SUPPLEMENTARY INFORMATION:

I. Abstract

The Quarterly Survey of Foreign Direct Investment in the United States—Transactions of U.S. Affiliate with Foreign Parent (BE-605) is a sample survey that collects data on transactions and positions between foreign-owned U.S. business enterprises and their “affiliated foreign groups” (i.e., their foreign parents and foreign affiliates of their foreign parents). The sample data are used to derive universe estimates in nonbenchmark years from similar data reported in the BE-12, Benchmark

Survey of Foreign Direct Investment in the United States, which is conducted every five years. The data are used in the preparation of the U.S. international transactions, national income and product, and input-output accounts and the net international investment position of the United States. The data are needed to measure the size and economic significance of foreign direct investment in the United States, measure changes in such investment, and assess its impact on the U.S. economy.

The Bureau of Economic Analysis (BEA) proposes several changes to the survey that will improve the coverage and quality of BEA direct investment statistics and reduce respondent burden. BEA plans to add a check-box question that asks respondents whether they plan to expand their operation with a new facility. This information will be used to identify transactions that should be collected on the companion BE-13, Survey of New Foreign Direct Investment in the United States, which is being reinstated in 2014. BEA plans to eliminate several questions related to organizational structure. These questions were intended to serve as an instruction on how to identify the consolidated U.S. affiliate. They will be replaced by an illustration that will provide the necessary guidance and eliminate the burden of answering questions each quarter. BEA plans to add questions to obtain the ultimate beneficial owner's (UBO) name and country of incorporation when the UBO information changes or it is the company's initial filing. In addition, BEA plans to make improvements to question wording, instructions, and formatting to elicit more complete and correct responses and to make the survey more consistent with other BEA surveys.

II. Method of Collection

Form BE-605 is a quarterly report that must be filed within 30 days after the end of each quarter (45 days after the final quarter of the respondent's fiscal year) by every U.S. business enterprise that is owned 10 percent or more by a foreign investor and that has total assets, sales or gross operating revenues, or net income (positive or negative) of over \$60 million.

As an alternative to filing paper forms, BEA offers its electronic filing option, the eFile system, for use in reporting on Form BE-605. For more information about eFile, go to www.bea.gov/efile.

Potential respondents are those U.S. business enterprises that were required to report on the BE-12, Benchmark

Survey of Foreign Direct Investment in the United States—2012, along with those U.S. business enterprises that subsequently entered the direct investment universe. The data collected are sample data covering transactions and positions between foreign-owned U.S. business enterprises and their affiliated foreign groups. Universe estimates are developed from the reported sample data.

Certain Tow-Behind Lawn Groomers and Certain Parts Thereof From the People's Republic of China: Final Results of the Expedited First Sunset Review of the Antidumping Duty Order

AGENCY: Enforcement and Compliance, International Trade Administration, Department of Commerce.

SUMMARY: As a result of this sunset review, the Department of Commerce (“the Department”) finds that revocation of the antidumping duty (“AD”) order on certain tow-behind lawn groomers and certain parts thereof (“lawn groomers”) from the People's Republic of China (“PRC”) would be likely to lead to continuation or recurrence of dumping. The magnitude of the dumping margins likely to prevail is indicated in the “Final Results of Sunset Review” section of this notice.

DATES: *Effective Date:* November 4, 2014.

FOR FURTHER INFORMATION CONTACT: Lilit Astvatsatrian, AD/CVD Operations, Office IV, Enforcement and Compliance, International Trade Administration, U.S. Department of Commerce, 14th Street and Constitution Avenue NW., Washington, DC 20230; telephone: (202) 482–6412.

SUPPLEMENTARY INFORMATION:

Background

On August 3, 2009, the Department published the AD order on lawn groomers from the PRC.¹ On July 1, 2014, the Department published the notice of initiation of the sunset review of this AD order, pursuant to section 751(c) of the Act.² On July 15, 2014, pursuant to 19 CFR 351.218(d)(1), the Department received a timely and complete notice of intent to participate in the sunset review of the order from Agri-Fab, Inc. (“Domestic Producer”). On July 31, 2014, pursuant to 19 CFR 351.218(d)(3), Domestic Producer filed a timely and adequate substantive response. The Department did not receive substantive responses from any respondent interested party. As a result, pursuant to section 751(c)(3)(B) of the Tariff Act of 1930 (“Act”) and 19 CFR 351.218(e)(1)(ii)(C)(2), the Department

conducted an expedited (120-day) sunset review of this AD order.

Scope of the Order

The scope of this order covers certain non-motorized tow behind lawn groomers, manufactured from any material, and certain parts thereof. Lawn groomers are defined as lawn sweepers, aerators, dethatchers, and spreaders. Unless specifically excluded, lawn groomers that are designed to perform at least one of the functions listed above are included in the scope of this order, even if the lawn groomer is designed to perform additional non-subject functions (*e.g.*, mowing).

The scope of this order specifically excludes the following: (1) Agricultural implements designed to work (*e.g.*, churn, burrow, till, etc.) soil, such as cultivators, harrows, and plows; (2) lawn or farm carts and wagons that do not groom lawns; (3) grooming products incorporating a motor or an engine for the purpose of operating and/or propelling the lawn groomer; (4) lawn groomers that are designed to be hand held or are designed to be attached directly to the frame of a vehicle, rather than towed; (5) “push” lawn grooming products that incorporate a push handle rather than a hitch, and which are designed solely to be manually operated; (6) dethatchers with a net assembled weight (*i.e.*, without packing, additional weights, or accessories) of more than 100 pounds, or lawn groomers—sweepers, aerators, and spreaders—with a net fully-assembled weight (*i.e.*, without packing, additional weights, or accessories) of more than 200 pounds; and (7) lawn rollers designed to flatten grass and turf, including lawn rollers which incorporate an aerator component (*e.g.*, “drum-style” spike aerators).

The lawn groomers that are the subject of this order are currently classifiable in the Harmonized Tariff Schedule of the United States (“HTSUS”) statistical reporting numbers 8432.40.0000, 8432.80.0000, 8432.80.0010, 8432.90.0030, 8432.90.0080, 8479.89.9896, 8479.89.9897, 8479.90.9496, and 9603.50.0000. These HTSUS provisions are given for reference and customs purposes only, and the description of merchandise is dispositive for determining the scope of the product included in this order. For the full scope of this order, see the accompanying I&D Memorandum, which is hereby adopted by this notice.³
