

**SUMMARY:** The U.S. Department of Commerce's Bureau of the Census (Census Bureau) publishes this notice to announce that the Director of the Census Bureau has determined the need to conduct the 2014 Annual Retail Trade Survey (ARTS). ARTS covers employer firms with establishments located in the United States and classified in the Retail Trade and/or Accommodation and Food Services sectors as defined by the 2007 North American Industry Classification System (NAICS). The Census Bureau conducts the ARTS to provide continuing and timely national statistical data on retail trade, and accommodation and food services activity annually.

**ADDRESSES:** The Census Bureau will provide report forms to businesses included in the survey. Additional copies are available upon written request to the Director, U.S. Census Bureau, Washington, DC 20233-0101.

**FOR FURTHER INFORMATION CONTACT:** Chris Savage, Economy Wide Division, at (301) 763-4834 or by email at [john.c.savage@census.gov](mailto:john.c.savage@census.gov).

**SUPPLEMENTARY INFORMATION:** Sections 182, 224, and 225 of Title 13 of the United States Code (U.S.C.) authorize the Census Bureau to take surveys that are necessary to produce current data on the subjects covered by the major censuses. As part of this authorization, the Census Bureau conducts the ARTS to provide continuing and timely national statistical data on retail trade, and accommodation and food services activity for the period between economic censuses. ARTS is a continuation of similar retail trade surveys conducted each year since 1951 (except 1954). ARTS covers employer firms with establishments located in the United States and classified in the Retail Trade and/or Accommodation and Food Services sectors as defined by the 2007 North American Industry Classification System (NAICS). ARTS provides, on a comparable classification basis, annual sales, annual e-commerce sales, year-end inventories held inside and outside the United States, total operating expenses, purchases, accounts receivables, and, for selected industries, merchandise line sales for 2014. The Census Bureau has determined that the conduct of this survey is necessary because these data are not available publicly on a timely basis from any other sources.

Firms are selected for the ARTS survey using a stratified random sample based on industry groupings and annual sales size. We will provide report forms to the firms covered by this survey in

February 2015, and will require their responses within 50 days after receipt. Firms' responses to the ARTS survey are required by law (13 U.S.C. 182, 224, and 225). The sample of firms selected will provide, with measurable reliability, statistics on the transactions relevant to this survey for 2014.

The data collected in this survey will be similar to that collected in the past, and within the general scope and nature of those inquiries covered in the economic census. These data are collected to provide a sound statistical basis for the formation of policy by various government agencies. Results will be available for use for a variety of public and business needs including economic and market analysis, company performance, and forecasting future demand.

Notwithstanding any other provision of law, no person is required to respond to, nor shall a person be subject to a penalty for failure to comply with, a collection of information subject to the requirements of the Paperwork Reduction Act (PRA), 44 U.S.C. 3501-3521, unless that collection of information displays a current valid Office of Management and Budget (OMB) control number. In accordance with the PRA, OMB has approved the Annual Retail Trade Survey under OMB Control Number 0607-0013.

Based upon the foregoing, I have directed that an annual survey be conducted for the purpose of collecting these data.

Dated: October 24, 2014.

### International Trade Administration

[A-570-836]

#### **Glycine From the People's Republic of China: Final Results of Antidumping Duty Administrative Review; 2012-2013**

**AGENCY:** Enforcement and Compliance, International Trade Administration, Department of Commerce.

**DATES:** *Effective Date:* October 31, 2014.

**SUMMARY:** On December 26, 2013, the Department of Commerce (the Department) published the preliminary results of the administrative review of the antidumping duty order on glycine from the People's Republic of China (PRC) in the **Federal Register**.<sup>1</sup> The review covers the period from March 1, 2012, through February 28, 2013. In the *Preliminary Results*, the Department preliminarily applied facts otherwise available with an adverse inference to the PRC-wide entity because an element of the entity, Hebei Donghua Jiheng Fine Chemical Co., Ltd. (Donghua Fine Chemical), failed to act to the best of its ability in complying with the Department's request for information and, consequently, significantly impeded the proceeding. The Department gave interested parties an opportunity to comment on the *Preliminary Results* and, based on an analysis of the comments received, we found that no changes were warranted to these final results of review. However, based on further review of the record, we found that some companies did not have any reviewable entries of subject merchandise during the review period. The final weighted-average dumping margin for the review is listed below in the "Final Results of Review" section of this notice.
