SUPPLEMENTARY INFORMATION:

Addition

On 3/28/2014 (79 FR 17509-17510), the Committee for Purchase From People Who Are Blind or Severely Disabled published notice of proposed addition to the Procurement List.

After consideration of the material presented to it concerning capability of qualified nonprofit agency to provide the service and impact of the addition on the current or most recent contractors, the Committee has determined that the service listed below is suitable for procurement by the

Federal Government under 41 USC 8501-8506 and 41 CFR 51-2.4.

Regulatory Flexibility Act Certification

I certify that the following action will not have a significant impact on a substantial number of small entities. The major factors considered for this certification were:

1. The action will not result in any additional reporting, recordkeeping or other compliance requirements for small entities other than the small organization that will provide the service to the Government.

2. The action will result in authorizing a small entity to provide the service to the Government.

3. There are no known regulatory alternatives which would accomplish the objectives of the Javits-Wagner-O'Day Act (41 USC 8501-8506) in connection with the service proposed for addition to the Procurement List.

End of Certification

Accordingly, the following service is added to the Procurement List:

SERVICE

Service Type/Location: 3d Party Logistics Service Product Manager Force Sustainment Systems, 15 Kansas Street, Natick, MA

NPA: ReadyOne Industries, Inc., El Paso, TX Contracting Activity: Dept of the Army, W6QK ACC-APG Natick, Natick, MA

Comments were received from two commercial contractors. The contractors assert that the Committee's notice of proposed addition was vague and lacked specificity; therefore, the Committee could not have properly assessed the impact on the contractors' firms. One contractor questioned whether the project would create employment for people with significant disabilities.

The notice of proposed addition listed the service type as "3d Party Logistics Service" and was further described as: "Provide contract management services and Warehousing and Supply Chain Management (Integration, Warehousing, and Refurbishment)." The Department of the Army, Army Contracting Command-Aberdeen Proving Ground (Natick Contracting Division), often referred to as Natick or NCD, is the contracting activity in support of the requirements of Product Manager Force Sustainment System (PMFSS).

"3d Party Logistics" (3PL) is a common, well-defined commercial service provided by multiple commercial companies to many Government agencies, including the Department of Defense (DOD). While 3PL is a recognized service, the
