

**DEPARTMENT OF ENERGY****Federal Energy Regulatory Commission**

[Docket No. CP15-8-000]

**Notice of Application; Northwest Pipeline Company, LLC**

Take notice that on October 27, 2014, Northwest Pipeline Company, LLC (Northwest), 295 Chipeta Way, Salt Lake City, Utah 84108, filed an application pursuant to section 7(c) of the Natural Gas Act and Part 157 of the Commission's regulations to construct and operate its Kalama Lateral Project (Project), located in Cowlitz County, Washington. The proposed Project consists of the installation of approximately 3.1 miles of 24-inch diameter pipeline, metering facilities, and miscellaneous appurtenances. The Project is designed to provide 320,000 dekatherms per day of natural gas to a proposed Methanol Plant located within the north industrial area of the Port of Kalama, in Cowlitz County, Washington, all as more fully set forth in the application which is on file with the Commission and open to public inspection. The filing may also be viewed on the web at <http://www.ferc.gov> using the "eLibrary" link. Enter the docket number excluding the last three digits in the docket number field to access the document. For assistance, contact FERC at [FERCOnlineSupport@ferc.gov](mailto:FERCOnlineSupport@ferc.gov) or call toll-free, (866) 208-3676 or TTY, (202) 502-8659.

Any questions regarding this application should be directed to Pam Barnes, Project Manager-Business Development, (801) 584-6857, or by email at [pam.j.barnes@williams.com](mailto:pam.j.barnes@williams.com), or Teresa Silcox Torrey, Assistant General Counsel, (801) 584-7051, or by email at [Teresa.s.torrey@williams.com](mailto:Teresa.s.torrey@williams.com). All persons located at Northwest Pipeline, LLC, 295 Chipeta Way, Salt Lake City, Utah 84108.

Pursuant to section 157.9 of the Commission's rules, 18 CFR 157.9, within 90 days of this Notice the Commission staff will either: complete its environmental assessment (EA) and place it into the Commission's public record (eLibrary) for this proceeding; or issue a Notice of Schedule for Environmental Review. If a Notice of Schedule for Environmental Review is issued, it will indicate, among other milestones, the anticipated date for the Commission staff's issuance of the final environmental impact statement (FEIS) or EA for this proposal. The filing of the EA in the Commission's public record for this proceeding or the issuance of a

Notice of Schedule for Environmental Review will serve to notify federal and state agencies of the timing for the completion of all necessary reviews, and the subsequent need to complete all federal authorizations within 90 days of the date of issuance of the Commission staff's FEIS or EA.

There are two ways to become involved in the Commission's review of this project. First, any person wishing to obtain legal status by becoming a party to the proceedings for this project should, on or before the comment date stated below, file with the Federal Energy Regulatory Commission, 888 First Street NE., Washington, DC 20426, a motion to intervene in accordance with the requirements of the Commission's Rules of Practice and Procedure (18 CFR 385.214 or 385.211) and the Regulations under the NGA (18 CFR 157.10). A person obtaining party status will be placed on the service list maintained by the Secretary of the Commission and will receive copies of all documents filed by the applicant and by all other parties. A party must submit 7 copies of filings made with the Commission and must mail a copy to the applicant and to every other party in the proceeding. Only parties to the proceeding can ask for court review of Commission orders in the proceeding.

However, a person does not have to intervene in order to have comments considered. The second way to participate is by filing with the Secretary of the Commission, as soon as possible, an original and two copies of comments in support of or in opposition to this project. The Commission will consider these comments in determining the appropriate action to be taken, but the filing of a comment alone will not serve to make the filer a party to the proceeding. The Commission's rules require that persons filing comments in opposition to the project provide copies of their protests only to the party or parties directly involved in the protest.

Persons who wish to comment only on the environmental review of this project should submit an original and two copies of their comments to the Secretary of the Commission. Environmental commenter's will be placed on the Commission's environmental mailing list, will receive copies of the environmental documents, and will be notified of meetings associated with the Commission's environmental review process. Environmental commenter's will not be required to serve copies of filed documents on all other parties. However, the non-party commentary, will not receive copies of all documents

filed by other parties or issued by the Commission (except for the mailing of environmental documents issued by the Commission) and will not have the right to seek court review of the Commission's final order.

The Commission strongly encourages electronic filings of comments, protests, and interventions via the internet in lieu of paper. See 18 CFR 385.2001(a)(1)(iii) and the instructions on the Commission's Web site ([www.ferc.gov](http://www.ferc.gov)) under the "e-Filing" link. Persons unable to file electronically should submit original and 5 copies of the protest or intervention to the Federal Energy Regulatory Commission, 888 First Street NE., Washington, DC 20426.

**II. What action is the agency taking?**

Under a variety of EPA contracts, Student Services Contractors are continuing to assist the Office of Science Policy (OSP), Office of Research and Development (ORD) in research on the impact of hydraulic fracturing on drinking water resources. This includes analysis of data from nine hydraulic fracturing companies and nine well owner/operators. In time other Student Services Contractors will be involved in this activity under different contract order numbers. Original notice of this type access was published in the **Federal Register** on May 18, 2012 (77 FR 29635; FRL-9349-8). No further notice will be given for these entities'/ persons' clearances.

In accordance with 40 CFR 2.306(j), EPA has determined that Student Services Contractors required access to CBI submitted to EPA under all sections of TSCA to perform successfully the duties specified under the contract. Student Services Contractors' personnel were given access to information submitted to EPA under all sections of TSCA. Some of the information may have been claimed or determined to be CBI.

EPA is issuing this notice again to inform all submitters of information under all sections of TSCA that EPA has provided Student Services Contractors access to these CBI materials on a need-to-know basis only. All access to TSCA CBI under this contract is taking place at EPA Headquarters in accordance with EPA's *TSCA CBI Protection Manual* and, as required for successful performance of this contract, other authorized locations.

Access to TSCA data, including CBI, under these contracts will continue until December 31, 2016.

Student Services Contractors' personnel have signed nondisclosure agreements and were briefed on appropriate security procedures before they were permitted access to TSCA CBI. All Student Services Contractors personnel will comply with TSCA CBI access requirements before being given access to these materials.
