SUPPLEMENTARY INFORMATION:

I. Why is EPA issuing this proposed rule?

This document proposes to amend the National Oil and Hazardous Substances Pollution Contingency Plan (NCP) to make nonsubstantive changes to reflect new data management system nomenclature resulting from the Superfund program's transition from CERCLIS to SEMS. This document also adds minor clarifying text to a description in the NCP that will make the regulations more accurate. We have published a direct final rule to promulgate the above changes in the "Rules and Regulations" section of today's **Federal Register** because we view this as a noncontroversial action and anticipate no adverse comment. We have explained our reasons for this action in the preamble to the direct final rule.

If we receive no adverse comment, we will not take further action on this proposed rule. If we receive adverse comment, we will issue a timely withdrawal of the direct final rule and it will not take effect. We would address all relevant public comments in any subsequent final rule based on this proposed rule. We do not intend to

institute a second comment period on this action. Any parties interested in commenting must do so at this time. For further information, please see the information provided in the **ADDRESSES** section of this document. Comments are only being solicited on the deletion of reference to CERCLIS and the addition of clarifying text to the remedial preliminary assessment description. Therefore, comments are not being requested on other unmodified sections of the NCP nor on EPA's internal agency management decision to update the Superfund data management system, and such comments will not be considered if submitted.

II. What does this amendment do?

This rule proposes to revise the Operational Abbreviations section (40 CFR 300.4(b)) and the Definitions section (40 CFR 300.5) of the NCP to reflect terminological changes necessary for consistency with EPA's transition from CERCLIS as the Superfund program's planning and tracking data management system to SEMS. This rule also amends the Remedial preliminary assessment description (40 CFR 420(b)) to clarify that the Preliminary Assessment (PA) is performed on only those sites that have been entered into the SEMS remedial assessment active inventory.

III. Statutory and Executive Order Reviews

For a complete discussion of all of the administrative requirements applicable to this action, see the discussion in the "Statutory and Executive Order Reviews" section to the preamble for the direct final rule that is published in the Rules and Regulations section of this **Federal Register**.

Under Executive Order 12866 (58 FR 51735, October 4, 1993) and Executive Order 13563 (76 FR 3821, January 21, 2011), this proposed action is not a "significant regulatory action" and is therefore not subject to OMB review. This action merely deletes an obsolete reference to a retired information system and adds minor clarifying text to a description in the NCP. This action does not impose any requirements on any entity, including small entities. Therefore, pursuant to the Regulatory Flexibility Act (5 U.S.C. 601 et seq.), after considering the economic impacts of this action on small entities, I certify that this action will not have a significant economic impact on a substantial number of small entities.

BILLING CODE 6560-50-P

DEPARTMENT OF LABOR

Office of Federal Contract Compliance Programs

41 CFR Part 60-1

RIN 1250-AA03

Government Contractors, Requirement To Report Summary Compensation Data on Employee Compensation

AGENCY: Office of Federal Contract Compliance Programs, Labor.

ACTION: Notice of proposed rulemaking and extension of comment period.

SUMMARY: On August 8, 2014, the Office of Federal Contract Compliance Programs (OFCCP) published a notice of proposed rulemaking (NPRM) in the **Federal Register**. This NPRM proposes amending one of the implementing regulations for Executive Order 11246, Equal Employment Opportunity, which sets forth the reporting obligations of Federal contractors and subcontractors. This NPRM proposes amending the regulation by adding a requirement that certain Federal contractors and subcontractors supplement their Employer Information Report (EEO-1 Report) with summary information on compensation paid to employees, as contained in the Form W-2 Wage and Tax Statement (W-2) forms, by sex, race, ethnicity, and specified job categories, as well as other relevant data points such as hours worked, and the number of employees.

This document extends the comment period for the proposed rule for sixty (60) days. You do not need to resubmit your comment if you have already commented on the proposed rule. Should you choose to do so, you can submit additional or supplemental comments. OFCCP will consider all comments received from the date of publication of the proposed rule through the close of the extended comment period.

DATES: The comment period for the NPRM published on August 8, 2014,

scheduled to close on November 6, 2014, is extended until January 5, 2015.

ADDRESSES: You may submit comments, identified by RIN 1250-AA03, by any of the following methods:

- Federal eRulemaking Portal: www.regulations.gov. Follow the instructions for submitting comments.
- Fax: (202) 693-1304 (for comments of six pages or fewer).
- Mail: Debra A. Carr, Director, Division of Policy, Planning, and Program Development, Office of Federal Contract Compliance Programs, Room C-3325, 200 Constitution Avenue NW., Washington, DC 20210.

FOR FURTHER INFORMATION CONTACT: Debra A. Carr, Director, Division of Policy, Planning, and Program Development, Office of Federal Contract Compliance Programs, Room C-3325, 200 Constitution Avenue NW., Washington, DC 20210. Telephone: (202) 693-0103.

SUPPLEMENTARY INFORMATION: On August 8, 2014, OFCCP published a proposed

rule entitled “Government Contractors, Requirement to Report Summary Compensation Data on Employee Compensation” (79 FR 46562). OFCCP was to receive comments on this NPRM on or before November 6, 2014.

OFCCP, after considering a request to extend the comment period by an additional ninety (90) days, determined that it is appropriate to provide an additional 60-day period for comment on the proposed regulation.

OFCCP is aware that multiple associations and organizations are conducting surveys of their membership to gather information relevant to the proposals and analysis in the NPRM. These surveys, in some instances, may not be concluded and their results tabulated during the initial 90-day comment period. In addition, the NPRM contained numerous references to reports, studies, articles or books, all of which are publically available. One of these references, though available, may be more difficult to obtain than the others. Therefore, upon request, OFCCP

will make the NPRM references available for review during normal business hours at the Office of Federal Contract Compliance Programs, Room C-3325, 200 Constitution Avenue NW., Washington, DC 20210. To schedule an appointment to review the references, please contact OFCCP at the telephone numbers listed above.

Extension of Comment Period

OFCCP determined that the public would benefit from additional time to review the potential impact of the proposed requirements. Therefore, to allow the public sufficient time to review and comment on the NPRM, OFCCP is extending the comment period until January 5, 2015.

Signed in Washington, DC, this 30th date of October 2014.

Patricia Shiu,

Director, Office of Federal Contract Compliance Programs.
