3) for all non-PRC exporters of subject merchandise which have not received their own rate, the cash deposit rate will be the rate applicable to the PRC exporters that supplied that non-PRC exporter. These deposit requirements, when imposed, shall remain in effect until further notice.

Reimbursement of Duties

This notice also serves as a final reminder to importers of their responsibility under 19 CFR 351.402(f) to file a certificate regarding the reimbursement of antidumping duties prior to liquidation of the relevant entries during this POR. Failure to comply with this requirement could result in the Department's presumption that reimbursement of antidumping duties occurred and the subsequent assessment of doubled antidumping duties.

Administrative Protective Orders

This notice also serves as a reminder to parties subject to administrative protective orders (“APO”) of their responsibility concerning the return or destruction of proprietary information disclosed under APO in accordance with 19 CFR 351.305, which continues to govern business proprietary information in this segment of the proceeding. Timely written notification

¹⁰ We note that Allied, which is under review in this segment, was revoked from the order in specific manufacturer-exporter combinations, pursuant to the Department's determination under Section 129 of the Uruguay Round Agreements Act, effective March 22, 2013. See *Certain Frozen Warmwater Shrimp From the People's Republic of China and Diamond Sawblades and Parts Thereof From the People's Republic of China: Notice of Implementation of Determinations Under Section 129 of the Uruguay Round Agreements Act and Partial Revocation of the Antidumping Duty Orders*, 78 FR 18958 (March 28, 2013). Accordingly, entries made outside of the revoked manufacturer-exporter combinations will be subject to the PRC-wide rate, the most recently assigned rate for Allied. For further discussion, see the Issues and Decision Memorandum, at Comment 2.

of the return/destruction of APO materials or conversion to judicial protective order is hereby requested. Failure to comply with the regulations and terms of an APO is a violation which is subject to sanction.

We are issuing and publishing this administrative review and notice in accordance with sections 751(a)(1) and 777(i) of the Act.

Dated: September 19, 2014.

Ronald K. Lorentzen,

Acting Assistant Secretary for Enforcement and Compliance.

Determination of an Overfished Condition

AGENCY: National Marine Fisheries Service (NMFS), National Oceanic and Atmospheric Administration (NOAA), Commerce.

ACTION: Notice.

SUMMARY: This action serves as a notice that NMFS, on behalf of the Secretary of Commerce (Secretary), has determined the South Atlantic stock of snowy grouper to be in an overfished condition.

NMFS, on behalf of the Secretary, notifies the appropriate fishery management council (Council) whenever it determines that overfishing is occurring, a stock is in an overfished condition, a stock is approaching an overfished condition, or when a rebuilding plan has not resulted in adequate progress toward ending overfishing and rebuilding affected fish stocks.

FOR FURTHER INFORMATION CONTACT: Mark Nelson, (301) 427-8565.

SUPPLEMENTARY INFORMATION: Pursuant to sections 304(e)(2) and (e)(7) of the Magnuson-Stevens Fishery Conservation and Management Act (Magnuson-Stevens Act), 16 U.S.C. 1854(e)(2) and (e)(7), and implementing regulations at 50 CFR 600.310(e)(2), NMFS, on behalf of the Secretary, must notify Councils whenever it determines that a stock or stock complex is overfished or approaching an overfished condition; or if an existing rebuilding plan has not ended overfishing or resulted in adequate rebuilding progress. NMFS also notifies Councils when it determines a stock or stock complex is subject to overfishing. Section 304(e)(2) further requires NMFS to publish these notices in the **Federal Register**.

NMFS has determined that, based on the latest stock assessment, the South Atlantic stock of snowy grouper is no longer subject to overfishing, but remains in an overfished condition. NMFS has notified the South Atlantic Fishery Management Council that they must continue to prevent overfishing and rebuild the stock.
