

SECURITIES AND EXCHANGE COMMISSION

[Release No. 34-73469; File No. SR-BX-2014-052]

Self-Regulatory Organizations; NASDAQ OMX BX, Inc.; Notice of Filing and Immediate Effectiveness of Proposed Rule Change Relating to Routing Fees

October 30, 2014.

Pursuant to Section 19(b)(1) of the Securities Exchange Act of 1934 (“Act”),¹ and Rule 19b-4 thereunder,² notice is hereby given that on October 23, 2014, NASDAQ OMX BX, Inc. (“BX” or “Exchange”) filed with the Securities and Exchange Commission (“SEC” or “Commission”) the proposed rule change as described in Items I, II, and III, below, which Items have been prepared by the Exchange. The Commission is publishing this notice to solicit comments on the proposed rule change from interested persons.

I. Self-Regulatory Organization’s Statement of the Terms of Substance of the Proposed Rule Change

The Exchange proposes to amend Chapter XV, Section 2 entitled “BX Options Market—Fees and Rebates.” Specifically, the Exchange is proposing to amend Routing Fees.

While the changes proposed herein are effective upon filing, the Exchange has designated that the amendments be operative on November 3, 2014.

The text of the proposed rule change is available on the Exchange’s Web site at <http://nasdaqomxbx.cchwallstreet.com>, at the principal office of the Exchange, and at the Commission’s Public Reference Room.

II. Self-Regulatory Organization’s Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

In its filing with the Commission, the Exchange included statements concerning the purpose of and basis for the proposed rule change and discussed any comments it received on the proposed rule change. The text of these statements may be examined at the places specified in Item IV below. The Exchange has prepared summaries, set forth in sections A, B, and C below, of the most significant aspects of such statements.

A. Self-Regulatory Organization’s Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

1. Purpose

The purpose of this filing is to amend the Routing Fees in Chapter XV, Section 2(3) to recoup costs incurred by the Exchange to route orders to away markets.

Today, the Exchange assesses a Non-Customer a \$0.97 per contract Routing Fee to any options exchange. The Customer’s³ Routing Fee for option orders routed to The NASDAQ Options Market LLC (“NOM”) and NASDAQ OMX PHLX LLC (“PHLX”) is a \$0.12 per contract Fixed Fee in addition to the actual transaction fee assessed. The Customer Routing Fee for option orders routed to all other options exchanges⁴ (excluding NOM and PHLX) is a fixed fee of \$0.22 per contract (“Fixed Fee”) in addition to the actual transaction fee assessed. If the away market pays a rebate, the Routing Fee is \$0.12 per contract.

With respect to the fixed costs, the Exchange incurs a fee when it utilizes Nasdaq Execution Services LLC (“NES”), a member of the Exchange and the Exchange’s affiliated broker-dealer exclusive order router.⁵ Each time NES routes an order to an away market, NES is charged a clearing fee⁶ and, in the case of certain exchanges, a transaction fee is also charged in certain symbols, which fees are passed through to the Exchange. The Exchange currently recoups clearing and transaction charges incurred by the Exchange as well as certain other costs incurred by the Exchange when routing to away markets, such as administrative and technical costs associated with operating NES, membership fees at away markets, Options Regulatory Fees (“ORFs”), staffing and technical costs

³ The term “Customer” or (“C”) applies to any transaction that is identified by a Participant for clearing in the Customer range at The Options Clearing Corporation (“OCC”) which is not for the account of broker or dealer or for the account of a “Professional” (as that term is defined in Chapter I, Section 1(a)(48)).

⁴ Including BATS Exchange, Inc. (“BATS”), BOX Options Exchange LLC (“BOX”), the Chicago Board Options Exchange, Incorporated (“CBOE”), C2 Options Exchange, Incorporated (“C2”), International Securities Exchange, LLC (“ISE”), the Miami International Securities Exchange, LLC (“MIAX”), NYSE Arca, Inc. (“NYSE Arca”), NYSE MKT LLC (“NYSE Amex”) and ISE Gemini, LLC (“Gemini”).

⁵ See Securities Exchange Act Release No. 71420 (January 28, 2014), 79 FR 6256 (February 3, 2014) (SR-BX-2014-004) (an immediately effective rule change to utilize NES for outbound order routing from BX).

⁶ The Options Clearing Corporation (“OCC”) assesses \$0.01 per contract side.

associated with routing options. The Exchange assesses the actual away market fee at the time that the order was entered into the Exchange’s trading system. This transaction fee is calculated on an order-by-order basis since different away markets charge different amounts.

The Exchange is proposing to increase its Non-Customer Routing Fees from \$0.97 to \$0.99 per contract to any options exchange. The Exchange is proposing to increase its Customer Routing Fixed Fees to NOM and PHLX from \$0.12 to \$0.13 per contract, in addition to the actual transaction fee assessed to recoup an additional portion of the costs incurred by the Exchange for routing these orders. The Exchange is proposing to increase its Customer Routing Fixed Fees to all other options exchanges (excluding NOM and PHLX) from \$0.22 to \$0.23 per contract, in addition to actual transaction fees assessed. The Exchange would also increase the Customer Routing Fee to all other options exchanges if the away market pays a rebate from a fee of \$0.12 to \$0.13 per contract, because the Exchange would continue to retain the rebate to offset the cost to route orders to offset the cost to route orders to these away markets. The Exchange desires to recoup additional costs at this time.

2. Statutory Basis

BX believes that its proposal to amend its fees is consistent with Section 6(b) of the Act⁷ in general, and furthers the objectives of Section 6(b)(4) and (b)(5) of the Act⁸ in particular, in that it provides for the equitable allocation of reasonable dues, fees and other charges among members and issuers and other persons using any facility or system which BX operates or controls, and is not designed to permit unfair discrimination between customers, issuers, brokers, or dealers.

The Exchange believes that amending the Non-Customer Routing Fee for orders routed to any options exchange from a fee of \$0.97 to \$0.99 per contract, is reasonable because the Exchange desires to recoup an additional portion of the cost it incurs when routing Non-Customer orders. The Exchange is proposing to increase the Fixed Fee to recoup additional costs that are incurred by the Exchange in connection with routing these orders on behalf of its members.

The Exchange believes that amending the Customer Routing Fee for orders routed to NOM and PHLX from a Fixed Fee of \$0.12 to \$0.13 per contract, in addition to the actual transaction fee, is

¹ 15 U.S.C. 78s(b)(1).

² 17 CFR 240.19b-4.

⁷ 15 U.S.C. 78f(b).

⁸ 15 U.S.C. 78f(b)(4), (5).

reasonable because the Exchange desires to recoup an additional portion of the cost it incurs when routing Customer orders to NOM or PHLX. Today, the Exchange assesses orders routed to NOM and PHLX a lower Fixed Fee for routing Customer orders as compared to the Fixed Fee assessed to other options exchanges. The Exchange is proposing to increase the Fixed Fee to recoup additional costs that are incurred by the Exchange in connection with routing these orders on behalf of its members.

The Exchange believes that continuing to assess lower Fixed Fees to route Customer orders to NOM and PHLX, as compared to other options exchanges, is reasonable as the Exchange is able to leverage certain infrastructure to offer those markets lower fees as explained further below.

The Exchange believes that amending the Customer Routing Fee to other away markets, other than NOM and PHLX, from a Fixed Fee of \$0.22 to \$0.23 per contract, in addition to the actual transaction fee, is reasonable because the Exchange desires to recoup an additional portion of the cost it incurs when routing orders to these away markets. The Fixed Fee for Customer orders is an approximation of the costs the Exchange will be charged for routing orders to away markets. While each destination market's transaction charge varies and there is a cost incurred by the Exchange when routing orders to away markets, including, OCC clearing costs, administrative and technical costs associated with operating NES, membership fees at away markets, ORFs and technical costs associated with routing options, the Exchange believes that the proposed Routing Fees will enable it to recover the costs it incurs to route Customer orders to away markets.

The Exchange believes that amending the Customer Routing Fee to other away markets, other than NOM and PHLX, if the away market pays a rebate, from \$0.12 to \$0.13 per contract is reasonable because the Exchange desires to recoup an additional portion of the cost it incurs when routing Customer orders to away markets, similar to the amount of Fixed Fee it proposes to assess for orders routed to NOM and PHLX. The Exchange is proposing to assess a Fixed Fee to recoup additional costs that are incurred by the Exchange in connection with routing these orders on behalf of its members. While the Exchange would continue to retain any rebate paid by away markets, the Exchange does not assess the actual transaction fee that is charged by away markets for Customer orders. As a general matter, the Exchange believes that the proposed fees for Customer orders routed to

markets which pay a rebate would allow it to recoup and cover a portion of the costs of providing optional routing services for Customer orders because it better approximates the costs incurred by the Exchange for routing such orders.

The Exchange believes that amending the Non-Customer Routing Fee for orders routed to any options exchange from a fee of \$0.97 to \$0.99 per contract, is equitable and not unfairly discriminatory because the Exchange would assess the same \$0.99 per contract fee to all market participants utilizing routing for Non-Customer orders.

The Exchange believes that amending the Customer Routing Fee for orders routed to NOM and PHLX from a Fixed Fee of \$0.12 to \$0.13 per contract, in addition to the actual transaction fee, is equitable and not unfairly discriminatory because the Exchange would assess the same Fixed Fee to all orders routed to NOM or PHLX in addition to the transaction fee assessed by that market.

The Exchange would uniformly assess a \$0.13 per contract Fixed Fee to orders routed to NASDAQ OMX exchanges because the Exchange is passing along the saving realized by leveraging NASDAQ OMX's infrastructure and scale to market participants when those orders are routed to NOM or PHLX and is providing those saving to all market participants. Furthermore, it is important to note that when orders are routed to an away market they are routed based on price first.⁹ The Exchange believes that it is equitable and not unfairly discriminatory to assess a fixed cost of \$0.13 per contract to route orders to NOM and PHLX because the cost, in terms of actual cash outlays, to the Exchange to route to those markets is lower. For example, costs related to routing to NOM and PHLX are lower as compared to other away markets because NES is utilized by all three exchanges to route orders.¹⁰ NES and the three NASDAQ OMX options markets have a common data center and staff that are responsible for the day-to-day operations of NES. Because the three exchanges are in a common data center, Routing Fees are reduced because costly expenses related to, for example, telecommunication lines to obtain connectivity are avoided when routing orders in this instance. The costs related to connectivity to route orders to other NASDAQ OMX exchanges are lower than the costs to

route to a non-NASDAQ OMX exchange. When routing orders to non-NASDAQ OMX exchanges, the Exchange incurs costly connectivity charges related to telecommunication lines, membership and access fees, and other related costs when routing orders.

The Exchange believes that amending the Customer Routing Fee to other away markets, other than NOM and PHLX, from a Fixed Fee of \$0.22 to \$0.23 per contract is equitable and not unfairly discriminatory because the Exchange would assess the same Fixed Fee to all orders routed to away markets other than NOM and PHLX in addition to the transaction fee, provided the away market does not pay a rebate.

The Exchange's proposal to increase the Customer Routing Fee to all other options exchanges that pay a rebate, other than NOM and PHLX, from \$0.12 to \$0.13 per contract is equitable and not unfairly discriminatory because the Exchange would assess the same Fixed Fee that is proposed when routing Customer orders to a NASDAQ OMX exchange. All market participants that route an order to an away market, other than NOM or PHLX, would be assessed a uniform fee of \$0.13 per contract if the away market (non-NASDAQ OMX exchange) pays a rebate. These proposals would apply uniformly to all market participants when routing to an away market that pays a rebate, other than NOM and PHLX.

Finally, market participants may submit orders to the Exchange as ineligible for routing or "DNR" to avoid Routing Fees.¹¹ Also, orders are routed to an away market based on price first.¹²

B. Self-Regulatory Organization's Statement on Burden on Competition

BX does not believe that the proposed rule change will impose any burden on competition not necessary or appropriate in furtherance of the purposes of the Act. The Exchange does not believe that the proposal creates a burden on intra-market competition because the Exchange is applying the same Routing Fees to all market participants in the same manner dependent on the routing venue, with the exception of Customers. The Exchange will continue to assess separate Customer Routing Fees. Customers will continue to receive the lowest fees as compared to non-Customers when routing orders, as is the case today. Other options exchanges also assess lower Routing Fees for

⁹ See BX Rules at Chapter VI, Section 11(e) (Order Routing).

¹⁰ See Chapter VI, Section 11 of NOM and BX Rules. See also PHLX Rule 1080(m)(iii)(A).

¹¹ See BX Rules at Chapter VI, Section 11(e) (Order Routing).

¹² See Chapter VI, Section 11 of BX Rules.

customer orders as compared to non-customer orders.¹³

The Exchange's proposal would allow the Exchange to continue to recoup its costs when routing Customer orders to PHLX or NOM as well as away markets that pay a rebate when such orders are designated as available for routing by the market participant. The Exchange continues to pass along savings realized by leveraging NASDAQ OMX's infrastructure and scale to market participants when Customer orders are routed to PHLX and NOM and is providing those savings to all market participants. Today, other options exchanges also assess fixed routing fees to recoup costs incurred by the exchange to route orders to away markets.¹⁴

Market participants may submit orders to the Exchange as ineligible for routing or "DNR" to avoid Routing Fees.¹⁵ Also, orders are routed to an away market based on price first.¹⁶

C. Self-Regulatory Organization's Statement on Comments on the Proposed Rule Change Received From Members, Participants, or Others

No written comments were either solicited or received.

III. Date of Effectiveness of the Proposed Rule Change and Timing for Commission Action

The foregoing rule change has become effective pursuant to Section 19(b)(3)(A)(ii) of the Act.¹⁷ At any time within 60 days of the filing of the proposed rule change, the Commission summarily may temporarily suspend such rule change if it appears to the Commission that such action is necessary or appropriate in the public interest, for the protection of investors, or otherwise in furtherance of the purposes of the Act. If the Commission takes such action, the Commission shall institute proceedings to determine whether the proposed rule should be approved or disapproved.

IV. Solicitation of Comments

Interested persons are invited to submit written data, views, and arguments concerning the foregoing, including whether the proposed rule change is consistent with the Act.

¹³ BATS assesses lower customer routing fees as compared to non-customer routing fees per the away market. For example BATS assesses ISE customer routing fees of \$0.52 per contract and an ISE non-customer routing fee of \$ 0.65 per contract. See BATS BZX Exchange Fee Schedule.

¹⁴ See CBOE's Fees Schedule and ISE's Fee Schedule.

¹⁵ See note 11.

¹⁶ See note 12.

¹⁷ 15 U.S.C. 78s(b)(3)(A)(ii).

Comments may be submitted by any of the following methods:

Electronic Comments

- Use the Commission's Internet comment form (<http://www.sec.gov/rules/sro.shtml>); or
- Send an email to rule-comments@sec.gov. Please include File Number SR-BX-2014-052 on the subject line.

Paper Comments

- Send paper comments in triplicate to Brent J. Fields, Secretary, Securities and Exchange Commission, 100 F Street NE., Washington, DC 20549-1090.

All submissions should refer to File Number *SR-BX-2014-052*. This file number should be included on the subject line if email is used. To help the Commission process and review your comments more efficiently, please use only one method. The Commission will post all comments on the Commission's Internet Web site (<http://www.sec.gov/rules/sro.shtml>). Copies of the submission, all subsequent amendments, all written statements with respect to the proposed rule change that are filed with the Commission, and all written communications relating to the proposed rule change between the Commission and any person, other than those that may be withheld from the public in accordance with the provisions of 5 U.S.C. 552, will be available for Web site viewing and printing in the Commission's Public Reference Room, 100 F Street NE., Washington, DC 20549, on official business days between the hours of 10:00 a.m. and 3:00 p.m. Copies of the filing also will be available for inspection and copying at the principal office of the Exchange. All comments received will be posted without change; the Commission does not edit personal identifying information from submissions. You should submit only information that you wish to make available publicly.

All submissions should refer to File Number *SR-BX-2014-052* and should be submitted on or before November 26, 2014.

For the Commission, by the Division of Trading and Markets, pursuant to delegated authority.¹⁸

Kevin M. O'Neill,

Deputy Secretary.

SECURITIES AND EXCHANGE COMMISSION

[Release No. 34-73472; File No. SR-BYX-2014-018]

Self-Regulatory Organizations; BATS Y-Exchange, Inc.; Order Granting Approval of a Proposed Rule Change To Establish an Opening Process

October 30, 2014.

I. Introduction

On September 3, 2014, BATS Y-Exchange, Inc. (the "Exchange" or "BYX") filed with the Securities and Exchange Commission ("Commission") pursuant to Section 19(b)(1) of the Securities Exchange Act of 1934 ("Act")¹ and Rule 19b-4 thereunder,² a proposed rule change to add new BATS Rule ("Rule") 11.23, entitled "Opening Process," and to make several corresponding changes, in order to modify the manner in which the Exchange opens trading in individual securities at the beginning of the day and after trading halts. The proposed rule change was published for comment in the **Federal Register** on September 19, 2014.³ The Commission did not receive any comments on the proposed rule change. This order approves the proposed rule change.

II. Description of the Proposal

The Exchange has proposed to implement a process for opening trading at the beginning of Regular Trading Hours⁴ and re-opening trading in such securities following a trading halt. Currently, the Exchange accepts orders during the Pre-Opening Session,⁵ and any such orders are immediately eligible for execution. Orders that are on the BATS Book⁶ at the beginning of Regular Trading Hours remain on the BATS Book, subject to the User's instructions, and trading continues into Regular Trading Hours without any transition period. Upon a halt, the Exchange currently cancels all orders on the BATS Book and does not accept any orders until the halt is lifted. The Exchange does not currently have a Regular Hours Only ("RHO") time-in-force.

Under the proposal, the Exchange would amend its rules to allow orders to be designated RHO, and would accept and queue any such orders during the Pre-Opening Session for execution at

¹ 15 U.S.C. 78s(b)(1).

² 17 CFR 240.19b-4.

³ See Securities Exchange Act Release No. 73094 (September 15, 2014), 79 FR 56411 ("Notice").

⁴ Regular Trading Hours is defined in Rule 1.5(w).

⁵ Pre-Opening Session is defined in Rule 1.5(r).

⁶ BATS Book is defined in Rule 1.5(e).
