SUPPLEMENTARY INFORMATION: This notice informs the public that HUD is seeking approval from OMB for the

information collection described in Section A.

A. Overview of Information Collection

Title of Information Collection: 24 CFR Part 50—Protection and Enhancement of Environmental Quality.

OMB Approval Number: 2506-0177.

Type of Request: Extension of currently approved collection.

Description of the need for the information and proposed use: HUD requests its applicants to supply environmental information that is not otherwise available to HUD staff for the environmental review on an applicant's proposal for HUD financial assistance to develop or improve housing or community facilities. HUD itself must perform an environmental review for the purpose of compliance with its environmental regulations found at 24 CFR Part 50, Protection and Enhancement of Environmental Quality. Part 50 implements the National Environmental Policy Act and implementing procedures of the Council on Environmental Quality, as well as the related federal environmental laws and executive orders. HUD's agency-wide provisions—24 CFR 50.3(h)(1) and 50.32 [copy attached]—regulate how individual HUD program staffs are to utilize such collected data when HUD itself prepares the environmental review and compliance. Separately, individual HUD programs each have their own regulations and guidance implementing environmental and related collection responsibilities. For the next three years, this approved collection will continue unchanged under this OMB control number to assure adequate coverage for all HUD programs subject to Part 50.

Respondents: Businesses, not-for-profit institutions, and local governments receiving HUD funding.
