SUPPLEMENTARY INFORMATION:

I. Abstract

The Quarterly Survey of Payment Card and Bank Card Transactions Related to International Travel (BE-150) is a survey that collects data on the credit, debit, charge, automated teller machine (ATM), and point of sale transactions of U.S. persons traveling abroad and foreign persons traveling in the United States. The information collected on this survey will be used to formulate U.S. international economic policy and analyze the impact of that policy, and the policies of foreign countries, on international trade in services. The data are also used in estimating the travel component of the U.S. international transactions accounts (ITAs) and national income and product accounts (NIPAs).

The Bureau of Economic Analysis (BEA) is proposing no additions, modifications, or deletions to the current BE-150 survey. The effort to keep current reporting requirements unchanged is intended to minimize respondent burden while considering the needs of data users. Existing language in the instructions and definitions will be reviewed and adjusted as necessary to clarify survey requirements.

II. Method of Collection

Form BE-150 is a quarterly report that must be filed within 45 days after the end of each quarter and is mandatory for each U.S. company that operates networks for clearing and settling credit card transactions made by U.S. cardholders in foreign countries and by foreign cardholders in the United States and from PIN-based debit network companies.

BEA offers its electronic filing option, the eFile system, for use in reporting on Form BE-150. For more information about eFile, go to www.bea.gov/eFile.

Tapered Roller Bearings and Parts Thereof, Finished and Unfinished, From the People's Republic of China: Notice of Preliminary Results of Changed Circumstances Review and Extension of the Final Results

AGENCY: Enforcement and Compliance, International Trade Administration, Department of Commerce.

SUMMARY: On June 28, 2013, the Department of Commerce (the Department) initiated a changed circumstances review (CCR) of the antidumping duty (AD) order on tapered roller bearings (TRBs) and parts thereof, finished and unfinished, from the People's Republic of China (PRC) in order to determine whether Shanghai General Bearing Co., Ltd. (SGBC/SKF), a producer/exporter of TRBs in the PRC, is the successor-in-interest to a company revoked from the AD order on TRBs in 1997 (also known as "SGBC"). We preliminarily determine that SGBC/SKF is the successor-in-interest to SGBC. Interested parties are invited to comment on these preliminary results.

DATES: *Effective Date:* November 21, 2014.

FOR FURTHER INFORMATION CONTACT: Stephen Banea, AD/CVD Operations, Office II, Enforcement and Compliance, International Trade Administration, U.S. Department of Commerce, 14th Street and Constitution Avenue NW., Washington, DC 20230; telephone: (202) 482-0656.

SUPPLEMENTARY INFORMATION:

Background

On June 15, 1987, the Department published in the *Federal Register* the AD order on TRBs from the PRC.¹ On February 11, 1997, the Department revoked the order on TRBs from the PRC with respect to merchandise produced

and exported by SGBC, effective as of June 1, 1994.²

Effective August 1, 2012, the majority shareholder of SGBC, the General Bearing Corporation (GBC), merged with AB SKF (SKF) and, as a result of the merger, both GBC and SGBC became part of the SKF Group. On February 13, 2013, SGBC/SKF³ requested that the Department conduct a CCR pursuant to 19 CFR 351.221(c)(3)(ii) to determine whether it is the successor-in-interest to SGBC as it existed prior to its affiliation with SKF.

On June 28, 2013, the Department published in the *Federal Register* a notice initiating a CCR to address this question.⁴ Between July 2013 and February 2014, the Department requested additional information from SGBC/SKF, and SGBC/SKF submitted its responses to these requests from August 2013 through March 2014. Between September 2013 and July 2014, we received comments on SGBC/SKF's submissions from the Timken Company, the petitioner in this proceeding. In December 2013, we also received comments from Stemco LP (Stemco), a U.S. manufacturer and importer of TRBs.

Scope of the Order

Imports covered by the order are shipments of tapered roller bearings and parts thereof, finished and unfinished, from the People's Republic of China; flange, take up cartridge, and hanger units incorporating tapered roller bearings; and tapered roller housings (except pillow blocks) incorporating tapered rollers, with or without spindles, whether or not for automotive use.
