Projects of National and Regional Significance Survey

AGENCY: Federal Highway Administration (FHWA), Department of Transportation (DOT)

ACTION: Notice.

SUMMARY: This notice announces that the Projects of National and Regional Significance (PNRS) survey required under section 1120 of the Moving Ahead for Progress in the 21st Century Act (MAP-21) will re-open on October 2, 2014. The original survey period ran from May 29, 2014, to June 30, 2014. However, in order to develop a more comprehensive catalogue of Projects of National and Regional Significance to assist DOT in planning and investment decisionmaking, DOT will re-open the survey for 45 calendar days, including Federal holidays through November 17, 2014. This will provide interested parties with an additional opportunity to submit projects for consideration and supplement existing submissions. The DOT may not consider responses submitted after November 17, 2014, so as to allow DOT to deliver the MAP-21 mandated report to Congress within a reasonable timeframe.

DATES: The PNRS survey will re-open from October 2, 2014 to November 17, 2014.

ADDRESSES: To respond to the survey go to: http://www.ops.fhwa.dot.gov/Freight/infrastructure/nat_reg_sig/index.htm. This Web site contains the survey instrument as well as details on the survey background, how the survey results will be used, and who is eligible to respond. Please note that entering the survey link does not require you to submit any information.

For those who have already responded to the original PNRS survey, the re-opening of the survey does not affect your previously submitted responses. However, DOT strongly encourages those who participated in the original survey to review their prior submissions to determine if those submissions should be augmented with additional information. You may choose to resubmit your survey response, add more supporting documentation, withdraw it, or leave it as previously submitted.

FOR FURTHER INFORMATION CONTACT: For questions about the PNRS survey, contact Tamiko Burnell, FHWA Office of Freight Management and Operations, (202) 366-1200, or via email at tamiko.burnell@dot.gov. For legal questions, contact Alla Shaw, FHWA Office of the Chief Counsel, (202) 366-1042 or via email at Alla.Shaw@dot.gov. Business hours for FHWA are from 8:00 a.m. to 4:30 p.m., E.T., Monday through Friday, except Federal holidays.

Background

Section 1301 of the Safe, Accountable, Flexible, Efficient Transportation Equity Act: A Legacy for Users (SAFETEA-LU) (Pub. L. 109-59; 119 Stat. 1144) established a program to provide grants to States for PNRS to improve the safe, secure, and efficient movement of people and goods throughout the United States and to improve the health and welfare of the national economy.

Section 1120 of MAP-21 amended the PNRS program, including authorizing \$500 million to carry out the program; however, no funds were appropriated for the program. Section 1120 of MAP-21 requires DOT to develop a report to Congress that contains a comprehensive list of each PNRS. The comprehensive list will enable the Secretary of Transportation to classify PNRS and to develop recommendations on financing for eligible project costs.

On May 29, 2014, FHWA, on behalf of DOT, launched the initial PNRS survey that closed on June 30, 2014. The survey was emailed to stakeholders in the categories identified as "eligible applicants" in MAP-21 (State departments of transportation (State DOT), tribal governments, and transit agencies). On June 3, 2014, FHWA hosted a Webinar to inform stakeholders on the background and purpose of the PNRS survey, program eligibility, and survey content.

Twenty-seven States and several transit authorities participated in the original survey, submitting a total of 143 projects. While over half of the 50 States participated, many regions of the country provided limited or no participation. Therefore, the overall results were less than comprehensive.

Purpose of This Notice

The purpose of this notice is fourfold: (1) To define the PNRS Survey and project eligibility; (2) to re-open the PNRS Survey for a period of 45 calendar days (including Federal holidays); (3) to establish how DOT will conduct outreach with stakeholders and potential respondents; and (4) to provide additional guidance on responding to survey questions.

PNRS Survey

Section 1120 of MAP-21 requires the DOT to develop a report to Congress that contains a comprehensive list of each project of national and regional significance that has been compiled through a survey of State DOTs. The comprehensive list will enable the Secretary to classify PNRS and to develop recommendations on financing for eligible project costs. For purposes of the survey, Section 1120 of MAP-21 defines PNRS as projects that:

- Significantly improve the national or regional performance of the Federal-aid highway system;
- Generate national economic benefits, including increased access to jobs and labor;
- Reduce long-term congestion and increase the speed, reliability, and accessibility of the movement of people or freight;
- Improve transportation safety, including reducing transportation accidents, serious injuries, and fatalities; and
- Can be supported by an acceptable degree of non-Federal financial commitments.

Using the PNRS project definitions above, the DOT is conducting a nationwide survey. Responses to the survey are voluntary and will be used by DOT to compile and submit the
