

persons using the service, within the meaning of Rule 19b-4(f)(4)(i). As discussed above, ICE Clear Europe is currently the clearing organization for the transitioning LIFFE contracts, and will continue to clear such contracts following the transition of trading to ICE Futures Europe. The contract terms of the transitioning contracts are not changing in any material respect, and ICE Clear Europe will continue to use substantially the same risk management, margin, guaranty fund, settlement and other policies and procedures following the transition as are currently used with respect to such contracts. The amendments to the Rules and Procedures discussed herein generally consist of conforming changes to defined terms and related transitional provisions that will accommodate the transition of trading activity. In ICE Clear Europe's view, these changes will thus not significantly affect the safeguarding of funds or securities in the custody or control of ICE Clear Europe, or otherwise significantly affect the rights or obligations of the Clearing House and its Clearing Members. At any time within 60 days of the filing of the proposed rule change, the Commission summarily may temporarily suspend such rule change if it appears to the Commission that such action is necessary or appropriate in the public interest, for the protection of investors, or otherwise in furtherance of the purposes of the Act.

SECURITIES AND EXCHANGE COMMISSION

[Release No. 34-73349; File No. SR-ISE-2014-47]

Self-Regulatory Organizations; International Securities Exchange, LLC; Notice of Filing and Immediate Effectiveness of Proposed Rule Change To Amend the Schedule of Fees

October 14, 2014.

Pursuant to Section 19(b)(1) of the Securities Exchange Act of 1934 (the "Act"),¹ and Rule 19b-4 thereunder,² notice is hereby given that on October 1, 2014, the International Securities Exchange, LLC (the "Exchange" or the "ISE") filed with the Securities and Exchange Commission the proposed

rule change, as described in Items I, II, and III below, which items have been prepared by the self-regulatory organization. The Commission is publishing this notice to solicit comments on the proposed rule change from interested persons.

I. Self-Regulatory Organization's Statement of the Terms of Substance of the Proposed Rule Change

The ISE is proposing to amend its Schedule of Fees to introduce a new rebate tier for members that execute a specified volume of Qualified Contingent Cross ("QCC") and/or other solicited crossing orders in a month. The text of the proposed rule change is available on the Exchange's Web site (<http://www.ise.com>), at the principal office of the Exchange, and at the Commission's Public Reference Room.

II. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

In its filing with the Commission, the self-regulatory organization included statements concerning the purpose of, and basis for, the proposed rule change and discussed any comments it received on the proposed rule change. The text of these statements may be examined at the places specified in Item IV below. The self-regulatory organization has prepared summaries, set forth in sections A, B and C below, of the most significant aspects of such statements.

A. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

1. Purpose

The purpose of the proposed rule change is to amend the Schedule of Fees to introduce a new rebate tier for members that execute a specified volume of QCC and/or other solicited crossing orders in a month. The Exchange's Schedule of Fees has separate tables for fees and rebates applicable to Standard Options and Mini Options. The Exchange notes that while the discussion below relates to rebates for Standard Options, the rebates for Mini Options, which are not discussed below, are and shall continue to be 1/10th of the rebates for Standard Options.

The Exchange offers members tiered rebates in QCC and/or other solicited crossing orders, i.e. orders executed in the solicitation, facilitation, or price improvement mechanisms where the agency order is executed against an order solicited from another party (the

² 17 CFR 240.19b-4.

“QCC and Solicitation Rebate”). These rebates are provided for each originating side of a crossing order, based on a member’s volume in the crossing mechanisms during a given month.³ Currently, the rebate is \$0.07 per contract for members that execute from 200,000 to 499,999 originating contract sides, \$0.08 per contract for members that execute from 500,000 to 699,999 originating contract sides, \$0.09 per contract for members that execute from 700,000 to 999,999 originating contract sides, and \$0.11 per contract for members that execute 1,000,000 originating contract sides or more.⁴ The Exchange now proposes to extend this pricing initiative to members that execute from 100,000 to 199,999 originating contract sides in a given month, who will now be eligible to receive a QCC and Solicitation Rebate of \$0.05 per contract for their QCC and/or other solicited crossing orders.

2. Statutory Basis

The Exchange believes that the proposed rule change is consistent with the provisions of Section 6 of the Act,⁵ in general, and Section 6(b)(4) of the Act,⁶ in particular, in that it is designed to provide for the equitable allocation of reasonable dues, fees, and other charges among its members and other persons using its facilities. Currently, members must execute a minimum of 200,000 originating contract sides in QCC and/or other solicited crossing orders, in order to qualify for a QCC and Solicitation Rebate. The Exchange believes that the proposed fee change is reasonable and equitable as members that meet the lower volume threshold established in this filing will now be entitled to receive a rebate for their QCC and/or solicited crossing orders. Moreover, lowering the threshold level at which members are entitled to receive a rebate for their QCC and/or solicited crossing orders will attract more of this order flow to the ISE, to the benefit of all members that trade on the Exchange. The Exchange does not believe that the proposed fee change is unfairly discriminatory as the rebate will be uniformly applied to all members that meet the volume threshold for the new

tier. By lowering the volume threshold required to receive a QCC and Solicitation Rebate, the proposed fee change is designed to allow more members to qualify. At the same time, members who execute a higher volume of QCC and/or solicited crossing orders will continue to receive rebates at the current higher rates.

The Exchange notes that it has determined to charge fees and provide rebates in Mini Options at a rate that is $\frac{1}{10}$ th the rate of fees and rebates the Exchange provides for trading in Standard Options. The Exchange believes it is reasonable and equitable and not unfairly discriminatory to assess lower fees and rebates to provide market participants an incentive to trade Mini Options on the Exchange. The Exchange believes the proposed rebates are reasonable and equitable in light of the fact that Mini Options have a smaller exercise and assignment value, specifically $\frac{1}{10}$ th that of a standard option contract, and, as such, is providing fees and rebates for Mini Options that are $\frac{1}{10}$ th of those applicable to Standard Options.

B. Self-Regulatory Organization’s Statement on Burden on Competition

In accordance with Section 6(b)(8) of the Act,⁷ the Exchange does not believe that the proposed rule change will impose any burden on intermarket or intramarket competition that is not necessary or appropriate in furtherance of the purposes of the Act. To the contrary, the Exchange believes that the proposed rule change is pro-competitive as it is designed to attract additional crossing order flow by offering attractive rebates to members that bring their QCC and/or solicited crossing orders to the ISE. The Exchange operates in a highly competitive market in which market participants can readily direct their order flow to competing venues. In such an environment, the Exchange must continually review, and consider adjusting, its fees to remain competitive with other exchanges. For the reasons described above, the Exchange believes that the proposed fee changes reflect this competitive environment.

C. Self-Regulatory Organization’s Statement on Comments on the Proposed Rule Change Received From Members, Participants or Others

The Exchange has not solicited, and does not intend to solicit, comments on this proposed rule change. The Exchange has not received any unsolicited written comments from members or other interested parties.

III. Date of Effectiveness of the Proposed Rule Change and Timing for Commission Action

The foregoing rule change has become effective pursuant to Section 19(b)(3)(A)(ii) of the Act⁸ and subparagraph (f)(2) of Rule 19b-4 thereunder,⁹ because it establishes a due, fee, or other charge imposed by ISE.

At any time within 60 days of the filing of such proposed rule change, the Commission summarily may temporarily suspend such rule change if it appears to the Commission that such action is necessary or appropriate in the public interest, for the protection of investors, or otherwise in furtherance of the purposes of the Act. If the Commission takes such action, the Commission shall institute proceedings to determine whether the proposed rule should be approved or disapproved.

SECURITIES AND EXCHANGE COMMISSION

[Release No. 34-73346; File No. SR-NYSEMKT-2014-88]

Self-Regulatory Organizations; NYSE MKT LLC; Notice of Filing and Immediate Effectiveness of Proposed Rule Change to Make Conforming Amendments to Reflect Recent Deletion of Rule 343—Equities

October 14, 2014.

Pursuant to Section 19(b)(1) ¹ of the Securities Exchange Act of 1934 (the "Act") ² and Rule 19b-4 thereunder, ³ notice is hereby given that on October 10, 2014, NYSE MKT LLC (the "Exchange" or "NYSE MKT") filed with the Securities and Exchange Commission (the "Commission") the proposed rule change as described in Items I and II below, which Items have been prepared by the self-regulatory organization. The Commission is publishing this notice to solicit comments on the proposed rule change from interested persons.

I. Self-Regulatory Organization's Statement of the Terms of Substance of the Proposed Rule Change

The Exchange proposes to make conforming amendments to reflect its recent deletion of Rule 343—Equities. The text of the proposed rule change is

available on the Exchange's Web site at www.nyse.com, at the principal office of the Exchange, and at the Commission's Public Reference Room.

II. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

In its filing with the Commission, the self-regulatory organization included statements concerning the purpose of, and basis for, the proposed rule change and discussed any comments it received on the proposed rule change. The text of those statements may be examined at the places specified in Item IV below. The Exchange has prepared summaries, set forth in sections A, B, and C below, of the most significant parts of such statements.

A. Self-Regulatory Organization's Statement of the Purpose of, and the Statutory Basis for, the Proposed Rule Change

1. Purpose

The Exchange proposes to make conforming amendments to reflect its recent deletion of Rule 343—Equities. The Exchange deleted Rule 343—Equities and its interpretation, effective as of April 7, 2014.⁴ The Exchange accordingly proposes to delete obsolete references to Rule 343—Equities in Rule 321—Equities, governing formation or acquisition of subsidiaries by member organizations, and Rule 476A, which governs minor rule violations.

2. Statutory Basis

The Exchange believes that the proposed rule change is consistent with Section 6(b) of the Act,⁵ in general, and furthers the objectives of Section 6(b)(5) of the Act,⁶ in particular, because it is designed to prevent fraudulent and manipulative acts and practices, to foster cooperation and coordination with persons engaged in facilitating transactions in securities, and to remove impediments to and perfect the mechanism of a free and open market and a national market system and, in general, help to protect investors and the public interest. Specifically, the Exchange believes that deleting references to obsolete rules removes impediments to and perfects the mechanism of a free and open market by removing confusion that may result from having references to obsolete rules

in the Exchange's rulebook. The Exchange further believes that the proposal removes impediments to and perfects the mechanism of a free and open market by ensuring that persons subject to the Exchange's jurisdiction, regulators, and the investing public can more easily navigate and understand the Exchange's rulebook. The Exchange believes that eliminating references to obsolete rules would not be inconsistent with the public interest and the protection of investors because investors will not be harmed and in fact would benefit from increased transparency as to which rules are operable, thereby reducing potential confusion. Removing such obsolete cross references will also further the goal of transparency and add clarity to the Exchange's rules

B. Self-Regulatory Organization's Statement on Burden on Competition

The Exchange does not believe that the proposed rule change will impose any burden on competition that is not necessary or appropriate in furtherance of the purposes of the Act. The proposed change is not designed to address any competitive issue but rather would make the Exchange's rules internally consistent, thereby reducing confusion and making the Exchange's rules easier to understand and navigate.

C. Self-Regulatory Organization's Statement on Comments on the Proposed Rule Change Received From Members, Participants, or Others

No written comments were solicited or received with respect to the proposed rule change.

III. Date of Effectiveness of the Proposed Rule Change and Timing for Commission Action

The Exchange has filed the proposed rule change pursuant to Section 19(b)(3)(A)(iii) of the Act⁷ and Rule 19b-4(f)(6) thereunder.⁸ Because the proposed rule change does not: (i) significantly affect the protection of investors or the public interest; (ii) impose any significant burden on competition; and (iii) become operative prior to 30 days from the date on which it was filed, or such shorter time as the Commission may designate, if consistent with the protection of investors and the public interest, the proposed rule change has become effective pursuant to Section 19(b)(3)(A) of the Act and Rule 19b-4(f)(6)(iii) thereunder.
