

established body of technical regulations for which frequent and routine amendments are necessary to keep them operationally current. It, therefore, (1) is not a “significant regulatory action” under Executive Order 12866; (2) is not a “significant rule” under DOT Regulatory Policies and Procedures (44 FR 11034; February 26, 1979); and (3) does not warrant preparation of a Regulatory Evaluation as the anticipated impact is so minimal. Since this is a routine matter that will only affect air traffic procedures and air navigation, it is certified that this rule, when promulgated, will not have a significant economic impact on a substantial number of small entities under the criteria of the Regulatory Flexibility Act.

The FAA’s authority to issue rules regarding aviation safety is found in Title 49 of the U.S. Code. Subtitle 1, Section 106 describes the authority of the FAA Administrator. Subtitle VII, Aviation Programs, describes in more detail the scope of the agency’s authority. This rulemaking is promulgated under the authority described in Subtitle VII, Part A, Subpart I, Section 40103. Under that section, the FAA is charged with prescribing regulations to assign the use of airspace necessary to ensure the safety of aircraft and the efficient use of airspace. This regulation is within the scope of that authority as it would establish controlled airspace at El Jardin Ranch Airport, Encinal, TX.

Environmental Review

This proposal will be subject to an environmental analysis in accordance with FAA Order 1050.1E, “Environmental Impacts: Policies and Procedures” prior to any FAA final regulatory action.

Public Housing Program: Demolition or Disposition of Public Housing Projects, and Conversion of Public Housing to Tenant-Based Assistance; Correction

AGENCY: Office of the Assistant Secretary for Public and Indian Housing, HUD.

ACTION: Proposed rule; correction.

SUMMARY: HUD is correcting a proposed rule published in the **Federal Register** of October 16, 2014. The November 16, 2014 proposed rule incorrectly defined the term “HCC” in § 970.15. This document corrects as unnecessary an inadvertent error in expanding the abbreviation “HCC” as it occurred in § 970.15(a) of the rule. The term “HCC” is correctly defined in another section of the same rule.

Hearing- or speech-impaired individuals may access this number through TTY by calling the toll-free Federal Relay Service at 800–877–8339.

SUPPLEMENTARY INFORMATION: On October 16, 2014, HUD published a proposed rule entitled, “Public Housing Program: Demolition or Disposition of Public Housing Projects, and Conversion of Public Housing to Tenant-Based Assistance” (79 FR 62250). In § 970.15(a), the proposed rule inadvertently defined the term “HCC” as Housing Conservation Coordinators. In § 970.5, “HCC” is correctly defined as Housing Construction Cost. As a result, HUD is correcting this section by removing the incorrect language from the rule.

In FR Doc. 2014–24068 appearing on page 62250 in the **Federal Register** of Thursday, October 16, 2014, the following correction is made. On page 62280, in the third column, correct paragraph (a)(2) of § 970.15 to read as follows:

§ 970.15 [Corrected].

(2) No reasonable program of modifications is cost-effective to return the project to its useful life as evidenced by at least one estimate of the rehabilitation cost of the project by an independent architect or engineer that is not a regular employee of the PHA. HUD generally shall not consider a program of modifications to be cost-effective if the costs of such program exceed HCC in effect at the time the application is submitted to HUD; and
