

Data from the National High School Reform Study will inform a descriptive report on the strategies that high schools are using to help students graduate from high school, especially students at risk for dropping out and students in high schools with low graduation rates. Information from the survey will fill critical information gaps about the use and prevalence of high school reform strategies to support at-risk youth. The survey will be administered to a survey to a nationally representative sample of approximately 2,000 public high school administrators.

Dated: September 24, 2014.

## DEPARTMENT OF ENERGY

[OE Docket No. EA-284-D]

### Application To Export Electric Energy; Noble Americas Energy Solutions LLC

**AGENCY:** Office of Electricity Delivery and Energy Reliability, DOE.

**ACTION:** Notice of application.

**SUMMARY:** Noble Americas Energy Solutions LLC (Noble Solutions) has applied to renew its authority to transmit electric energy from the United States to Mexico pursuant to section 202(e) of the Federal Power Act.

**DATES:** Comments, protests, or motions to intervene must be submitted on or before October 30, 2014.

**ADDRESSES:** Comments, protests, motions to intervene, or requests for more information should be addressed to: Office of Electricity Delivery and Energy Reliability, Mail Code: OE-20, U.S. Department of Energy, 1000 Independence Avenue SW., Washington, DC 20585-0350. Because of delays in handling conventional mail, it is recommended that documents be transmitted by overnight mail, by electronic mail to [Electricity.Exports@hq.doe.gov](mailto:Electricity.Exports@hq.doe.gov), or by facsimile to 202-586-8008.

**SUPPLEMENTARY INFORMATION:** Exports of electricity from the United States to a foreign country are regulated by the Department of Energy (DOE) pursuant to sections 301(b) and 402(f) of the Department of Energy Organization Act (42 U.S.C. 7151(b), 7172(f)) and require authorization under section 202(e) of the Federal Power Act (16 U.S.C. 824a(e)).

On January 29, 2010, DOE issued Order No. EA-284-B to Sempra Energy Solutions, which authorized Sempra Energy Solutions to transmit electric energy from the United States to Mexico as a power marketer for a five-year term using existing international transmission facilities. That authority expires on January 29, 2015. On December 7, 2011, DOE issued Order No. EA-284-C, which recognized a change of name from Sempra Energy Solutions to Noble Americas Energy Solutions LLC. All other terms and conditions of Order No. EA-284-B remain unchanged. On September 4, 2014, Noble Solutions filed an application with DOE for renewal of the export authority contained in Order No. EA-284-C for an additional five-year term.

In its application, Noble Solutions states that it does not own or operate any electric transmission facilities, and it does not have a franchised service area. The electric energy that Noble Solutions proposes to export to Mexico would be surplus energy purchased from third parties such as electric utilities and Federal power marketing agencies pursuant to voluntary agreements. The Applicant's request is limited to the transmission of power to Baja California, Mexico utilizing the 230-kV lines owned by San Diego Gas and Electric Company, which interconnects with the electrical system of Commission Federal de Electricidad, the Mexican electric utility.

**Procedural Matters:** Any person desiring to be heard in this proceeding should file a comment or protest to the application at the address provided above. Protests should be filed in accordance with Rule 211 of the Federal Energy Regulatory Commission's (FERC) Rules of Practice and Procedures (18 CFR 385.211). Any person desiring to become a party to these proceedings should file a motion to intervene at the above address in accordance with FERC Rule 214 (18 CFR 385.214). Five copies of such comments, protests, or motions to intervene should be sent to the address provided above on or before the date listed above.

Comments and other filings concerning the Noble Solutions application to export electric energy to Mexico should be clearly marked with OE Docket No. EA-284-D. An additional copy is to be provided directly to Greg Bass, Noble Americas Energy Solutions LLC, 401 West A Street, Suite 500, San Diego, CA 92101.

A final decision will be made on this application after the environmental impacts have been evaluated pursuant to DOE's National Environmental Policy

Act Implementing Procedures (10 CFR part 1021) and after a determination is made by DOE that the proposed action will not have an adverse impact on the sufficiency of supply or reliability of the U.S. electric power supply system.

Copies of this application will be made available, upon request, for public inspection and copying at the address provided above, by accessing the program Web site at <http://energy.gov/node/11845>, or by emailing Angela Troy at [Angela.Troy@hq.doe.gov](mailto:Angela.Troy@hq.doe.gov).

Issued in Washington, DC, on September 23, 2014.

**Brian Mills,**

## DEPARTMENT OF ENERGY

### Federal Energy Regulatory Commission

[Docket No. CP14-550-000]

### El Paso Natural Gas Company, LLC ; Notice of Application

Take notice that on September 9, 2014, El Paso Natural Gas Company, LLC (EPNG), Post Office Box 1087, Colorado Springs, Colorado 80944, filed an application pursuant to sections 7(b) of the Natural Gas Act and section 157.5 of the Commission's regulations for authorization to abandon, by sale, a 17.4 mile segment of its 30-inch diameter Line No. 2000 located in Upton County and Crane County, Texas. EPNG is also requesting a determination that upon closing of the sale to Kinder Morgan Texas Pipeline, LLC, the operation and service rendered through these facilities will be exempt from Commission jurisdiction under Section 1(b) of the NGA. EPNG's proposal is more fully set forth in the application which is on file with the Commission and open to public inspection. The filing may also be viewed on the web at <http://www.ferc.gov> using the "eLibrary" link. Enter the docket number excluding the last three digits in the docket number field to access the document. For assistance, contact FERC at [FERCOnlineSupport@ferc.gov](mailto:FERCOnlineSupport@ferc.gov) or call toll-free, (866) 208-3676 or TTY, (202) 502-8659.

Any questions regarding this application should be directed to Francisco Tarin, Director, Regulatory Affairs, El Paso Natural Gas Company, L.L.C.; P.O. Box 1087, Colorado Springs, Colorado, 80944, or call (719) 667-7517, or by fax (719) 520-4697, or to Mark A. Minich, Assistant General Counsel, El

Paso Natural Gas Company, L.L.C.; P.O. Box 1087, Colorado Springs, Colorado, 80944, or call (719) 520-4416 or by fax (719) 520-4415.

Pursuant to section 157.9 of the Commission's rules, 18 CFR 157.9, within 90 days of this Notice the Commission staff will either: Complete its environmental assessment (EA) and place it into the Commission's public record (eLibrary) for this proceeding; or issue a Notice of Schedule for Environmental Review. If a Notice of Schedule for Environmental Review is issued, it will indicate, among other milestones, the anticipated date for the Commission staff's issuance of the final environmental impact statement (FEIS) or EA for this proposal. The filing of the EA in the Commission's public record for this proceeding or the issuance of a Notice of Schedule for Environmental Review will serve to notify federal and state agencies of the timing for the completion of all necessary reviews, and the subsequent need to complete all federal authorizations within 90 days of the date of issuance of the Commission staff's FEIS or EA.

There are two ways to become involved in the Commission's review of this project. First, any person wishing to obtain legal status by becoming a party to the proceedings for this project should, on or before the comment date stated below file with the Federal Energy Regulatory Commission, 888 First Street NE., Washington, DC 20426, a motion to intervene in accordance with the requirements of the Commission's Rules of Practice and Procedure (18 CFR 385.214 or 385.211) and the Regulations under the NGA (18 CFR 157.10). A person obtaining party status will be placed on the service list maintained by the Secretary of the Commission and will receive copies of all documents filed by the applicant and by all other parties. A party must submit 7 copies of filings made in the proceeding with the Commission and must mail a copy to the applicant and to every other party. Only parties to the proceeding can ask for court review of Commission orders in the proceeding.

However, a person does not have to intervene in order to have comments considered. The second way to participate is by filing with the Secretary of the Commission, as soon as possible, an original and two copies of comments in support of or in opposition to this project. The Commission will consider these comments in determining the appropriate action to be taken, but the filing of a comment alone will not serve to make the filer a party to the proceeding. The Commission's rules require that persons filing

comments in opposition to the project provide copies of their protests only to the party or parties directly involved in the protest.

Persons who wish to comment only on the environmental review of this project should submit an original and two copies of their comments to the Secretary of the Commission. Environmental commentors will be placed on the Commission's environmental mailing list, will receive copies of the environmental documents, and will be notified of meetings associated with the Commission's environmental review process. Environmental commentors will not be required to serve copies of filed documents on all other parties. However, the non-party commentors will not receive copies of all documents filed by other parties or issued by the Commission (except for the mailing of environmental documents issued by the Commission) and will not have the right to seek court review of the Commission's final order.

The Commission strongly encourages electronic filings of comments, protests and interventions in lieu of paper using the "eFiling" link at <http://www.ferc.gov>. Persons unable to file electronically should submit an original and 5 copies of the protest or intervention to the Federal Energy Regulatory Commission, 888 First Street NE., Washington, DC 20426.

*Comment Date:* October 10, 2014.

Dated: September 19, 2014.

**Nathaniel J. Davis, Sr.,**

*Deputy Secretary.*

#### Combined Notice of Filings #1

Take notice that the Commission received the following exempt wholesale generator filings:

*Docket Numbers:* EG14-106-000.

*Applicants:* Palo Duro Wind Interconnection Services, LLC.

*Description:* Notice of Self-Certification of Exempt Wholesale Generator Status of Palo Duro Wind Interconnection Services, LLC.

*Filed Date:* 9/19/14.

*Accession Number:* 20140919-5129.

*Comments Due:* 5 p.m. ET 10/10/14.

Take notice that the Commission received the following electric rate filings:

*Docket Numbers:* ER11-3697-000.

*Applicants:* Southern California Edison Company.

*Description:* Southern California Edison Company Informational Filing of Notice of Revision to Formula Transmission Rate Annual Update.

*Filed Date:* 9/17/14.

*Accession Number:* 20140917-5173.

*Comments Due:* 5 p.m. ET 10/8/14.

*Docket Numbers:* ER12-2302-003.

*Applicants:* Midcontinent Independent System Operator, Inc.

*Description:* Compliance filing per 35:2014-09-19\_SSR Compliance Filing to be effective 9/24/2012.

*Filed Date:* 9/19/14.

*Accession Number:* 20140919-5085.

*Comments Due:* 5 p.m. ET 10/10/14.

*Docket Numbers:* ER14-2487-001.

*Applicants:* Midcontinent Independent System Operator, Inc.

*Description:* Tariff Amendment per 35.17(b): 2014-09-19\_SA 762

Termination Amendment ATC-Dominion to be effective 7/16/2014.

*Filed Date:* 9/19/14.

*Accession Number:* 20140919-5018.

*Comments Due:* 5 p.m. ET 10/10/14.

*Docket Numbers:* ER14-2577-001.

*Applicants:* El Paso Electric Company.

*Description:* Compliance filing per 35: OATT Order No. 792 Compliance Filing to be effective 10/3/2014.

*Filed Date:* 9/19/14.
