

COIP Pilot Programs shall be structured in the future. In doing so, the proposed rule change will also serve to promote regulatory clarity and consistency, thereby reducing burdens on the marketplace and facilitating investor protection.

*C. Self-Regulatory Organization's Statement on Comments on the Proposed Rule Change Received From Members, Participants, or Others*

The Exchange has neither solicited nor received comments on the proposed rule change.

**III. Date of Effectiveness of the Proposed Rule Change and Timing for Commission Action**

The foregoing rule change has become effective pursuant to Section 19(b)(3)(A) of the Act<sup>10</sup> and Rule 19b-4(f)(6)<sup>11</sup> thereunder because the proposal does not: (i) Significantly affect the protection of investors or the public interest; (ii) impose any significant burden on competition; and (iii) by its terms, become operative for 30 days from the date on which it was filed, or such shorter time as the Commission may designate if consistent with the protection of investors and the public interest.<sup>12</sup>

A proposed rule change filed under Rule 19b-4(f)(6) normally may not become operative prior to 30 days after the date of filing. However, Rule 19b-4(f)(6)(iii)<sup>13</sup> permits the Commission to designate a shorter time if such action is consistent with the protection of investors and the public interest. The Exchange has requested that the Commission waive the 30-day operative delay period so the pilot programs can continue without interruption. The Commission believes that waiving the 30-day operative delay is consistent with the protection of investors and the public interest, as it will allow the pilot programs to continue uninterrupted, thereby avoiding any potential investor confusion that could result from a temporary interruption in the pilot programs. Further, the Commission notes that, because the filing was submitted for immediate effectiveness on October 3, 2014, the fact that the current rule provision does not expire

until October 18, 2013 will afford interested parties the opportunity to comment on the proposal before the Exchange requires it to become operative. For these reasons, the Commission believes that waiving the 30-day operative delay is consistent with the protection of investors and the public interest, and designates the proposed rule change to be operative on October 18, 2014.<sup>14</sup>

At any time within 60 days of the filing of the proposed rule change, the Commission summarily may temporarily suspend such rule change if it appears to the Commission that such action is necessary or appropriate in the public interest, for the protection of investors, or otherwise in furtherance of the purposes of the Act.<sup>15</sup>

**IV. Solicitation of Comments**

## OFFICE OF THE UNITED STATES TRADE REPRESENTATIVE

[Docket No. USTR–2014–0020]

### 2014 Special 301 Out-of-Cycle Review of India

**AGENCY:** Office of the United States Trade Representative.

**ACTION:** Notice of Request for Public Comments.

**SUMMARY:** In the 2014 Special 301 Report, the Office of the United States Trade Representative (USTR) announced that, in order to assess progress on engagement with the Government of India on intellectual property rights (IPR) issues, an Out-of-Cycle Review (OCR) would be conducted for India. USTR requests written submissions from the public concerning information, views, acts, policies, or practices relevant to evaluating the Government of India's engagement on IPR issues of concern, in particular those identified in the 2014 Special 301 Report. The 2014 Special 301 Report is available at [www.ustr.gov](http://www.ustr.gov).

#### Deadlines:

*Friday, October 31, 2014*—Deadline for the public, except foreign governments, to submit written comments.

*Friday, November 7, 2014*—Deadline for foreign governments to submit written comments.

**ADDRESSES:** All written comments should be filed electronically via [www.regulations.gov](http://www.regulations.gov), Docket Number USTR–2014–0020, and be consistent with the requirements set forth below. Please specify “2014 Special 301 Out-of-Cycle Review of India” in the “Type Comment” field.

**FOR FURTHER INFORMATION CONTACT:** Susan Wilson, Director for Intellectual Property and Innovation, Office of the United States Trade Representative, at [Special301@ustr.eop.gov](mailto:Special301@ustr.eop.gov). Information

on the Special 301 Review is available at [www.ustr.gov](http://www.ustr.gov).

#### SUPPLEMENTARY INFORMATION:

##### 1. Background

Section 182 of the Trade Act requires USTR to identify countries that deny adequate and effective protection of IPR or deny fair and equitable market access to U.S. persons who rely on intellectual property protection. The provisions of Section 182 are commonly referred to as the “Special 301” provisions of the Trade Act.

Those countries that have the most onerous or egregious acts, policies, or practices and whose acts, policies, or practices have the greatest adverse impact (actual or potential) on relevant U.S. products are to be identified as Priority Foreign Countries. In addition, USTR has created a “Priority Watch List” and a “Watch List” under Special 301 provisions. Placement of a trading partner on the Priority Watch List or Watch List indicates that particular problems exist in that country with respect to IPR protection, enforcement, or market access for persons relying on intellectual property.

In the 2014 Special 301 Report, USTR placed India on the Priority Watch List and noted that it would conduct an OCR of India focusing in particular on assessing progress made in establishing and building effective, meaningful, and constructive engagement with the Government of India on IPR issues of concern. An OCR is a tool that USTR uses to encourage progress on IPR issues of concern and can provide an opportunity for heightened engagement with a trading partner to address and remedy such issues.

##### 2. Written Comments

###### a. Requirements for Written Comments

To facilitate the review, written comments should be as detailed as possible and provide information and views relevant to assessing the quality of the Government of India's engagement on IPR issues of concern, in particular those issues identified in the 2014 Special 301 Report, including ideas on how the U.S. and Indian governments can enhance bilateral engagement, recommendations regarding the focus of such engagement, as well as the quality of engagement interested parties have experienced with the Government of India on IPR issues. Comments should focus on the time period since issuance of the 2014 Special 301 Report in April. To the extent relevant, USTR requests that comments include specific references to laws, regulations, policy statements, or

other measures that should factor in the review and describe engagement interested parties have had with the Government of India on IPR issues of concern.

###### b. Instructions for Submitting Comments

Comments must be in English. To ensure the timely receipt and consideration of comments, USTR strongly encourages commenters to submit comments electronically, using the [www.regulations.gov](http://www.regulations.gov) Web site.
