DEPARTMENT OF JUSTICE

Drug Enforcement Administration

[Docket No. 14-3]

Fiaz Afzal, M.D.; Decision And Order

On November 4, 2013, the Deputy Assistant Administrator, Office of Diversion Control, Drug Enforcement Administration, issued an Order to Show Cause to Fiaz Afzal, M.D. (Respondent), of Kenner, Louisiana. ALJ Ex. 1. The Show Cause Order proposed the revocation of Respondent’s DEA Certificate of Registration BA5142308, which authorizes him to dispense controlled substances as a practitioner, as well as the denial of any pending application to renew or modify the registration, on the ground that his “registration is inconsistent with the public interest.” *Id.* at 1 (citing 21 U.S.C. 823(f) & 824(a)(4)).

As the basis for the proceeding, the Show Cause Order specifically alleged that “[f]rom in or about 2006 through in or about March of 2012, [Respondent] issued prescriptions for controlled substances to fifteen patients outside the usual course of professional practice and for other than a legitimate medical purpose in violation of 21 CFR 1306.04(a).” *Id.* The Order also alleged that the prescriptions Respondent “issued to these patients also violated Louisiana . . . law pertaining to controlled substances.” *Id.* at 1-2 (citing La. Rev. Sta. § 37:1285A(6) & (14); La. Rev. Stat. § 46:6921).

The Show Cause Order further alleged that a medical expert had reviewed the medical records of the fifteen patients and found that Respondent “did not take a sufficient, or, in some cases, any objective medical history about the patient, that there was often a lack of diagnosis to support the continu[ed] prescribing of controlled substances, and that there was often no individual treatment plan.” *Id.* at 2. The Order also alleged that the expert had found that Respondent “failed to commence treatment with alternative treatments . . . rather than commenc[e] immediately with controlled substance prescriptions.” *Id.*

On November 14, 2013, Respondent requested a hearing on the allegations. ALJ Ex. 2. The matter was placed on the docket of the Office of Administrative Law Judges, and assigned to ALJ Christopher McNeil, who conducted an evidentiary hearing on February 25, 2014 in New Orleans, Louisiana.

At the hearing, the Government submitted various exhibits including patient files for the record; it also presented the testimony of an expert. Respondent submitted no exhibits and presented no testimony. Both parties submitted post-hearing briefs.

Thereafter, the ALJ issued his Recommended Decision (R.D.). Therein, the ALJ found, *inter alia*, that the Government had proved that Respondent had issued controlled-substance prescriptions to fifteen patients “in a manner that was not in the ordinary course of professional medical practice and was not based upon a legitimate medical justification.” R.D. at 66-67. Based on this finding, the ALJ further concluded that the Government had demonstrated “that Respondent’s continued . . . registration would be inconsistent with the public interest.” *Id.* at 67. The ALJ further found that Respondent “ha[d] not provided substantial evidence that he has acknowledged any noncompliance with controlled substance laws, nor that he has
