

unsolicited written comments from members or other interested parties.

III. Date of Effectiveness of the Proposed Rule Change and Timing for Commission Action

Within 45 days of the publication date of this notice in the **Federal Register** or within such longer period up to 90 days (i) as the Commission may designate if it finds such longer period to be appropriate and publishes its reasons for so finding or (ii) as to which the self-regulatory organization consents, the Commission will:

- (a) By order approve or disapprove such proposed rule change, or
- (b) institute proceedings to determine whether the proposed rule change should be disapproved.

IV. Solicitation of Comments

Interested persons are invited to submit written data, views, and arguments concerning the foregoing, including whether the proposed rule change is consistent with the Act. The Commission requests comments, in particular, on the following:

1. If the proposed rule change is approved, an EAM will be able to know where and at what price its affiliated market makers are either quoting or have orders on the order book and to use that information to influence its routing decisions. Do commenters agree with the Exchange's assertion that the proposed rule change will not introduce customer harm, as this change does not impact the order protection rules applicable to an EAM handling an order as agent? Do commenters have a view on whether permitting EAMs to make routing decisions, based on knowledge of an affiliated market maker's quotes, would impact the execution quality and handling of customer orders? Please explain.

2. Given that EAMs must maintain policies and procedures that are reasonably designed to ensure against the misuse of material, nonpublic information pursuant to ISE Rule 408, do commenters have any views regarding a proposed rule that would permit an EAM to have non-public information about where and at what price its affiliated market maker is either quoting or has orders on the order book?
