

pursuant to a May 25, 2012 Purchase and Sale Contract, subsequently extended and modified by way of a Reinstatement and First Amendment to Purchase and Sale Contract. MassDOT also states that the agreement does not contain any provisions that would limit interchange with a third-party connecting carrier.

MassDOT certifies that it would not conduct freight operations over the Railroad Assets, and therefore, MassDOT's prospective annual common carrier revenues will not result in the creation of a Class I or Class II carrier.

MassDOT states that it anticipates consummating the transaction on or about December 29, 2014, subject to a Board decision on the concurrently filed motion to dismiss. The earliest this transaction may be consummated is November 9, 2014, the effective date of the exemption (30 days after the verified notice was filed).

If the verified notice contains false or misleading information, the exemption is void *ab initio*. Petitions to revoke the exemption under 49 U.S.C. 10502(d) may be filed at any time. The filing of a petition to revoke will not automatically stay the effectiveness of the exemption. Petitions for stay must be filed no later than October 31, 2014 (at least seven days before the exemption becomes effective).

An original and 10 copies of all pleadings, referring to Docket No. FD 35863, must be filed with the Surface Transportation Board, 395 E Street SW., Washington, DC 20423-0001. In addition, a copy of each pleading must be served on MassDOT's representative, Robert A. Wimbish, Fletcher & Sippel LLC, 29 North Wacker Drive, Suite 920, Chicago, IL 60606.

Title: Small Business Lending Fund (SBLF) Supplemental Reports.

Abstract: Once accepted into the SBLF program, a bank is required to submit a Supplemental Report each quarter. The Supplemental Report serves two purposes.

First, the Quarterly Supplemental Report is used to determine the bank's small business lending baseline. A bank's initial dividend rate is based on the increase in small business lending (over this baseline) in the quarters from October 2010 through September 2013. In addition, a bank's dividend rate is now locked based on the results from its increase or decrease of qualified small business lending (versus the baseline) as of September 30, 2013.

Second, every quarter thereafter, the bank files a Supplemental Report quarterly so that Treasury can assess the change in the small business lending for the previous quarter. That change from

the historical baseline is used to set the dividend rate for the next quarter.

Type of Review: Extension of a currently approved collection.

Affected Public: Businesses or other for-profits.

Estimated Number of Respondents: 288.

Estimated Annual Hours per Response: 3.5 hours.

Estimated Total Annual Burden Hours: 4,032.

The public is invited to submit comments concerning: (a) Whether the collection of information is necessary for the proper performance of the functions of the agency, including whether the information will have practical utility; (b) the accuracy of the agency's estimate of the burden of the collection of information; (c) ways to enhance the quality, utility, and clarity of the information to be collected; (d) ways to minimize the burden of the collection of information on respondents, including the use of automated collection techniques or other forms of information technology; and (e) estimates of capital or start-up costs and costs of operation, maintenance, and purchase of services to provide information.
