ACTION: Notice.

SUMMARY: On September 30, 2014, the Department of Labor (DOL) will submit the Occupational Safety and Health Administration (OSHA) sponsored information collection request (ICR) revision titled, “Voluntary Protection Program Information,” to the Office of Management and Budget (OMB) for review and approval for use in accordance with the Paperwork Reduction Act (PRA) of 1995 (44 U.S.C. 3501 *et seq.*). Public comments on the ICR are invited.

DATES: The OMB will consider all written comments that the agency receives on or before October 30, 2014.

Authority: 44 U.S.C. 3507(a)(1)(D).

SUPPLEMENTARY INFORMATION: This ICR seeks approval under the PRA for revisions to the Voluntary Protection Program (VPP) Information ICR. The VPP is a partnership between labor, management, and government designed to recognize and promote excellence in safety and health management. In order to participate in the VPP, an applicant submits an application and an annual self-evaluation containing a detailed description of its safety and health management programs to the OSHA, which uses the information to conduct a preliminary analysis of the worksite’s programs and to make a preliminary determination regarding the worksite’s qualifications for the VPP. This ICR has been classified as a revision, because existing VPP forms have been modified and the collection will include additional forms that enable the OSHA to improve the tracking and monitoring of VPP participants.

This information collection is subject to the PRA. A Federal agency generally cannot conduct or sponsor a collection of information, and the public is generally not required to respond to an information collection, unless it is approved by the OMB under the PRA and displays a currently valid OMB Control Number. In addition, notwithstanding any other provisions of law, no person shall generally be subject to penalty for failing to comply with a collection of information that does not display a valid Control Number. *See* 5 CFR 1320.5(a) and 1320.6. The DOL obtains OMB approval for this information collection under Control Number 1218-0239. The current approval is scheduled to expire on September 30, 2014; however, the DOL notes that existing information collection requirements submitted to the OMB receive a month-to-month extension while they undergo review. New requirements would only take effect upon OMB approval. For additional substantive information about this ICR, see the related notice published in the **Federal Register** on June 30, 2014 (79 FR 36834).
