SECURITIES AND EXCHANGE COMMISSION

[Release No. 34-73246; File No. SR-Phlx-2014-59]

Self-Regulatory Organizations; NASDAQ OMX PHLX LLC; Notice of Filing and Immediate Effectiveness of Proposed Rule Change To Delay the Implementation Period of the New Options Floor Broker Management System Until November 3, 2014

September 29, 2014.

Pursuant to Section 19(b)(1) of the Securities Exchange Act of 1934 ("Act")¹, and Rule 19b-4 thereunder,² notice is hereby given that on September 19, 2014, NASDAQ OMX PHLX LLC ("Phlx" or "Exchange") filed with the Securities and Exchange Commission ("SEC" or "Commission") the proposed rule change as described in Items I and II below, which Items have been prepared by the Exchange. The Commission is publishing this notice to solicit comments on the proposed rule change from interested persons.

I. Self-Regulatory Organization's Statement of the Terms of the Substance of the Proposed Rule Change

The Exchange proposes to extend the implementation rollout of its new Options Floor Broker Management System.

The text of the proposed rule change is available on the Exchange's Web site at <http://nasdaqomxphlx.cchwallstreet.com/>, at the principal office of the Exchange, and at the Commission's Public Reference Room.

II. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

In its filing with the Commission, the Exchange included statements concerning the purpose of and basis for the proposed rule change and discussed any comments it received on the proposed rule change. The text of these statements may be examined at the places specified in Item IV below. The Exchange has prepared summaries, set forth in sections A, B, and C below, of the most significant aspects of such statements.

A. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

1. Purpose

The purpose of the proposal is to extend the rollout of the Exchange's enhancements to the Options Floor Broker Management System ("FBMS"). Today, FBMS enables Floor Brokers and/or their employees to enter, route, and report transactions stemming from options orders received on the Exchange. FBMS also establishes an electronic audit trail for options orders represented by Floor Brokers on the Exchange. Floor Brokers can use FBMS to submit orders to Phlx XL, rather than executing the orders in the trading crowd.

With the new FBMS, all options transactions on the Exchange involving at least one Floor Broker are required to be executed through FBMS. In connection with order execution, the Exchange allows FBMS to execute two-sided orders entered by Floor Brokers, including multi-leg orders up to 15 legs, after the Floor Broker has represented the orders in the trading crowd. FBMS also provides Floor Brokers with an enhanced functionality called the complex calculator that calculates and displays a suggested price of each individual component of a multi-leg order, up to 15 legs, submitted on a net debit or credit basis.

The Exchange received approval to implement the FBMS enhancements as of June 1, 2013,³ and delayed implementation until July 2013,⁴ until

September 2013,⁵ until December 2013,⁶ until March 2014,⁷ and again until September 1, 2014.⁸ The Exchange made a number of improvements intended to improve the performance of the new system.

Implementation began on March 7, 2014. In its most recent filing delaying implementation,⁹ the Exchange stated that the implementation period would be up to September 1, 2014, during which the new FBMS enhancements and related rules would operate along with the existing FBMS and rules.¹⁰ At this time, the Exchange needs additional time to complete the implementation because of technology issues with the new system. The new FBMS is available to all users (Floor Brokers) and in all options. Nevertheless, the Exchange believes that the Floor Brokers need additional time to familiarize themselves with the new features of FBMS, based on that ongoing experience, offer input regarding system performance, and provide the Exchange with the opportunity to address performance improvements. Given some technology issues that the Exchange has encountered during the implementation period, the delay is needed to allow Floor Brokers additional time to adapt to the new system as the Exchange works to improve the performance of the new system. As the performance issues are resolved, the delay will allow the Floor Brokers to migrate their business in a prudent manner. The delay is not as a result of major technology changes from the original proposal and no rule changes are being made; rather, the Exchange continues to work to, generally, make the system more user-friendly and provide more useful interfaces for the ultimate user, the Floor Broker.

Accordingly, the Exchange seeks an additional two month period (until November 3, 2014) to be able to continue the implementation rollout; the Exchange announced the specific date on which the trial period will end and the old FBMS will no longer be available in advance through an Options
