BILLING CODE P

DEPARTMENT OF COMMERCE

Submission for OMB Review; Comment Request

The Department of Commerce will submit to the Office of Management and Budget (OMB) for clearance the following proposal for collection of information under the provisions of the Paperwork Reduction Act (44 U.S.C. Chapter 35).

Agency: National Technical Information Service.

Title: Limited Access Death Master File Subscriber Certification Form.

OMB Control Number: 0692-0013.

Form Number(s): NTIS FM161.

Type of Request: Reinstatement.

Number of Respondents: 700.

Average Hours per Response: 2 hours.
Burden Hours: 1,400.

Needs and Uses: The National Technical Information Service (NTIS) Limited Access Death Master File Subscriber Certification Form (Certification Form) will be used by NTIS to collect information related to the implementation of Section 203 of the Bipartisan Budget Act of 2013 (Pub. L. 113-67) (Act). On March 26, 2014, NTIS issued an interim final rule establishing a temporary certification program for persons who seek access to the Social Security Administration's Public Death Master File (DMF) (<http://www.gpo.gov/fdsys/pkg/FR-2014-03-26/pdf/2014-06701.pdf>). The interim final rule is codified at 15 C.F.R. part 1110. Section 203 of the Act prohibits disclosure of DMF information during the three-calendar-year period following death unless the person requesting the information has been certified under a program established by the Secretary of Commerce. The Act directs the Secretary of Commerce to establish a certification program for such access to the DMF. The Secretary of Commerce has delegated the authority to carry out the DMF certification program to the Director, NTIS. The DMF Certification Form collects only information necessary for NTIS to conduct the program. This collection of information is for information necessary to support the certification process required by the Act for members of the public to be given access to the Death Master File containing information about deceased persons during the three-calendar-year period after that person's death.

The Act required implementation of the certification program ninety (90) days after enactment. NTIS requested emergency clearance of this collection of information in order to implement the certification program on March 26, 2014, and the information collection

was approved on an emergency basis through September 30, 2014. NTIS anticipates publishing a notice of proposed rulemaking in the near future and as part of that proposed rulemaking will seek clearance of a revised information collection. However, the revised information collection will not be used until a final rule is published. NTIS must continue to use the existing DMF Certification Form until the final rule is published.

Affected Public: Users who wish to obtain access to the Death Master File from NTIS.

Frequency: Annually.

Respondent's Obligation: Annually (resubmit the certification form at time of Limited Access DMF subscription renewal).

This information collection request may be viewed at reginfo.gov. Follow the instructions to view Department of Commerce collections currently under review by OMB.

Written comments and recommendations for the proposed information collection should be sent within 30 days of publication of this notice to OIRA_Submission@omb.eop.gov or fax to (202) 395-5806.

Dated: November 10, 2014.

Glenna Mickelson,

Management Analyst, Office of the Chief Information Officer.

DEPARTMENT OF COMMERCE

International Trade Administration

[A-580-876, A-489-822]

Welded Line Pipe From the Republic of Korea and the Republic of Turkey: Initiation of Less-Than-Fair-Value Investigations

AGENCY: Enforcement and Compliance, International Trade Administration, Department of Commerce.

DATES: *Effective Date:* November 14, 2014.

FOR FURTHER INFORMATION CONTACT: David Goldberger at (202) 482-4136 (the Republic of Korea (Korea)), or Alice Maldonado at (202) 482-4682 (the Republic of Turkey (Turkey)), AD/CVD Operations, Enforcement and Compliance, U.S. Department of Commerce, 14th Street and Constitution Avenue NW., Washington, DC 20230.

SUPPLEMENTARY INFORMATION:

The Petitions

On October 16, 2014, the Department of Commerce (the Department) received

antidumping duty (AD) petitions concerning imports of welded line pipe from Korea and Turkey filed in proper form on behalf of American Cast Iron Pipe Company, Energex (a division of JMC Steel Group), Maverick Tube Corporation, Northwest Pipe Company, Stupp Corporation (a division of Stupp Bros., Inc.), Tex-Tube Company, TMK IPSCO, and Welspun Tubular LLC USA (collectively, the petitioners). The AD petitions were accompanied by two countervailing duty (CVD) petitions.¹ The petitioners are domestic producers of welded line pipe.²

On October 21, 2014, the Department requested additional information and clarification of certain portions of the Petitions.³ The petitioners filed responses to these requests on October 24, 2014, and October 29, 2014.⁴ On October 27 and October 31, 2014, we received submissions from United States Steel Corporation (U.S. Steel), a domestic producer of welded line pipe, in support of the Petitions.

In accordance with section 732(b) of the Tariff Act of 1930, as amended (the Act), the petitioners allege that welded line pipe from Korea and Turkey is being, or is likely to be, sold in the United States at less than fair value within the meaning of section 731 of the Act and that such imports are materially injuring, or threatening material injury to, an industry in the United States. Also, consistent with section 732(b)(1) of the Act, the Petitions are accompanied by information reasonably

available to the petitioners supporting their allegations.

The Department finds that the petitioners filed the Petitions on behalf of the domestic industry because the petitioners are interested parties as defined in section 771(9)(C) of the Act. The Department also finds that the petitioners demonstrated sufficient industry support with respect to the initiation of the AD investigations that the petitioners are requesting.⁵

Period of Investigation

Because the Petitions were filed on October 16, 2014, pursuant to 19 CFR 351.204(b)(1) the period of investigation for both Korea and Turkey is October 1, 2013, through September 30, 2014.

Scope of the Investigations

The product covered by these investigations is welded line pipe from Korea and Turkey. For a full description of the scope of these investigations, see the "Scope of the Investigations" in Appendix I of this notice.

Comments on Scope of the Investigations

During our review of the Petitions, the Department issued questions to, and received responses from, the petitioners pertaining to the proposed scope to ensure that the scope language in the Petitions would be an accurate reflection of the products for which the domestic industry is seeking relief.⁶

As discussed in the preamble to the Department's regulations,⁷ we are setting aside a period for interested parties to raise issues regarding product coverage (scope). The period for scope comments is intended to provide the Department with ample opportunity to consider all comments and to consult with parties prior to the issuance of the preliminary determinations. If scope comments include factual information (see 19 CFR 351.102(b)(21)), all such factual information should be limited to public information. All such comments must be filed by 5:00 p.m. Eastern Standard Time (EST) on November 25, 2014, which is 20 calendar days from the signature date of this notice. Any rebuttal comments, which may include factual information, must be filed by 5:00 p.m. EST on December 5, 2014, which is 10 calendar days after the initial comments deadline.

The Department requests that any factual information the parties consider
