#### SUPPLEMENTARY INFORMATION:

##### Background

On August 12, 2014, the FAA published an immediate final rule entitled “Orders of Compliance, Cease and Desist Orders, Orders of Denial, and Other Orders” (79 FR 46964). That rulemaking provides the opportunity for an informal conference with an FAA attorney before an order is issued under 14 CFR 13.20, the FAA’s regulation covering orders other than certificate action and civil penalty orders. The change is necessary to provide additional fairness and process to those persons who are subject to such an order, and is consistent with the process available in other enforcement actions. These conferences may result in either a resolution of the matter or a narrowing of the issues, thereby conserving resources for respondents and the FAA.

##### Discussion of Comments

The FAA received one comment on the immediate final rule. The National Business Aviation Association (NBAA) welcomed the FAA’s amendment to § 13.20. The NBAA recognized this change provides additional fairness to those subject to an order. The NBAA acknowledged this rule as a positive change for the industry.

##### Conclusion

After consideration of the comments submitted in response to the immediate final rule, the FAA has determined that no revisions to the rule are warranted based on the comments received.

Issued under authority provided by 49 U.S.C. 106(f), 44701(a), and 44707 in Washington, DC, on October 9, 2014.

## PENSION BENEFIT GUARANTY CORPORATION

### 29 CFR Part 4022

#### Benefits Payable in Terminated Single-Employer Plans; Interest Assumptions for Paying Benefits

**AGENCY:** Pension Benefit Guaranty Corporation.

**ACTION:** Final rule.

**SUMMARY:** This final rule amends the Pension Benefit Guaranty Corporation’s regulation on Benefits Payable in Terminated Single-Employer Plans to prescribe interest assumptions under the regulation for valuation dates in November 2014. The interest assumptions are used for paying benefits under terminating single-employer plans covered by the pension insurance system administered by PBGC.

**DATES:** Effective November 1, 2014.

(TTY/TDD users may call the Federal relay service toll-free at 1-800-877-8339 and ask to be connected to 202-326-4024.)

**SUPPLEMENTARY INFORMATION:** PBGC’s regulation on Benefits Payable in Terminated Single-Employer Plans (29 CFR part 4022) prescribes actuarial assumptions—including interest assumptions—for paying plan benefits under terminating single-employer plans covered by title IV of the Employee Retirement Income Security Act of 1974. The interest assumptions in the regulation are also published on PBGC’s Web site (<http://www.pbgc.gov>).

PBGC uses the interest assumptions in Appendix B to Part 4022 to determine whether a benefit is payable as a lump sum and to determine the amount to pay. Appendix C to Part 4022 contains interest assumptions for private-sector pension practitioners to refer to if they wish to use lump-sum interest rates determined using PBGC’s historical methodology. Currently, the rates in Appendices B and C of the benefit payment regulation are the same.

The interest assumptions are intended to reflect current conditions in the financial and annuity markets. Assumptions under the benefit payments regulation are updated monthly. This final rule updates the benefit payments interest assumptions for November 2014.<sup>1</sup>

<sup>1</sup> Appendix B to PBGC’s regulation on Allocation of Assets in Single-Employer Plans (29 CFR part 4044) prescribes interest assumptions for valuing benefits under terminating covered single-employer

Continued

The November 2014 interest assumptions under the benefit payments regulation will be 1.25 percent for the period during which a benefit is in pay status and 4.00 percent during any years preceding the benefit's placement in pay status. In comparison with the interest assumptions in effect for October 2014, these interest assumptions represent an increase of 0.25 percent in the immediate annuity rate and are otherwise unchanged.

PBGC has determined that notice and public comment on this amendment are impracticable and contrary to the public interest. This finding is based on the need to determine and issue new interest assumptions promptly so that the assumptions can reflect current market conditions as accurately as possible.

Because of the need to provide immediate guidance for the payment of benefits under plans with valuation dates during November 2014, PBGC finds that good cause exists for making the assumptions set forth in this amendment effective less than 30 days after publication.

PBGC has determined that this action is not a "significant regulatory action" under the criteria set forth in Executive Order 12866.

Because no general notice of proposed rulemaking is required for this amendment, the Regulatory Flexibility Act of 1980 does not apply. See 5 U.S.C. 601(2).
