

benefits. Finally, the form takes into consideration the need to compile information regarding a child's circumstances and experiences in a non-directive, child-friendly way, and assists the requestor in assessing whether the child may have been subjected to trafficking in persons.

The information provided through the completion of a Request for Assistance for Child Victims of Human Trafficking form will enable HHS to make prompt determinations regarding the eligibility

of an alien child for interim assistance, inform HHS' determination regarding the child's eligibility for assistance as a victim of a severe form of trafficking in persons, facilitate the required consultation process, and enable HHS to assess potential child protection issues. HHS proposes to make several small, technical changes to the form, including the elimination of an unnecessary paragraph and updated references to the Trafficking Victims Protection Act of

2000, as amended, to reflect changes to that law.

Respondents: Representatives of governmental and nongovernmental entities providing social, legal, or protective services to alien persons under the age of 18 (children) in the United States who are neither U.S. citizens nor Lawful Permanent Residents and who may have been subjected to severe forms of trafficking in persons.

ANNUAL BURDEN ESTIMATES

Instrument	Number of respondents	Number of responses per respondent	Average burden hours per response	Total burden hours
Request for Assistance for Child Victims of Human Trafficking	40	1	1	40

Estimated Total Annual Burden Hours: 40.

Additional Information:

Copies of the proposed collection may be obtained by writing to the Administration for Children and Families, Office of Planning, Research and Evaluation, 370 L'Enfant Promenade SW., Washington, DC 20447, Attn: ACF Reports Clearance Officer. All requests should be identified by the title of the information collection. Email address: infocollection@acf.hhs.gov.

OMB Comment:

OMB is required to make a decision concerning the collection of information between 30 and 60 days after publication of this document in the **Federal Register**. Therefore, a comment is best assured of having its full effect if OMB receives it within 30 days of publication. Written comments and recommendations for the proposed information collection should be sent directly to the following: Office of Management and Budget, Paperwork Reduction Project, Fax: 202-395-7285, Email: OIRA_SUBMISSION@OMB.EOP.GOV, Attn: Desk Officer for the Administration for Children and Families.

Submission for OMB Review; Comment Request

Title: Objective Work Plan (OWP), Objective Progress Report (OPR) and Project Abstract.

OMB No.: 0970-0204.

Description: Content changes are being proposed for the OPR and OWP ONLY. The information in the OPR is collected on a quarterly basis to monitor the performance of grantees and better gauge grantee progress. The standardized format allows ANA to report results across all its program areas and flag grantees that may need additional training and/or technical assistance to successfully implement their projects. The following are proposed changes within specific sections of the OPR form:

Objective Work Plan Update Section: ANA has added fields for 1st through 4th Quarter (Q1,Q2,Q3,Q4) to report the results for activities within each Project Objective. The grantee may continue to add to this form each quarter (rather than to a new form), reflecting cumulative results throughout the project period instead of a single quarter.

Financial Section: ANA has added 2 questions to: (1) Provide details on any income generated as a result of ANA project activities; 2) Provide details on any changes made to the budget during the reporting period.

Native American Youth and Elder Opportunities Section: ANA has added a question to: (1) Request details on any

intergenerational activities between grandparents and their grandchildren. Finally, ANA has added a new section (last section) to the form titled: *PROJECT SUSTAINABILITY*, to: (1) Request details on the grantee's intention to continue the project benefits and/or services after ANA's funding period for the project has ended.

End of Changes to the OPR

The OWP: The information collected through the OWP is needed to properly administer and monitor the Administration for Native Americans (ANA) programs. The OWP assists applicants in describing their projects' objectives and activities, and also assists independent panel reviewers, ANA staff and the ANA Commissioner during review and funding decision process.

Changes Specific Sections of the OWP

Problem Statement: ANA added a field for applicants to include the problem statement they identified in their grant application.

Position Performing the Activity: On the previous OWP, ANA requested applicants to identify the position responsible for each activity. ANA has changed this title to "position performing the activity" and applicants are asked to identify the lead person in one column and other support persons in the second column.

End of Changes to the OWP

Project Abstract: The Project Abstract form is no longer managed by ANA.

Respondents: Tribal Government, Native Non-profit Organizations, Tribal Colleges & Universities.

ANNUAL BURDEN ESTIMATES

Instrument	Number of respondents	Number of responses per respondent	Average burden hours per response	Total burden hours
OWP	500	1	3	1,500
OPR	275	4	1	1,100

Estimated Total Annual Burden Hours: 2,850.

Additional Information:

Submission for OMB Review; Comment Request

Title: Rescue & Restore Regional Program Project Data.

OMB No.: 0970-NEW.

Description: The Trafficking Victims Protection Act of 2000 (TVPA), as amended, authorizes the Secretary of Health and Human Services (Secretary) to expand benefits and services to victims of severe forms of trafficking in persons in the United States, without regard to the immigration status of such victims. Such benefits and services may include services to assist potential

victims of trafficking in achieving certification (Section 107(b)(1)(B) of the TVPA, 22 U.S.C. § 7105(b)(1)(B)). It also authorizes the President, acting through the Secretary and the heads of other Federal departments, to establish and carry out programs to increase public awareness, particularly among potential victims of trafficking, of the dangers of trafficking and the protections that are available for victims of trafficking (Section 106(b) of the TVPA, 22 U.S.C. § 7104(b)).

The Secretary delegated authority to carry out these responsibilities to the Assistant Secretary for Children and Families who further delegated the authority to the Director of the Office of Refugee Resettlement (ORR).

The intent of the *Rescue & Restore Victims of Human Trafficking* campaign, launched in 2004, is to increase the identification of trafficking victims in the United States and to help those victims receive the benefits and services they need to restore their lives. The purpose of the Rescue & Restore Victims of Trafficking Regional Program (Rescue & Restore Program) is to increase the identification and protection of foreign victims of human trafficking in the United States and to promote local capacity to prevent human trafficking and protect human trafficking victims. The Rescue & Restore Program also seeks to remove barriers to prevention and protection specific to foreign human trafficking victims who live in the United States.

The Rescue & Restore Program has the following objectives:

(1) Identification and Referral of Foreign Victims of Human Trafficking: To identify foreign victims of trafficking and refer them to service delivery systems.

(2) Training and Technical Assistance: To build local capacity by providing training and technical assistance on human trafficking to local organizations not involved in a local coalition.

(3) Coalition Building: To lead or actively participate in a community-led effort to bring together and leverage local resources to address human trafficking in a region, such as a Rescue & Restore Coalition or law enforcement task force ("coalition").

(4) Public Awareness: To promote the public's awareness of human trafficking by educating the public about the dangers of human trafficking, possible indicators of sex and labor trafficking, and the protections available to victims.

To measure each grant project's performance progress and the success of the program, and to assist grantees to assess and improve their projects over the course of the project period, ACF proposes to require grantees to input numbers for each numeric indicator and other information for qualitative indicators into a spreadsheet during the 36-month project period.

ACF proposes to collect data for the following indicators:

Identification and Referral of Foreign Victims of Human Trafficking

- The number of outreach events conducted by the grantee;
- The number of people reached at outreach events;
- The number of potential male and female, adult and minor foreign human trafficking victims identified through Rescue & Restore project efforts;
- The number of potential male and female, adult and minor foreign human trafficking victims referred by the grantee to service providers; and
- The number of male and female, adult and minor foreign human trafficking victims who receive Certification, Eligibility, and/or Interim Assistance Letters as a result of the grantee's efforts.

Training and Technical Assistance

- The number of persons in social service agencies, law enforcement agencies, and other relevant professional, community-based, and faith-based organizations who were trained by the grantee;
- The number of persons whose knowledge of human trafficking measurably increased as a result of grantee training as evidenced by the use of established practices in assessing learning; and
- The number of social service, law enforcement, health, legal, education, or other professionals provided technical assistance on identifying human trafficking victims and referring them for services or to law enforcement.
