Written Comments: All interested parties, including Federal, State, Tribal, and local governments, and the general public, may submit written comments on the scope of the Lease Sale 244 EIS, significant issues that should be addressed, alternatives that should be considered, potential mitigation measures, and the types of oil and gas activities of interest in the proposed Lease Sale 244 area.

Scoping comments may be made through the regulations.gov web portal: Navigate to <http://www.regulations.gov> and search for Docket BOEM–2014–0001, or “Oil and Gas Lease Sales: Alaska Outer Continental Shelf; Cook Inlet Program Area Lease Sale 244”. Click on the “Comment Now!” button to the right of the document link. Enter your information and comment, and then click “Submit.”

Before including your address, phone number, email address, or other personal identifying information in your comment, you should be aware that your entire comment—including your personal identifying information—may be made publicly available at any time. While you can ask us in your comment to withhold your personal identifying information from public review, we cannot guarantee that we will be able to do so.

Cooperating Agency: BOEM invites qualified government entities, such as other Federal Agencies, State, Tribal, and local governments, to consider becoming cooperating agencies for the preparation of Lease Sale 244 EIS. Following the guidelines at 40 CFR 1501.6 and 1508.5 from the Council on Environmental Quality (CEQ), qualified agencies and governments are those with “jurisdiction by law or special expertise.” Potential cooperating agencies should consider their authority and capacity to assume the responsibilities of a cooperating agency and remember that an agency’s role in

the environmental analysis neither enlarges nor diminishes the final decision-making authority of any other agency involved in the NEPA process. Upon request, BOEM will provide potential cooperating agencies with a written summary of guidelines for cooperating agencies, including time schedules and critical action dates, milestones, responsibilities, scope and detail of cooperating agencies’ contributions, and availability of pre-decisional information. BOEM anticipates this summary will form the basis for a Memorandum of Understanding between BOEM and any cooperating agency. BOEM, as the lead agency, will not provide financial assistance to cooperating agencies. In addition to becoming a cooperating agency, other opportunities will exist to provide information and comments to BOEM during the public comment period for the EIS. For additional information about cooperating agencies, please contact Michael Rolland, Regional Supervisor, BOEM, at telephone (907) 334–5271.

Authority: This notice of intent is published pursuant to the regulation at 40 CFR 1501.7 implementing the provisions of NEPA.

Walter D. Cruickshank,

Acting Director, Bureau of Ocean Energy Management.
