Authorized or potentially authorized customers of the Army and Air Force Exchange Service information, who provide comments, suggestions, complaints, concerns, opinions, observations or other information pertaining to Exchange operations. The Exchange collects information electronically transmitted, or provided by customers via paper forms completed by the customer or by phone, which allows the Exchange to contact the customer for special events, sales, address customer complaints as well as provide information about shopping at the Exchange. The information provides valuable data to the Exchange, which is used to enhance operations and improve efficiencies of the Exchange marketing program, and to generally enrich the customers’ experience. If the Exchange does not receive the data, the Exchange efforts to improve the shopping experience would not be as effective, efficient or useful. Customer information is vital to the efficient and effective maintenance and improvement of Exchange operations.
