Title: Importer ID Input Record.

OMB Number: 1651-0064.

Form Number: CBP Form 5106.

Abstract: The collection of the information on the Importer ID Input Record (CBP Form 5106) is the basis for establishing bond coverage, release and entry of merchandise, liquidation, and the issuance of bills and refunds. Each person, business firm, government agency, or other organization that intends to file an import entry shall file CBP Form 5106 with the first formal entry or request for services that will result in the issuance of a bill or a refund check upon adjustment of a cash collection. This form is also filed for the

ultimate consignee for whom an entry is being made.

CBP proposes to revise the CBP Form 5106 by gathering additional information about the company and its officers. This will enhance CBP's ability to make an informative assessment of risk prior to the initial importation, and will provide CBP with improved awareness regarding the company and its officers who have chosen to conduct business with CBP. CBP is also requesting that the company officers whose information will be submitted on this form have importing and financial business knowledge of the company, and that they have the legal authority to make decisions on behalf of the company.

The revised form will capture more detailed company information which is in alignment with other U.S. Government data standards and business standards. In addition to collecting information about the business structure and its officers, this detailed information will provide CBP with a greater knowledge about the company and its' previous business practices. The new data elements that CBP proposes to collect are:
