#### SUPPLEMENTARY INFORMATION:

##### I. Background

On August 1, 2013, President Obama issued E.O. 13650 to improve chemical facility safety and security. The Working Group charged with implementing the E.O. is co-chaired by DHS, DOL, and EPA, and includes participation from the Departments of Justice, Agriculture, and Transportation, all of whom play a role in Chemical Facility safety and security. During the initial months from the issuance of the E.O., the Working Group met the deliverables outlined in the E.O. as well as conducted a number of in-person listening sessions and webinars to gather input from stakeholders. This work is reflected in a report to the President released June 6,

2014, *Executive Order 13650: Actions To Improve Chemical Safety and Security—A Shared Commitment*. The report was a milestone, not an end point, and includes a Federal Action Plan for the path forward.

The Working Group has made significant progress on the implementation front of the Federal Action Plan since the release of the report by initiating community planning preparedness measures, increasing Federal coordination, improving data management techniques and technology, revising regulations, issuing guidance and advisory documents, and creating a best practices repository, among other initiatives.

## II. Scope of Webinar

The purpose of this webinar is to update stakeholders and the public on progress made on issues related to E.O. 13650 and implementation of items from the Federal Action Plan contained in the report to the President, and to raise awareness of the E.O. 13650 Working Group Web site, located at [www.osha.gov/chemicalexecutive\\_order](http://www.osha.gov/chemicalexecutive_order).

## III. Public Participation

We will do our best to accommodate all persons who wish to ask questions during the session. We request that participants refrain from making statements, and use this time to ask questions. Should time run out, participants may submit questions, or those wishing to submit statements, may do so via [eo.chemical@hq.dhs.gov](mailto:eo.chemical@hq.dhs.gov). For general inquiries regarding the E.O., please contact the Working Group at [eo.chemical@hq.dhs.gov](mailto:eo.chemical@hq.dhs.gov).

## NUCLEAR REGULATORY COMMISSION

[Docket No. NRC-2014-0135]

### Agency Information Collection Activities: Submission for the Office of Management and Budget (OMB) Review; Comment Request

**AGENCY:** Nuclear Regulatory Commission.

**ACTION:** Notice of the OMB review of information collection and solicitation of public comment.

**SUMMARY:** The U.S. Nuclear Regulatory Commission (NRC) has recently submitted to OMB for review the following proposal for the collection of information under the provisions of the Paperwork Reduction Act of 1995 (44 U.S.C. Chapter 35). The NRC hereby informs potential respondents that an agency may not conduct or sponsor, and that a person is not required to respond to, a collection of information unless it displays a currently valid OMB control

number. The NRC published a **Federal Register** notice with a 60-day comment period on this information collection on July 14, 2014.

1. *Type of submission, new, revision, or extension:* Extension.

2. *The title of the information collection:* 48 CFR 20 U.S. Nuclear Regulatory Commission Acquisition Regulation (NRCAR).

3. *Current OMB approval number:* 3150-0169.

4. *The form number if applicable:* N/A.

5. *How often the collection is required:* On occasion, one time.

6. *Who will be required or asked to report:* NRC contractors and potential contractors.

7. *An estimate of the number of annual responses:* 4,871.

8. *The estimated number of annual respondents:* 2,473.

9. *An estimate of the total number of hours needed annually to complete the requirement or request:* 20,095 (18,750 reporting plus 1,345 recordkeeping).

10. *Abstract:* The mandatory requirements of the NRCAR implement and supplement the government-wide Federal Acquisition Regulation (FAR), and ensure that the regulations governing the procurement of goods and services with the NRC satisfy the particular needs of the agency. Because of differing statutory authorities among Federal agencies, the FAR permits agencies to issue regulation to implement FAR policies and procedures internally to satisfy the specific need of the agency.

The public may examine and have copied for a fee publicly-available documents, including the final supporting statement, at the NRC's Public Document Room, Room O-1F21, One White Flint North, 11555 Rockville Pike, Rockville, Maryland 20852.
