**DEPARTMENT OF STATE**

**22 CFR Part 181**

[Public Notice 8921]

RIN 1400-AD53

**Publication, Coordination, and Reporting of International Agreements**

**ACTION:** Final rule.

**SUMMARY:** The Department of State ("Department") finalizes a proposed rule to add additional categories of international agreements to be exempted from the requirement to publish in the Treaties and Other International Acts Series (TIAS). The TIAS is the official treaty series of the United States and serves as evidence of the treaties, and international agreements other than treaties, in all courts of law and equity and of maritime jurisdiction, and in all the tribunals and public offices of the United States and of the several States, without any need of further proof or authentication. Certain international agreements may be exempted from publication in TIAS if the Department of State provides notice in its regulations. This rule adds three categories of international agreements that are not required to be published in TIAS.

**DATES:** This rule is effective on November 14, 2014.

**FOR FURTHER INFORMATION CONTACT:** Michael Mattler, Treaty Affairs, Office of the Legal Adviser, Department of State, Washington, DC 20520, (202) 647-1345, or at [treatyoffice@state.gov](mailto:treatyoffice@state.gov).

**SUPPLEMENTARY INFORMATION:** Pursuant to 1 U.S.C. 112a, the Secretary of State is required to cause to be published annually a compilation of all treaties and international agreements to which the United States is a party that were signed, proclaimed, or "with reference to which any other final formality ha[d] been executed" during the calendar year.

The Secretary of State, however, may determine that publication of particular

categories of agreements is not required if certain criteria are met, which are listed in 1 U.S.C. 112a(b). The three categories of international agreements that are exempted by this rule (and which are now included in 22 CFR 181.8) are:

(1) Bilateral acquisition and cross servicing agreements and logistics support agreements governing the mutual exchange of logistics support, supplies and services with the military of certain countries or international organizations.

(2) Bilateral agreements relating to the provision of health care to military personnel on a reciprocal basis.

(3) Bilateral agreements for the reduction of intergovernmental debts.

Further description of these types of international agreements is included in the notice of proposed rulemaking. In addition to these changes, the Department amends 22 CFR 181.8(a)(9) to refer to the newer Executive Order dealing with classified information.

The Department of State received no comments on the proposed rule.

**Regulatory Analysis**

**PENSION BENEFIT GUARANTY CORPORATION**

**29 CFR Part 4022**

**Benefits Payable in Terminated Single-Employer Plans; Interest Assumptions for Paying Benefits**

**AGENCY:** Pension Benefit Guaranty Corporation.

**ACTION:** Final rule.

**SUMMARY:** This final rule amends the Pension Benefit Guaranty Corporation's regulation on Benefits Payable in Terminated Single-Employer Plans to prescribe interest assumptions under the regulation for valuation dates in December 2014. The interest assumptions are used for paying benefits under terminating single-employer plans covered by the pension insurance system administered by PBGC.

**DATES:** Effective December 1, 2014.  
**FOR FURTHER INFORMATION CONTACT:** Catherine B. Klion (*Klion.Catherine@pbgc.gov*), Assistant General Counsel for Regulatory Affairs, Pension Benefit Guaranty Corporation, 1200 K Street NW., Washington, DC 20005, 202-326-4024. (TTY/TDD users may call the Federal relay service toll-free at 1-800-877-8339 and ask to be connected to 202-326-4024.)

**SUPPLEMENTARY INFORMATION:** PBGC's regulation on Benefits Payable in Terminated Single-Employer Plans (29 CFR Part 4022) prescribes actuarial assumptions—including interest assumptions—for paying plan benefits under terminating single-employer plans covered by title IV of the Employee Retirement Income Security Act of 1974. The interest assumptions in the regulation are also published on PBGC's Web site (*http://www.pbgc.gov*).

PBGC uses the interest assumptions in Appendix B to Part 4022 to determine whether a benefit is payable as a lump sum and to determine the amount to pay. Appendix C to Part 4022 contains interest assumptions for private-sector pension practitioners to refer to if they wish to use lump-sum interest rates determined using PBGC's historical methodology. Currently, the rates in Appendices B and C of the benefit payment regulation are the same.

The interest assumptions are intended to reflect current conditions in the financial and annuity markets. Assumptions under the benefit payments regulation are updated monthly. This final rule updates the benefit payments interest assumptions for December 2014.<sup>1</sup>

The December 2014 interest assumptions under the benefit payments regulation will be 1.00 percent for the period during which a benefit is in pay status and 4.00 percent during any years preceding the benefit's placement in pay status. In comparison with the interest assumptions in effect for November 2014, these interest assumptions represent a decrease of 0.25 percent in the immediate annuity rate and are otherwise unchanged.

PBGC has determined that notice and public comment on this amendment are impracticable and contrary to the public interest. This finding is based on the need to determine and issue new interest assumptions promptly so that the assumptions can reflect current market conditions as accurately as possible.

Because of the need to provide immediate guidance for the payment of benefits under plans with valuation dates during December 2014, PBGC finds that good cause exists for making the assumptions set forth in this

amendment effective less than 30 days after publication.

PBGC has determined that this action is not a "significant regulatory action" under the criteria set forth in Executive Order 12866.

Because no general notice of proposed rulemaking is required for this amendment, the Regulatory Flexibility Act of 1980 does not apply. See 5 U.S.C. 601(2).

DEPARTMENT OF DEFENSE

Department of the Navy

32 CFR Part 706

Certifications and Exemptions Under the International Regulations for Preventing Collisions at Sea, 1972

AGENCY: Department of the Navy, DoD.

ACTION: Final rule.

**SUMMARY:** The Department of the Navy (DoN) is amending its certifications and exemptions under the International Regulations for Preventing Collisions at Sea, 1972 (72 COLREGS), to reflect that the Deputy Assistant Judge Advocate General (DAJAG) (Admiralty and Maritime Law) has determined that USS MILWAUKEE (LCS 5) is a vessel of the Navy which, due to its special construction and purpose, cannot fully comply with certain provisions of the 72 COLREGS without interfering with its special function as a naval ship. The intended effect of this rule is to warn mariners in waters where 72 COLREGS apply.

**DATES:** This rule is effective November 14, 2014, and is applicable beginning October 31, 2014.

**FOR FURTHER INFORMATION CONTACT:** Commander Theron R. Korsak, JAGC, U.S. Navy, Admiralty Attorney, (Admiralty and Maritime Law), Office of the Judge Advocate General, Department of the Navy, 1322 Patterson Ave. SE., Suite 3000, Washington Navy Yard, DC 20374-5066, telephone number: 202-685-5040.

**SUPPLEMENTARY INFORMATION:** Pursuant to the authority granted in 33 U.S.C. 1605, the DoN amends 32 CFR Part 706.

This amendment provides notice that the DAJAG (Admiralty and Maritime Law), under authority delegated by the Secretary of the Navy, has certified that USS MILWAUKEE (LCS 5) is a vessel of the Navy which, due to its special construction and purpose, cannot fully comply with the following specific provisions of 72 COLREGS without interfering with its special function as a naval ship: Annex I paragraph 2 (a)(i), pertaining to the location of the forward masthead light at a height not less than 12 meters above the hull; Annex I, paragraph 3(a), pertaining to the location of the forward masthead light in the forward quarter of the ship, and the horizontal distance between the forward and after masthead light. The DAJAG (Admiralty and Maritime Law) has also certified that the lights involved are located in closest possible compliance with the applicable 72 COLREGS requirements.

Moreover, it has been determined, in accordance with 32 CFR Parts 296 and

701, that publication of this amendment for public comment prior to adoption is impracticable, unnecessary, and contrary to public interest since it is based on technical findings that the placement of lights on this vessel in a manner differently from that prescribed herein will adversely affect the vessel's ability to perform its military functions.
