Agency Information Collection Activities; Proposed Collection; Public Comment Request

AGENCY: Office of the Secretary, HHS.
ACTION: Notice.

SUMMARY: In compliance with section 3506(c)(2)(A) of the Paperwork Reduction Act of 1995, the Office of the Secretary (OS), Department of Health and Human Services, announces plans to submit a new Information Collection Request (ICR), described below, to the Office of Management and Budget (OMB). Prior to submitting that ICR to OMB, OS seeks comments from the public regarding the burden estimate, below. The OS also welcomes comments on any other aspect of the ICR.

DATES: Comments on the ICR must be received on or before December 29, 2014.

ADDRESSES: Submit your comments to *Information.CollectionClearance@hhs.gov* or by calling (202) 690–6162.

FOR FURTHER INFORMATION CONTACT: Information Collection Clearance staff, *Information.CollectionClearance@hhs.gov* or (202) 690–6162.

SUPPLEMENTARY INFORMATION: When submitting comments or requesting information, please include the document identifier HHS–OS0990–New 60D for reference.

Information Collection Request Title: Evaluation of the National Training on Trauma-Informed Care (TIC).

Abstract: The HHS OWH is requesting OMB approval to conduct a new, one time outcome evaluation of the *National Training Initiative on Trauma-Informed Care (TIC) for Community-Based Providers from Diverse Service Systems*

training curriculum. Policymakers and providers in many service sectors recognize the central role of trauma in causing or complicating physical and behavioral health conditions and the critical need for trauma-informed care (TIC) systems. The proposed evaluation will capture both knowledge gained and implementation impact achieved as a result of the TIC training and TA. Analyses and findings will be used to further refine the TIC curriculum and training approach, and can help inform OWH and HHS in future policymaking efforts. Information collected will also help researchers and practitioners better understand the impact of adopting a trauma-informed approach on and the quality of care provided by community-based providers.

Likely Respondents:

Site Visits

Site visits are designed to capture both the knowledge gained by training participants and the implementation impact achieved in their organizations as a result of the OWH TIC training and technical assistance. Interviewees will be drawn from two general categories, Leadership (includes staff in roles such as Director of Agency, CEO, and/or Executive Director) and Line/Other Frontline Staff (to include clinicians, program director/manager, direct program/service staff, and other frontline staff). While these agency/organization representatives will ideally have participated in the training, staff turnover or unavailability may result in the inclusion of leadership or line staff who did not participate in the training.

Online Survey

The goal of the online survey is to assess the impact of the training on participants’ skills acquired in, knowledge about, and values and beliefs surrounding trauma-informed care. All participants (leadership and line/other frontline staff) who have been trained will constitute the online survey target population.

TOTAL ESTIMATED ANNUALIZED BURDEN—HOURS

Form name	Number of respondents	Number of responses per respondent	Average burden per response (in hours)	Total burden hours
Online Survey	300	1	25/60	125
Leadership	125	1	25/60	52
Line/Other Frontline Staff	175	1	25/60	73
Site Visits	144	1	40/60	96
Leadership	72	1	40/60	48
Line/Other Frontline Staff	72	1	40/60	48
Total	221

OS specifically requests comments on (1) the necessity and utility of the proposed information collection for the proper performance of the agency's functions, (2) the accuracy of the estimated burden, (3) ways to enhance the quality, utility, and clarity of the information to be collected, and (4) the use of automated collection techniques or other forms of information technology to minimize the information collection burden.

Information Collection Clearance Officer.

Agency Information Collection Activities: Proposed Collection; Comment Request; Generic Clearance for the Collection of Qualitative Feedback on Agency Service Delivery

AGENCY: U.S. Department of Health and Human Services (HHS).

ACTION: 30-Day notice of submission of information collection approval from the Office of Management and Budget and request for comments.

SUMMARY: As part of a Federal Government-wide effort to streamline the process to seek feedback from the public on service delivery, Department of Health and Human Services has submitted a Generic Information Collection Request (Generic ICR): "Generic Clearance for the Collection of Qualitative Feedback on Agency Service Delivery" to OMB for approval under the Paperwork Reduction Act (PRA) (44 U.S.C. 3501 et seq.).

DATES: Comments must be submitted November 28, 2014.

ADDRESSES: Written comments may be submitted to Sherette.funncoleman@hhs.gov, or call the Reports Clearance Office on (202) 690-5683. Send written comments and recommendations for the proposed information collections within 30 days of this notice directly to the OS OMB Desk Officer; faxed to OMB at 202-395-5806.

FOR FURTHER INFORMATION CONTACT: To request additional information, please contact Information Collection Clearance staff, Information.CollectionClearance@hhs.gov or (202) 690-6162.

SUPPLEMENTARY INFORMATION:

Title: Generic Clearance for the Collection of Qualitative Feedback on Agency Service Delivery.

Abstract: The information collection activity will garner qualitative customer and stakeholder feedback in an efficient, timely manner, in accordance with the Administration's commitment to improving service delivery. By qualitative feedback we mean information that provides useful insights on perceptions and opinions, but are not statistical surveys that yield quantitative results that can be generalized to the population of study. This feedback will provide insights into customer or stakeholder perceptions, experiences and expectations, provide an early warning of issues with service, or focus attention on areas where communication, training or changes in operations might improve delivery of products or services. These collections will allow for ongoing, collaborative and actionable communications between the Agency and its customers and stakeholders. It will also allow feedback to contribute directly to the improvement of program management.

Feedback collected under this generic clearance will provide useful information, but it will not yield data that can be generalized to the overall population. This type of generic clearance for qualitative information will not be used for quantitative information collections that are designed to yield reliably actionable results, such as monitoring trends over time or documenting program performance. Such data uses require more rigorous designs that address: The target population to which generalizations will be made, the sampling frame, the sample design (including stratification and clustering), the precision requirements or power calculations that justify the proposed sample size, the expected response rate, methods for assessing potential non-response bias, the protocols for data collection, and any testing procedures that were or will be undertaken prior fielding the study. Depending on the degree of influence the results are likely to have, such collections may still be eligible for submission for other generic mechanisms that are designed to yield quantitative results.

The Agency received no comments in response to the 60-day notice published in the **Federal Register** of August 8, 2014 (79 FR 46441).

Below we provide Department of Health and Human Services projected

average estimates for the next three years:¹

Current Actions: Extension of approval for a collection of information.

Type of Review: Extension.

Affected Public: Individuals and Households, Businesses and Organizations, State, Local or Tribal Government.

Average Expected Annual Number of Activities: 7.

An agency may not conduct or sponsor, and a person is not required to respond to, a collection of information unless it displays a currently valid Office of Management and Budget control number.
