

Appx. 826, 828 (4th Cir. June 6, 2012) (unpublished).

This rule derives from the text of two provisions of the CSA. First, Congress defined “the term ‘practitioner’ [to] mean[] a physician . . . or other person licensed, registered or otherwise permitted, by . . . the jurisdiction in which he practices . . . to distribute, dispense, [or] administer . . . a controlled substance in the course of professional practice.” 21 U.S.C. 802(21). Second, in setting the requirements for obtaining a practitioner’s registration, Congress directed that “[t]he Attorney General shall register practitioners . . . if the applicant is authorized to dispense . . . controlled substances under the laws of the State in which he practices.” 21 U.S.C. 823(f) (emphasis added).

Because Congress has clearly mandated that a practitioner possess state authority in order to be deemed a practitioner under the Act, DEA has held repeatedly that revocation of a practitioner’s registration is the appropriate sanction if the practitioner is no longer authorized to dispense controlled substances under the laws of the State in which he practices medicine.<sup>5</sup> See, e.g., *Calvin Ramsey*, 76 FR 20034, 20036 (2011); *Sheran Arden Yeates, M.D.*, 71 FR 39130, 39131 (2006); *Dominick A. Ricci*, 58 FR 51104, 51105 (1993); *Bobby Watts*, 53 FR 11919, 11920 (1988). It is of no consequence that Respondent has sought judicial review of the Board’s decision. See *Ramsey*, 76 FR at 20036 (citing *Michael G. Dolin*, 65 FR 5661, 5662 (2000)). Under the CSA, all that matters is that Respondent is no longer

<sup>5</sup> It is unclear from the Board’s order whether Respondent offered any evidence in the State proceeding that he acknowledges his misconduct and has undertaken remedial measures to prevent its recurrence, and given the outcome of the proceeding and the absence of any discussion in the Order, it seems unlikely that he did. Indeed, while in the DEA proceeding, Respondent faced similar allegations of unlawful prescribing, he declined to testify and offered no evidence at all. See R.D. at 61–62.

While under this Agency’s precedents, evidence that a practitioner acknowledges his misconduct and has undertaken remedial measures may refute the Government’s *prima facie* case when it seeks the revocation of a practitioner’s registration on public interest grounds, it is unnecessary to determine whether Respondent offered such evidence in the board proceeding. This is so because Respondent’s loss of his state authority provides a separate and independent ground for revoking his registration. And because under the CSA, possessing authority under state law to dispense controlled substances is a mandatory requirement for obtaining and maintaining a DEA practitioner’s registration, it does not matter whether Respondent offered such evidence in the state board proceeding.

currently authorized to dispense controlled substances in Louisiana. *Id.*

Here, the Louisiana Board has suspended Respondent’s medical license for at least two years, and even in the event the Board reinstates his license, he will be prohibited from prescribing controlled substances for at least five years from the date of reinstatement. Accordingly, I conclude that Registrant is without authority under Louisiana law to handle controlled substances in the State in which he holds his DEA registration. Because Respondent no longer meets the CSA’s requirement that he be currently authorized to dispense controlled substances in the State in which he holds his registration, I will order that his registration be revoked. See *Craig Bammer*, 73 FR 34327, 34329 (2008); *Richard Carino, M.D.*, 72 FR 71955, 71956 (2007) (citing cases).

#### Order

Pursuant to the authority vested in me by 21 U.S.C. 823(f) and 824(a)(3) & (4), as well as 28 CFR 0.100(b) and 0.104, I order that DEA Certificate of Registration BA5142308, issued to Fiaz Afzal, M.D., be, and it hereby is, revoked. I further order that any application of Fiaz Afzal, M.D., to renew or modify his registration, be, and it hereby is, denied. This Order is effectively immediately.<sup>6</sup>

**SUPPLEMENTARY INFORMATION:** This ICR seeks approval under the PRA for revisions to the Representative Payee Report, Representative Payee Report Short Form, and Physician’s/Medical Officer’s Statement information collection. Benefits due a DOL black lung beneficiary may be paid to a representative payee on behalf of the beneficiary when he or she is unable to manage the benefits due to incapability or incompetence or because the beneficiary is a minor. The

Representative Payee Report (Form CM-623) and Representative Payee Report Short Form (Form CM-623S) are used to ensure that benefits paid to a representative payee are used for the beneficiary's well-being. The Physician's/Medical Officer's Statement (Form CM-787) is used to determine the beneficiary's capability to manage monthly black lung benefits. While not expected to affect respondent burden, this ICR has been classified as a revision because of minor clarifications that should help claimants better understand what information to provide on the forms. The Black Lung Benefits Act authorizes this information collection. See 30 U.S.C. 921, 922.

This information collection is subject to the PRA. A Federal agency generally cannot conduct or sponsor a collection of information, and the public is generally not required to respond to an information collection, unless it is approved by the OMB under the PRA and displays a currently valid OMB Control Number. In addition, notwithstanding any other provisions of law, no person shall generally be subject to penalty for failing to comply with a collection of information that does not display a valid Control Number. See 5 CFR 1320.5(a) and 1320.6. The DOL obtains OMB approval for this information collection under Control Number 1240-0020. The current approval is scheduled to expire on October 31, 2014; however, the DOL notes that existing information collection requirements submitted to the OMB receive a month-to-month extension while they undergo review. New requirements would only take effect upon OMB approval. For additional substantive information about this ICR, see the related notice published in the **Federal Register** on May 21, 2014 (79 FR 29219).

Interested parties are encouraged to send comments to the OMB, Office of Information and Regulatory Affairs at the address shown in the **ADDRESSES** section within thirty (30) days of publication of this notice in the **Federal Register**. In order to help ensure

appropriate consideration, comments should mention OMB Control Number 1240-0020. The OMB is particularly interested in comments that:

- Evaluate whether the proposed collection of information is necessary for the proper performance of the functions of the agency, including whether the information will have practical utility;
- Evaluate the accuracy of the agency's estimate of the burden of the proposed collection of information, including the validity of the methodology and assumptions used;
- Enhance the quality, utility, and clarity of the information to be collected; and
- Minimize the burden of the collection of information on those who are to respond, including through the use of appropriate automated, electronic, mechanical, or other technological collection techniques or other forms of information technology, e.g., permitting electronic submission of responses.
