Energy Efficiency Program for Consumer Products: Energy Conservation Standards for Ceiling Fans: Availability of the Preliminary Technical Support Document

AGENCY: Office of Energy Efficiency and Renewable Energy, Department of Energy.

ACTION: Extension of public comment period.

SUMMARY: On September 29, 2014, the U.S. Department of Energy (DOE) published a notice of public meeting and availability of the preliminary technical support document (TSD) for ceiling fans energy conservation standards in the **Federal Register**. This document announces an extension of the public comment period for submitting comments on the TSD or any other aspect of the rulemaking for ceiling fans. The comment period is extended to December 9, 2014.

DATES: DOE will accept comments, data, and information regarding this rulemaking received no later than December 9, 2014.

ADDRESSES: Interested persons may submit comments, identified by docket number EERE-2011-BT-STD-0045 and/or Regulation Identification Number (RIN) 1904-AC87, by any of the following methods:

- *Federal eRulemaking Portal:* www.regulations.gov. Follow the instructions for submitting comments.
- *Email:* CeilingFan2012STD0045@ee.doe.gov. Include the docket number EERE-2011-BT-STD-0045 and/or RIN 1904-AC87 in the subject line of the message.

- *Mail:* Ms. Brenda Edwards, U.S. Department of Energy, Building Technologies Program, Mailstop EE-5B, 1000 Independence Avenue SW., Washington, DC 20585-0121. If

possible, please submit all items on a compact disc (CD), in which case it is not necessary to include printed copies. [Please note that comments and CDs sent by mail are often delayed and may be damaged by mail screening processes.]

- *Hand Delivery/Courier:* Ms. Brenda Edwards, U.S. Department of Energy, Building Technologies Program, 950 L'Enfant Plaza SW., Suite 600, Washington, DC 20024. Telephone (202) 586-2945. If possible, please submit all items on CD, in which case it is not necessary to include printed copies.

Docket: The docket is available for review at www.regulations.gov, including **Federal Register** notices, framework documents, public meeting attendee lists and transcripts, comments, and other supporting documents/materials. All documents in the docket are listed in the www.regulations.gov index. However, not all documents listed in the index may be publicly available, such as information that is exempt from public disclosure.

SUPPLEMENTARY INFORMATION: On September 29, 2014, the U.S. Department of Energy (DOE) published a notice of public meeting and availability of the preliminary technical support document in the **Federal Register** to make available and invite

comments on the preliminary analysis for ceiling fans energy conservation standards. 79 FR 58290. The notice provided for the written submission of comments by November 28, 2014, and oral comments were also accepted at a public meeting held on November 19, 2014. Various stakeholders have requested an extension of the comment period to consider the preliminary technical support document and public meeting presentation, and to prepare and submit comments accordingly.

DOE has determined that an extension of the public comment period is appropriate based on the foregoing reason. DOE will consider any comments received by midnight of December 9, 2014, and deems any comments received by that time to be timely submitted.

Issued in Washington, DC, on November 21, 2014.

Kathleen B. Hogan,

Deputy Assistant Secretary for Energy Efficiency, Energy Efficiency and Renewable Energy.

Energy Conservation Program for Certain Commercial and Industrial Equipment: Gas Compressors

AGENCY: Office of Energy Efficiency and Renewable Energy, Department of Energy.

ACTION: Notice of public meeting.

SUMMARY: The U.S. Department of Energy (DOE) is considering establishing energy conservation standards for commercial and industrial compressors. To date, DOE has considered energy conservation standards only for compressors intended to compress air, rather than natural gas. As a result, DOE's current efforts have focused on air compressors. However, DOE is also aware that compressors used to compress natural gas may also use a substantial amount of energy. To improve its understanding of both the technology and market of natural gas compressors, DOE will hold
