SUPPLEMENTARY INFORMATION:

A. Purpose

The General Services Administration (GSA) has various mission responsibilities related to the acquisition and provision of supplies, transportation, information technology, telecommunications, real property management, and disposal of real and personal property. These mission responsibilities generate requirements that are realized through the solicitation and award of public contracts. In Fiscal Year 2013, these contracts had values ranging from under \$100 to over \$300,000,000.

Most GSA procurement-related information collections are required by the Federal Acquisition Regulation (FAR) or General Services Administration Acquisition Regulation (GSAR); each clause requiring such a collection must be individually approved by the Office of Management and Budget (OMB). However, some solicitations require contractors to submit information specific to that contracting action, such as information needed to evaluate offers (e.g. specific instructions for technical and price proposals, references for past performance) or data used to administer resulting contracts (e.g. project management plans).

This information collection is currently associated with GSA's information collection requirements contained in solicitations issued in accordance with the Uniform Contract Format under FAR Part 14, Sealed Bidding (see GSAR 514.201-1); FAR Part 15, Contracting by Negotiation (see GSAR 515.204-1); and solicitations under FAR Part 12, Acquisition of Commercial Items, when issued in accordance with the policy and procedures of FAR Part 14 and FAR Part 15 (see GSAR 512.301). This includes information collection requirements found in GSA Federal Supply Schedule (FSS) solicitations.

GOVERNMENT ACCOUNTABILITY OFFICE

Methodology Committee of the Patient-Centered Outcomes Research Institute (PCORI); Nominations

AGENCY: Government Accountability Office (GAO)

ACTION: Call for Nominations.

SUMMARY: The Patient Protection and Affordable Care Act gave the

Comptroller General of the United States responsibility for appointing not more than 15 members to a Methodology Committee of the Patient-Centered Outcomes Research Institute. In addition, the Directors of the Agency for Healthcare Research and Quality and the National Institutes of Health, or their designees, are members of the Methodology Committee. Methodology Committee members must meet the qualifications listed in Section 6301 of the Act. We are accepting nominations for one vacancy on the Committee. Expertise in health informatics, especially expertise in developing data networks or decision support for clinicians and patients, would be beneficial. Letters of nomination and resumes should be submitted by November 17, 2014 to ensure adequate opportunity for review and should be sent to either the email or mailing address listed below.

DEPARTMENT OF HEALTH AND HUMAN SERVICES

Designation of a Class of Employees for Addition to the Special Exposure Cohort

AGENCY: National Institute for Occupational Safety and Health (NIOSH), Centers for Disease Control and Prevention, Department of Health and Human Services (HHS).

ACTION: Notice.

SUMMARY: HHS gives notice of a decision to designate a class of employees from the General Atomics facility in La Jolla, California, as an addition to the Special Exposure Cohort (SEC) under the Energy Employees Occupational Illness Compensation Program Act of 2000. On September 25, 2014, the Secretary of HHS designated the following class of employees as an addition to the SEC:

"All Atomic Weapons Employees who worked for General Atomics at its facility in

La Jolla, California, during the period from January 1, 1960, through December 31, 1969, for a number of work days aggregating at least 250 work days, occurring either solely under this employment or in combination with work days within the parameters established for one or more other classes of employees included in the Special Exposure Cohort.”

This designation will become effective on October 25, 2014, unless Congress provides otherwise prior to the effective date. After this effective date, HHS will publish a notice in the **Federal Register** reporting the addition of this class to the SEC or the result of any provision by Congress regarding the decision by HHS to add the class to the SEC.

Additional information about the 2015 DGAC and the agenda for this meeting will be made available on the Internet at www.DietaryGuidelines.gov.

SUPPLEMENTARY INFORMATION: Under Section 301 of Public Law 101-445 (7 U.S.C. 5341, the National Nutrition Monitoring and Related Research Act of 1990, Title III) the Secretaries of Health and Human Services (HHS) and Agriculture (USDA) are directed to issue at least every five years a report titled *Dietary Guidelines for Americans*. The law instructs that this publication shall contain nutritional and dietary information and guidelines for the general public, shall be based on the preponderance of scientific and medical knowledge current at the time of publication, and shall be promoted by each federal agency in carrying out any federal food, nutrition, or health program. The *Dietary Guidelines for Americans* was issued voluntarily by HHS and USDA in 1980, 1985, and 1990; the 1995 edition was the first statutorily mandated report, followed by subsequent editions at appropriate intervals. To assist with satisfying the mandate, a discretionary federal advisory committee is established every five years to provide independent, science-based advice and recommendations. The DGAC consists of a panel of experts who were selected from the public/private sector. Individuals who were selected to serve

on the Committee have current scientific knowledge in the field of human nutrition and chronic disease.

Appointed Committee Members: Fourteen members currently serve on the 2015 DGAC. They were appointed by the Secretaries of HHS and USDA in May 2013. Information on the DGAC membership is available at www.DietaryGuidelines.gov.

Authority: The 2015 DGAC is authorized under 42 U.S.C. 217a, Section 222 of the Public Health Service Act, as amended.

Committee's Task: The work of the DGAC is solely advisory in nature and time-limited. The Committee is tasked with developing recommendations based on the preponderance of current scientific and medical knowledge using a systematic review approach. The DGAC will examine the current *Dietary Guidelines for Americans*, take into consideration new scientific evidence and current resource documents, and develop a report that is to be given to the Secretaries of HHS and USDA. The report will outline science-based recommendations and rationales which will serve as the basis for developing the eighth edition of the *Dietary Guidelines for Americans*. It is planned for the Committee to hold approximately seven public meetings to review and discuss recommendations. This will be the sixth meeting of the 2015 DGAC. Meeting dates, times, locations, and other relevant information are announced at least 15 days in advance of each meeting via **Federal Register** notice. As stipulated in the charter, the Committee will be terminated after delivery of its final report to the Secretaries of HHS and USDA or two years from the date the charter was filed, whichever comes first.

Purpose of the Meeting: In accordance with FACA and to promote transparency of the process, deliberations of the Committee will occur in a public forum. At this meeting, the Committee will continue its deliberations.

Meeting Agenda: The meeting agenda will include (a) review of Committee work since the last public meeting and (b) plans for future Committee work.

Meeting Registration: The meeting will be publicly accessible by webcast on the Internet. Registration is required and is expected to open on October 23, 2014. To register, please go to www.DietaryGuidelines.gov and click on the link for “Meeting Registration.” To register by phone, please call National Capitol Contracting, Shayla Edmonds at (703) 243-9696 by 5:00 p.m. E.S.T. November 3, 2014. Registration must include name, affiliation, and phone
