Consistent with the determination in section 10 of Executive Order 13224 that “prior notice to persons determined to be subject to the Order who might have a constitutional presence in the United States would render ineffectual the blocking and other measures authorized in the Order because of the ability to transfer funds instantaneously,” I determine that no prior notice needs to be provided to any person subject to this determination who might have a constitutional presence in the United States, because to do so would render ineffectual the measures authorized in the Order.

SUMMARY: The Department of State and the Office of the United States Trade Representative (USTR) are providing notice that the governments of the United States and Kingdom of Morocco (the governments) intend to hold a

meeting to review implementation of the Environment Chapter of the United States-Morocco Free Trade Agreement (FTA), a meeting of the United States-Morocco Working Group on Environmental Cooperation (Working Group), and a public session in Rabat, Morocco, on October 28, 2014, at the Ministry of Environment, to discuss implementation of the Environment Chapter and Joint Statement on Environmental Cooperation. The governments will also discuss how the United States and Morocco can strengthen Morocco's capacity to protect and conserve the environment, highlight past bilateral environmental cooperation, review activities under the 2010-2012 Plan of Action, and develop a 2014-2017 Plan of Action. The Department of State and USTR invite the members of the public to submit written suggestions on items to include on the meeting agenda or in the 2014-2017 Plan of Action.

The Department of State and USTR also invite interested persons to attend a public session where the public will have the opportunity to ask about implementation of both the Joint Statement and the Environment Chapter of the United States-Morocco FTA.

SUPPLEMENTARY INFORMATION: The Environment Chapter of the FTA includes obligations on each Party to ensure that its environmental laws and policies provide for and encourage high levels of environmental protection, effectively enforce its environmental laws, and provide opportunities for

public participation on matters related to the implementation of the chapter. In the Joint Statement, the governments of the United States and Morocco (1) recognize "the importance of protecting the environment while promoting sustainable development in concert with the expanded bilateral trade and investment ties accompanying the United States-Morocco Free Trade Agreement ('FTA')" and (2) indicate their intent "to pursue efforts to enhance bilateral environmental cooperation. . . ." The governments express their intention to undertake cooperative environmental activities pursuant to the Joint Statement. In paragraph 5 of the Joint Statement, the governments establish the Working Group to coordinate and review environmental cooperation activities. As envisioned in the Joint Statement, the Working Group will endeavor to develop a Plan of Action, review and assess cooperative environmental activities pursuant to the Plan of Action, recommend ways to improve such cooperation, and undertake such other activities as may seem appropriate to the governments. The Plan of Action is a tool to establish goals, objectives, and areas for cooperation, including short-, medium-, and long-term bilateral and/or regional projects and activities. Through this notice, the United States is soliciting the views of the public with respect to the 2014-2017 Plan of Action.

In February 2010, the governments established the 2010-2012 Plan of Action for environmental cooperation with the following primary areas of cooperation: (1) Institutional and Policy Strengthening for Effective Implementation and Enforcement of Environmental Laws, Including Natural Resource-Related Laws; (2) Biodiversity Conservation and Improved Management of Protected Areas and Other Ecologically Important Ecosystems; (3) Improved Private Sector Environmental Performance; and (4) Environmental Education, Transparency and Public Participation in Environmental Decision-Making and Enforcement. The governments intend to adopt a 2014-2017 Plan of Action at the meetings, which the United States expects will build upon the cooperative work initiated in the 2010-2012 Plan of Action.

Members of the public, including NGOs, educational institutions, private sector enterprises, and all other interested persons are invited to submit written suggestions regarding items for inclusion in the meeting agendas or in the new Plan of Action. Please include your full name and identify any
