- Alignment of their organization's mission and goals with the mission and goals of the Council on Environmental Quality and the Office of the Federal Environmental Executive and with the general purpose of the Symposium;
- ability to contribute to selection of Symposium location(s), associated logistics, agenda planning, speaker proposal and selection, and event outreach;
- experience working successfully with private sector, state and local government and academic sector stakeholders that would attend a GreenGov event;
- ability to travel to various locations within the continental United States, if necessary to host GreenGov events;
- technical and programmatic ability to support Internet and Web-based production of GreenGov educational events; and
- ability to support both major multiple day symposium event as well as limited topic specific seminars and workshops.

Background

GreenGov is a Council on Environmental Quality initiative focused on Federal energy and sustainability efforts. Past GreenGov Symposiums brought sustainability leaders and newcomers in the Federal, state, and local government, academic, non-profit and private sectors together to learn from each other, share ideas, and help develop innovative solutions to energy and sustainability challenges in Federal operations. By design, the GreenGov Symposium helps the Federal community save energy, save money, and address sustainability goals and targets under Executive Order 13514, "Federal Leadership in Environmental, Energy, and Economic Performance." Historical information on GreenGov is available at <http://www.whitehouse.gov/greengov>.
