

the Exclusive Economic Zone around the main Hawaiian Islands obtain a federal bottomfish permit. This collection of information is needed for permit issuance, to identify actual or potential participants in the fishery, determine qualifications for permits, and to help measure the impacts of management controls on the participants in the fishery. The permit program is also an effective tool in the enforcement of fishery regulations and serves as a link between the National Marine Fisheries Service (NMFS) and fishermen.

Regulations at 50 CFR 665 require that all vessel owners or operators in this fishery are required to submit a completed logbook form at the completion of each fishing trip. These logbook reporting sheets document the species and amount of species caught during the trip. The reporting requirements are crucial to ensure that NMFS and the Western Pacific Fishery Management Council (Council) will be able to monitor the fishery and have fishery-dependent information to develop an Annual Catch Limit for the fishery, evaluate the effectiveness of management measures, determine whether changes in fishery management programs are necessary, and estimate the impacts and implications of alternative management measures.

Affected Public: Individuals or households; business or other for-profit organizations.

Frequency: Annually and on occasion.

DEPARTMENT OF COMMERCE

Submission for OMB Review; Comment Request

The Department of Commerce will submit to the Office of Management and Budget (OMB) for clearance the following proposal for collection of information under the provisions of the

Paperwork Reduction Act (44 U.S.C. Chapter 35).

Agency: National Oceanic and Atmospheric Administration (NOAA).

Title: Alaska Region Permit Family of Forms.

OMB Control Number: 0648-0206.

Form Number(s): None.

Type of Request: Regular (revision and extension of a currently approved information collection).

Number of Respondents: 662.

Average Hours per Response: Federal Fisheries Permit, 21 minutes; Federal Processor Permit, 25 minutes; Exempted Fisheries Permit, 20 hours.

Burden Hours: 319.

Needs and Uses: This request is for revision and extension of a currently approved information collection.

For a person to participate in Federal fisheries, NMFS requires a Federal Fisheries Permit (FFP), a Federal Processor Permit (FPP), or an Experimental Fisheries Permit (EFP). NMFS Alaska Region created a set of groundfish permits that operators of vessels and managers of processors must have onboard or onsite when fishing for, receiving, buying, or processing groundfish. These permits provide NMFS with a way to monitor participation in groundfish fisheries.

Section 303(b)(1) of the Magnuson-Stevens Act specifically recognizes the need for permit issuance. The requirement of a permit for marine resource users is one of the regulatory steps taken to carry out conservation and management objectives. The issuance of a permit is an essential ingredient in the management of fishery resources needed for identification of the participants and expected activity levels and for regulatory compliance (e.g., withholding of permit issuance pending collection of unpaid penalties).

Revision: the Federal Processor Permit application has been revised.

Affected Public: Business or other for-profit organizations.

Frequency: Annually and on occasion.

Respondent's Obligation: Required to obtain or retain benefits.

DEPARTMENT OF COMMERCE

Submission for OMB Review; Comment Request

The Department of Commerce will submit to the Office of Management and Budget (OMB) for clearance the following proposal for collection of information under the provisions of the Paperwork Reduction Act (44 U.S.C. Chapter 35).

Agency: National Oceanic and Atmospheric Administration (NOAA).

Title: Sea Grant Program Application Requirements for Grants, for Sea Grant Fellowships, including the Dean John A. Knauss Marine Policy Fellowships, and for Designation as a Sea Grant College or Sea Grant Institute.

OMB Control Number: 0648-0362.

Form Number(s): NOAA 90-1, 90-2 and 90-4.

Type of Request: Regular (revision and extension of a currently approved information collection).

Number of Respondents: 162.

Average Hours per Response: Form 90-1, 30 minutes; Form 90-2, 20 minutes; Form 90-4, 15 minutes; Application for Designation as a Sea Grant College or Regional Consortium, 20 hours; Application for a Sea Grant Fellowship, 2 hours.

Burden Hours: 857.

Needs and Uses: This request is for revision and extension of a currently approved information collection.

The objectives of the National Sea Grant College Program, as stated in the Sea Grant legislation (33 U.S.C. 1121-1131) are to increase the understanding, assessments, development, utilization, and conservation of the Nation's ocean, coastal, and Great Lakes resources. The program accomplishes these objectives by conducting research, education, and outreach programs.

Grant monies are available for funding activities that help obtain the objectives of the Sea Grant Program. Both single and multi-project grants are awarded, with the latter representing about 80 percent of the total grant program. In addition to other standard grant application requirements, three forms are required with the grants. These are the Sea Grant Control Form 90-1, used to identify the organizations and personnel who would be involved in the grant and briefly summarize the

proposed activities under the grant; the Project Record Form 90–2, which collects summary data on projects; and the Sea Grant Budget Form 90–4, which provides information similar to, but more detailed than on, forms SF–424A or SF–424C. In addition, the National Sea Grant College Program Act (33 U.S.C. 1126) provides for application for designation of a public or private institution of higher education, institute, laboratory, or State or local agency as a Sea Grant college or Sea Grant institute.

Revision: The Project Record Form has been revised, based on public comments.

Affected Public: Not-for-profit institutions; business or other for-profit organizations; individuals or households; state, local and tribal governments.

Frequency: Annually and on occasion.

Respondent's Obligation: Required to obtain or maintain benefits.
