DEPARTMENT OF ENERGY

Federal Energy Regulatory Commission

[Docket No. EL15–17–000]

Alterna Springerville LLC, LDVF1 TEP LLC, Wilmington Trust Company, William J. Wade v. Tucson Electric Power Company; Notice of Complaint

Take notice that on November 7, 2014, pursuant to sections 206 and 306 of the Federal Power Act, 16 USC 824e and 825e and Rule 206 of the Federal Energy Regulatory Commission's (Commission) Rules of Practice and Procedure, 18 CFR 385.206, Alterna Springerville LLC (Alterna), LDVF1 TEP LLC (LDVF1), Wilmington Trust Company, and William J. Wade

(Complainants), filed a formal complaint against Tucson Electric Power Company (Respondent or TEP), alleging that the TEP is engaging in unjust, unreasonable, and unduly discriminatory and/or preferential behavior; in violation of TEP's Pre-Order No. 888 grandfathered contractual obligations and its Open Access Transmission Tariff with regard to expanding transmission service to Alterna and LDVF1.

The Complainants certify that copies of the complaint were served on the contacts for the Respondent as listed on the Commission's list of Corporate Officials.

Any person desiring to intervene or to protest this filing must file in accordance with Rules 211 and 214 of the Commission's Rules of Practice and Procedure (18 CFR 385.211, 385.214). Protests will be considered by the Commission in determining the appropriate action to be taken, but will not serve to make protestants parties to the proceeding. Any person wishing to become a party must file a notice of intervention or motion to intervene, as appropriate. The Respondent's answer and all interventions, or protests must be filed on or before the comment date. The Respondent's answer, motions to intervene, and protests must be served on the Complainants.

The Commission encourages electronic submission of protests and interventions in lieu of paper using the "eFiling" link at <http://www.ferc.gov>. Persons unable to file electronically should submit an original and 5 copies of the protest or intervention to the Federal Energy Regulatory Commission, 888 First Street NE., Washington, DC 20426.

This filing is accessible on-line at <http://www.ferc.gov>, using the "eLibrary" link and is available for electronic review in the Commission's Public Reference Room in Washington, DC. There is an "eSubscription" link on the Web site that enables subscribers to receive email notification when a document is added to a subscribed docket(s). For assistance with any FERC Online service, please email FERCOnlineSupport@ferc.gov, or call (866) 208–3676 (toll free). For TTY, call (202) 502–8659.

Comment Date: 5:00 p.m. Eastern Time on November 28, 2014.

Dated: November 7, 2014.

BILLING CODE 6717–01–P

DEPARTMENT OF ENERGY

Federal Energy Regulatory Commission

[Docket No. CP13–483–000; Docket No. CP13–492–000]

Jordan Cove Energy Project LP; Pacific Connector Gas Pipeline LP; Notice of Availability of the Draft Environmental Impact Statement for the Proposed Jordan Cove Liquefaction and Pacific Connector Pipeline Projects

The staff of the Federal Energy Regulatory Commission (FERC or Commission) has prepared a draft environmental impact statement (EIS) for the projects proposed by Jordan Cove Energy Project LP (Jordan Cove) and Pacific Connector Gas Pipeline LP (Pacific Connector) in the above-referenced dockets.¹ We² refer to the combined Jordan Cove and Pacific Connector facilities simply as the Project. The Project facilities would be located in Coos, Douglas, Jackson, and Klamath Counties, Oregon.

Jordan Cove requested Commission authority to construct and operate an LNG export terminal on Coos Bay, that would have the capacity to produce about six million metric tons per annum of LNG, using feed stock of about 0.9 billion cubic feet per day (Bcf/d) of natural gas, for shipment to either Free Trade Agreement (FTA) or non-FTA nations around the Pacific Rim.³ Pacific Connector requested a certificate of public convenience and necessity from the FERC authorizing the construction and operation of a pipeline between the Malin Hub in Klamath County, Oregon and the Jordan Cove terminal on Coos Bay in Coos County, Oregon. The Pacific Connector pipeline would have the design capacity to transport a total about 1.07 Bcf/d of natural gas; with about 0.04 Bcf/d reserved for Northwest Pipeline Company's Grants Pass Lateral through the newly proposed Clark's Branch Delivery Meter Station in Douglas County, Oregon.

The draft EIS assesses the potential environmental effects of the

¹ Jordan Cove filed its application with the FERC on May 21, 2013 in Docket No. CP13–483–000, while Pacific Connector filed its application with the FERC on June 6, 2013 in Docket No. CP13–492–000.

² The pronouns "we," "us," or "our" refer to the environmental staff of the FERC's Office of Energy Projects.

³ The U.S. Department of Energy Office of Fossil Energy issued an authorization on December 7, 2011 allowing Jordan Cove to export LNG to FTA nations in DOE/FE Order 3041, and authorization to export to non-FTA nations on March 24, 2014 in DOE/FE Order 3413. Shipment would be by other party LNG vessels.
