

2014, the ITC published notice of its determination, pursuant to section 751(c) of the Act, that revocation of the antidumping duty order on fish fillets from Vietnam would likely lead to a continuation or recurrence of material injury to an industry in the United States within a reasonably foreseeable time.<sup>3</sup>

### Scope of the Order

The product covered by the order is frozen fish fillets, including regular, shank, and strip fillets and portions thereof, whether or not breaded or marinated, of the species *Pangasius Bocourti*, *Pangasius Hypophthalmus* (also known as *Pangasius Pangasius*) and *Pangasius Micronemus*.

Frozen fish fillets are lengthwise cuts of whole fish. The fillet products covered by the scope include boneless fillets with the belly flap intact ("regular" fillets), boneless fillets with the belly flap removed ("shank" fillets) and boneless shank fillets cut into strips ("fillet strips/finger"), which include fillets cut into strips, chunks, blocks, skewers, or any other shape.

Specifically excluded from the scope are frozen whole fish (whether or not dressed), frozen steaks, and frozen belly-flap nuggets. Frozen whole, dressed fish are deheaded, skinned, and eviscerated. Steaks are bone-in, cross-section cuts of dressed fish. Nuggets are the belly-flaps.

The subject merchandise will be hereinafter referred to as frozen "basa" and "tra" fillets, which are the Vietnamese common names for these species of fish. These products are classifiable under tariff article codes 0304.29.6033, 0304.62.0020, 0305.59.0000, 0305.59.4000, 1604.19.2000, 1604.19.2100, 1604.19.3000, 1604.19.3100, 1604.19.4000, 1604.19.4100, 1604.19.5000, 1604.19.5100, 1604.19.6100 and 1604.19.8100 (Frozen Fish Fillets of the species *Pangasius* including basa and tra) of the Harmonized Tariff Schedule of the United States ("HTSUS").<sup>4</sup>

*Order*, 79 FR 60452 (October 7, 2014) and accompanying Issues and Decision Memorandum.

<sup>3</sup> See *Certain Frozen Fish Fillets from the Socialist Republic of Vietnam: Determination*, 79 FR 65423 (November 4, 2014); see also *Certain Frozen Fish Fillets from the Socialist Republic of Vietnam: Investigation No. 731-TA-1012*, USITC Publication 4498 (October 2014).

<sup>4</sup> Until July 1, 2004 these products were classifiable under HTSUS 0304.20.6030 (Frozen Catfish Fillets), 0304.20.6096 (Frozen Fish Fillets, NESOI), 0304.20.6043 (Frozen Freshwater Fish Fillets) and 0304.20.6057 (Frozen Sole Fillets). Until February 1, 2007 these products were classifiable under HTSUS 0304.20.6033 (Frozen Fish Fillets of the species *Pangasius*, including basa and tra). On March 2, 2011 the Department added two HTSUS numbers at the request of U.S. Customs

and Border Protection ("CBP"): 1604.19.2000 and 1604.19.3000. On January 30, 2012 the Department added eight HTSUS numbers at the request of CBP: 0304.62.0020, 0305.59.0000, 1604.19.2100, 1604.19.3100, 1604.19.4100, 1604.19.5100, 1604.19.6100 and 1604.19.8100.

### Continuation of the Order

As a result of the determinations by the Department and the ITC that revocation of the antidumping duty order would likely lead to a continuation or recurrence of dumping and material injury to an industry in the United States, pursuant to section 751(d)(2) of the Act, the Department hereby orders the continuation of the antidumping order on fish fillets from Vietnam. U.S. Customs and Border Protection will continue to collect antidumping duty cash deposits at the rates in effect at the time of entry for all imports of subject merchandise. The effective date of the continuation of the order will be the date of publication in the **Federal Register** of this notice of continuation. Pursuant to section 751(c)(2) of the Act, the Department intends to initiate the next five-year review of the order not later than 30 days prior to the fifth anniversary of the effective date of continuation.

This five-year ("sunset") review and this notice are in accordance with section 751(c) of the Act and published pursuant to section 777(i)(1) of the Act.

Dated: November 17, 2014.

**Paul Piquado**,

*Assistant Secretary for Enforcement and Compliance*.

## DEPARTMENT OF COMMERCE

### National Oceanic and Atmospheric Administration

#### Changes in Nautical Chart Catalog Format

**AGENCY:** National Ocean Service, National Oceanic and Atmospheric Administration (NOAA), Commerce.

**ACTION:** Request for comments.

**SUMMARY:** The Office of Coast Survey is transitioning its nautical products to a wide range of digital formats and web mapping services to enable more frequent updating and allow easier

uptake by users. With the end of lithographic printing of NOAA paper nautical charts in April 2014, we also stopped production of the five printed nautical chart catalogs which are created in the large paper format (35 inches by 55 inches). We have now transformed the chart catalogs into letter-sized documents that users can print at home. Downloads of the "print-at-home" chart catalog in PDF format are free from the Coast Survey Web site. An interactive chart catalog is also available on the Coast Survey Web site ([nauticalcharts.noaa.gov](http://nauticalcharts.noaa.gov)) for users who prefer to point, click, and download their charts from online.

Coast Survey will consider making the front page of the large-format chart catalog. (We consider the reverse side, which lists chart agents, as obsolete and will not continue it.) Before making the decision, Coast Survey wants to know if demand remains for the large-format chart catalogs, and if users are willing to purchase these from commercial providers, such as NOAA-certified printing companies.

Coast Survey invites written comments about: (1) Maintaining the large-format paper catalog (with no reverse side) if they are available for purchase from commercial provider; (2) the new free "print-at-home" PDF chart catalog; and (3) the online interactive chart catalog on the homepage of the [nauticalcharts.noaa.gov](http://nauticalcharts.noaa.gov) Web site.

**DATES:** Written, faxed, or emailed comments are due by midnight, April 30, 2015.

**ADDRESSES:** Email comments to [frank.powers@noaa.gov](mailto:frank.powers@noaa.gov), or fax to 301-713-9312. Written comments may be mailed to Frank Powers, Office of Coast Survey, 1315 East-West Highway, #6254, Silver Spring MD 20906.

**FOR FURTHER INFORMATION CONTACT:** Frank Powers, telephone 301-713-2750, ext. 173; email: [frank.powers@noaa.gov](mailto:frank.powers@noaa.gov).

#### SUPPLEMENTARY INFORMATION:

##### 1. Background

Until April 2014, the Federal Aviation Administration had printed NOAA's nautical chart catalogs on oversized paper sheets (35 inches by 55 inches), folded them, and made them available to the public for free. Since the printing was done in bulk, and stored prior to distribution, the information on the reverse side of the catalogs was often out-of-date by the time catalogs reached customers. When the FAA ceased printing NOAA nautical charts in April, they also stopped printing the catalogs. Since then, NOAA's Office of Coast Survey has privatized paper chart production by expanding the number of

chart printing agents through the NOAA “print-on-demand” program. Questions remain on whether to transition the catalogs to a similar “print-on-demand” system where customers would pay for the catalogs.

## 2. Current Status of the Chart Catalogs

Coast Survey now makes letter-sized “print-at-home” PDF chart catalogs available for download, free, at [www.nauticalcharts.noaa.gov/catalog](http://www.nauticalcharts.noaa.gov/catalog). Produced with digital technology, the catalogs are easy-to-see, easy-to-use, easy-to-print, and are updated as changes occur. The new format has a higher resolution and more geographic names than the large-format catalog, and heavily trafficked waterways covered by multiple charts have their own dedicated pages.

If users prefer a Web-based search for charts, they can use the interactive catalog that Coast Survey established in early 2014. The interactive catalog is at [www.charts.noaa.gov/InteractiveCatalog/nrnc.shtml](http://www.charts.noaa.gov/InteractiveCatalog/nrnc.shtml), or it can be accessed from the Coast Survey home page at [nauticalcharts.noaa.gov](http://nauticalcharts.noaa.gov).

Coast Survey has stopped updating and producing the large-format chart catalogs since the federal government is no longer printing them. We will archive the latest versions in Coast Survey’s Historical Map & Chart Collection ([nauticalcharts.noaa.gov/history](http://nauticalcharts.noaa.gov/history)). We could re-start the updating process if there is a market demand and if commercial printing firms decided to carry the catalogs as for-sale products. The updated chart catalogs would only have the front side showing the areas covered by the catalog, with chart outlines and their corresponding chart numbers. They would not show anything on the reverse side. (The Coast Survey Web site [nauticalcharts.noaa.gov/staff/print\\_agents.html](http://nauticalcharts.noaa.gov/staff/print_agents.html) now carries regularly updated information about NOAA-certified chart printers.)

## 3. Public Comments

The director of NOAA’s Office of Coast Survey invites interested parties to submit comments to assist Coast Survey as it decides whether to maintain the one-sided large-format (35 inch by 55 inch) chart catalogs that could be made available for purchase from commercial providers, subject to their decision about whether to carry the product. Comments about the new letter-sized PDF catalogs and the interactive Web catalog are also welcome.

**Authority:** 33 U.S.C. Chapter 17, Coast and Geodetic Survey Act of 1947.

Dated: November 14, 2014.

### Mid-Atlantic Fishery Management Council (MAFMC); Public Hearings

**AGENCY:** National Marine Fisheries Service (NMFS), National Oceanic and Atmospheric Administration (NOAA), Commerce.

**ACTION:** Notice of public hearings, request for comments.

**SUMMARY:** The Mid-Atlantic Fishery Management Council is developing an Amendment to the Atlantic Surfclam and Ocean Quahog Fishery Management Plan (called the Cost Recovery Amendment) that will address cost recovery in these fisheries, how stock status determination criteria are updated, and optimum yield ranges in the plan.

**DATES:** Written comments will be accepted from December 15, 2014 until January 16, 2015. Four public hearings will be held during this comment period. See **SUPPLEMENTARY INFORMATION** for dates, times, and locations.

**ADDRESSES:** Written comments may be sent by any of the following methods:

- *Email to the following address:* [nmfs.gar.SCOQAmendment@noaa.gov](mailto:nmfs.gar.SCOQAmendment@noaa.gov);
- Include “Cost Recovery Amendment Comments” in the subject line;
- Mail or hand deliver to Dr.

Christopher M. Moore, Executive Director, Mid-Atlantic Fishery Management Council, 800 North State Street, Suite 201, Dover, Delaware 19901. Mark the outside of the envelope “Cost Recovery Amendment Comments”; or

- Fax to (302) 674–5399.
- A Web form for submitting comments is available on the Council’s Web site: <http://www.mafmc.org/comments/costrecoveryamendment>. The draft Amendment document may be obtained from the Council office at the previously provided address, or by request to the Council by telephone (302) 674–2331, or via the Internet at <http://www.mafmc.org>.

• Comments may also be provided verbally at any of the four public hearings. See **SUPPLEMENTARY**

**INFORMATION** for dates, times, and locations.

**FOR FURTHER INFORMATION CONTACT:** Dr. Christopher M. Moore, Mid-Atlantic Fishery Management Council, 800 North State Street, Suite 201, Dover, DE 19901, (telephone (302) 674–2331). The Council’s Web site, [www.mafmc.org](http://www.mafmc.org) also has details on the meeting location, webinar listen-in access, and public hearing materials.

## SUPPLEMENTARY INFORMATION:

### Background

The Mid-Atlantic Fishery Management Council is developing this Amendment to the Atlantic Surfclam and Ocean Quahog Fishery Management Plan (called the Cost Recovery Amendment) to implement (1) measures for collecting fees and recovering costs associated with the management of the Atlantic surfclam and ocean quahog individual transferrable quota fisheries, (2) measures that facilitate incorporation of revised stock status determination criteria (*i.e.*, biological reference points) for surfclams and ocean quahogs into the Fishery Management Plan, and (3) measures that would modify or eliminate the optimum yield (OY) ranges for surfclam and ocean quahog currently in the plan.

The Amendment contains a range of management alternatives under consideration by the Council, and their expected impacts as indicated by the Environmental Assessment. During the public comment period, which will include public hearings, the public may comment on any aspect of the draft Amendment. Following a review of the comments and further development of alternatives, the Council will choose preferred management measures and submit the Amendment to the Secretary of Commerce for approval and publication of proposed and final rules, both of which have additional comment periods.

### Public Hearings

The dates and locations of the public hearings are as follows.

- Monday, January 12, 2015. 6:30 p.m. Hilton Garden Inn Providence Airport, 1 Thurber Street, Warwick, Rhode Island, 02886, telephone: (401) 734–9600;
- Tuesday, January 13, 2015. 6 p.m. Internet webinar, Connection information to be available at <http://www.mafmc.org> or by contacting the Council (see **ADDRESSES** above);
- Wednesday, January 14, 2015. 6:30 p.m. The Grand Hotel, 1045 Beach Avenue, Cape May, New Jersey 08204, telephone: (609) 884–5611; and
