OFFICE OF PERSONNEL MANAGEMENT

5 CFR Part 870

RIN 3206-AN04

Federal Employees' Group Life Insurance Program: Providing Option C Coverage for Children of Same-Sex Domestic Partners

AGENCY: U.S. Office of Personnel Management.

ACTION: Proposed rule.

SUMMARY: The United States Office of Personnel Management (OPM) is issuing a proposed rule to amend the Federal Employees' Group Life Insurance (FEGLI) regulations to allow children of same-sex domestic partners living in states that do not allow same-sex couples to marry to be covered as family members under an eligible individual's FEGLI Option C enrollment. This rule expands the circumstances under which an employee experiencing a change in family circumstances may include eligible children of a same-sex domestic partner.

DATES: Comments are due on or before December 15, 2014.

ADDRESSES: Send written comments to Ronald Brown, Policy Analyst, Planning & Policy Analysis, Office of Personnel Management, 1900 E Street NW., Washington, DC 20415-9700; or deliver to OPM, Room 2309, 1900 E Street NW., Washington, DC; or FAX to (202) 606-0636. FOR FURTHER INFORMATION CONTACT: Ronald Brown, Policy Analyst, (202) 606-0004, or by email to Ronald.Brown@opm.gov.

SUPPLEMENTARY INFORMATION: This proposed rule is intended to: (1) Extend eligibility as a stepchild under FEGLI

Option C to children of same-sex domestic partners of Federal employees or annuitants in states where same-sex couples are not permitted to marry; (2) amend 5 CFR Part 870 to provide that acquiring a child or children of an employee's same-sex domestic partner as described in Part 870 will be treated as a change in family circumstances so that a waiver of Basic insurance or Optional insurance may be cancelled; and (3) make other non-substantive, technical conforming amendments to the FEGLI rules in connection with the extension of coverage to children of same-sex domestic partners of Federal employees.

On June 17, 2009, President Obama issued the Presidential Memorandum on Federal Benefits and Non-Discrimination requesting that the Director of OPM extend certain benefits to qualified same-sex domestic partners of Federal employees. That Presidential Memorandum also requested that heads of executive departments and agencies conduct a review of the benefits provided by their respective departments and agencies to determine what authority they have to extend such benefits to same-sex domestic partners of Federal employees, annuitants, and their families. The results of that review were reported to the Director of OPM, who, in consultation with the United States Department of Justice, made recommendations to the President to provide benefits to the same-sex domestic partners of Federal Government employees. Subsequently, President Obama issued a Presidential Memorandum on June 2, 2010 requesting agencies to implement the recommended regulatory and administrative actions expanding benefits for same-sex domestic partners of Federal employees and their families.

Since OPM made its recommendations to the President, the Agency has determined that coverage under the FEGLI Program as a family member under Option C may be extended to the children of the same-sex domestic partners of Federal employees and annuitants. This regulatory action is necessary to implement fully the Presidential Memoranda cited above and is consistent with OPM's policy determination that extension of coverage is appropriate.

To maintain consistency across the Federal benefits programs, the

definitions of domestic partner and domestic partnership mirror those governing the Federal Employees Health Benefits Program (FEHBP) and the Federal Employees Dental and Vision Insurance Program (FEDVIP). For the reasons cited in the FEHBP and FEDVIP final regulation at 78 FR 64873, this includes a requirement that the employee or annuitant enrolled in Option C coverage reside in a state that does not recognize same-sex marriage. Also, this proposed rule adds a definition of "stepchild" to Part 870 to denote the child of an enrollee's spouse or same-sex domestic partner the same as in FEHBP and FEDVIP.

We recognize that the legal landscape is changing and certain states that currently do not allow same-sex couples to marry may allow them to do so in the future. Same-sex couples may also relocate from states where they cannot marry to states where they are permitted to marry. The possibility that the relevant state marriage laws may change has the potential to create significant administrative difficulties. For this reason, eligibility to elect Option C FEGLI coverage will be determined at the time the employee has a change in family circumstances (including marriage or divorce, a spouse's death, or acquisition of eligible child(ren)) and files an election with his or her employing office as provided by FEGLI regulation. Eligibility will depend on whether an enrollee seeking to cover the child of his or her domestic partner lives in a state that does not authorize same-sex marriage. This change can be found in section 870.302.

This regulation also adds to the events that constitute a change in family circumstances for employees, annuitants or compensationers who have Option C insurance under the FEGLI Program. The regulation amends Part 870 to provide that an employee who waived FEGLI Basic insurance or Optional insurance may cancel the waiver and become covered upon acquiring an eligible stepchild, if all eligibility requirements are met. Please see the changes to sections 870.503 and 870.506.

Regulatory Flexibility Act

I certify that this regulation will not have a significant economic impact on a substantial number of small entities because the regulation only adds

additional groups to the list of groups eligible for coverage under FEGLI.

Executive Order 12866, Regulatory Review

This rule has been reviewed by the Office of Management and Budget in accordance with Executive Order 12866.

Federalism

We have examined this rule in accordance with Executive Order 13132, Federalism, and have determined that this rule will not have any negative impact on the rights, roles and responsibilities of State, local, or tribal governments.

The Proposal

This action proposes to amend Title 14, Code of Federal Regulations (14 CFR), Part 71 by establishing Class E airspace extending upward from 700 feet above the surface within a 6.5-mile radius of Dry Creek Airport, Cypress, TX, to accommodate new standard instrument approach procedures. Controlled airspace is needed for the safety and management of IFR operations at the airport.

Class E airspace areas are published in Paragraph 6005 of FAA Order 7400.9Y, dated August 6, 2014 and effective September 15, 2014, which is incorporated by reference in 14 CFR 71.1. The Class E airspace designation listed in this document will be published subsequently in the Order.

The FAA has determined that this proposed regulation only involves an established body of technical regulations for which frequent and routine amendments are necessary to keep them operationally current. It, therefore, (1) is not a "significant regulatory action" under Executive Order 12866; (2) is not a "significant rule" under DOT Regulatory Policies and Procedures (44 FR 11034; February 26, 1979); and (3) does not warrant preparation of a Regulatory Evaluation as the anticipated impact is so minimal. Since this is a routine matter that will only affect air traffic procedures and air navigation, it is certified that this rule, when promulgated, will not have a significant economic impact on a substantial number of small entities under the criteria of the Regulatory Flexibility Act.

The FAA's authority to issue rules regarding aviation safety is found in Title 49 of the U.S. Code. Subtitle 1, Section 106 describes the authority of the FAA Administrator. Subtitle VII, Aviation Programs, describes in more detail the scope of the agency's authority. This rulemaking is promulgated under the authority described in Subtitle VII, Part A, Subpart I, Section 40103. Under that section, the FAA is charged with prescribing regulations to assign the use of airspace necessary to ensure the safety of aircraft and the efficient use of airspace. This regulation is within the scope of that authority as it would
