Letters of Appearance and Administrative Protective Orders

Pursuant to 19 CFR 351.103(d), the Department will maintain and make available a public service list for these proceedings. Parties wishing to participate in any of these five-year reviews must file letters of appearance as discussed at 19 CFR 351.103(d). To facilitate the timely preparation of the public service list, it is requested that those seeking recognition as interested parties to a proceeding submit an entry of appearance within 10 days of the publication of the Notice of Initiation.

Because deadlines in Sunset Reviews can be very short, we urge interested parties who want access to proprietary information under administrative protective order (“APO”) to file an APO application immediately following publication in the **Federal Register** of this notice of initiation. The Department’s regulations on submission of proprietary information and eligibility to receive access to business proprietary information under APO can be found at 19 CFR 351.304–306.

Information Required From Interested Parties

Domestic interested parties, as defined in section 771(9)(C), (D), (E), (F), and (G) of the Act and 19 CFR 351.102(b), wishing to participate in a Sunset Review must respond not later than 15 days after the date of publication in the **Federal Register** of this notice of initiation by filing a notice of intent to participate. The required contents of the notice of intent to participate are set forth at 19 CFR 351.218(d)(1)(ii). In accordance with the Department’s regulations, if we do not receive a notice of intent to participate from at least one domestic interested party by the 15-day deadline, the Department will automatically revoke the order without further review.⁵

If we receive an order-specific notice of intent to participate from a domestic interested party, the Department’s regulations provide that *all parties* wishing to participate in a Sunset Review must file complete substantive responses not later than 30 days after the date of publication in the **Federal Register** of this notice of initiation. The required contents of a substantive

response, on an order-specific basis, are set forth at 19 CFR 351.218(d)(3). Note that certain information requirements differ for respondent and domestic parties. Also, note that the Department’s information requirements are distinct from the Commission’s information requirements. Consult the Department’s regulations for information regarding the Department’s conduct of Sunset Reviews. Consult the Department’s regulations at 19 CFR part 351 for definitions of terms and for other general information concerning antidumping and countervailing duty proceedings at the Department.

This notice of initiation is being published in accordance with section 751(c) of the Act and 19 CFR 351.218(c).

Countervailing Duty Investigation of Certain Passenger Vehicle and Light Truck Tires From the People’s Republic of China: Preliminary Affirmative Determination, Preliminary Affirmative Critical Circumstances Determination, in Part, and Alignment of Final Determination With Final Antidumping Duty Determination

AGENCY: Enforcement and Compliance, International Trade Administration, Department of Commerce.

SUMMARY: The Department of Commerce (the Department) preliminarily determines that countervailable subsidies are being provided to producers and exporters of passenger vehicle and light truck tires (passenger tires) from the People’s Republic of China (PRC). The period of investigation is January 1, 2013, through December 31, 2013. We invite interested parties to comment on this preliminary determination.

DATES: *Effective Date:* Insert date of publication in the **Federal Register**.

FOR FURTHER INFORMATION CONTACT: Emily Halle or Jason Rhoads, AD/CVD Operations, Office VII, Enforcement and Compliance, International Trade Administration, U.S. Department of Commerce, 14th Street and Constitution Avenue NW., Washington, DC 20230; telephone 202.482.0176, 202.482.0123, respectively.

SUPPLEMENTARY INFORMATION:

Scope of the Investigation

The products covered by this investigation are certain passenger tires from the PRC. For a complete description of the scope of this investigation, *see* the Memorandum from Christian Marsh, Deputy Assistant Secretary for Antidumping and Countervailing Duty Operations to Paul Piquado, Assistant Secretary for Enforcement and Compliance, “Countervailing Duty Investigation of Certain Passenger Vehicle and Light Truck Tires from the People’s Republic of China: Decision Memorandum for the Preliminary Determination,” dated concurrently with, and hereby adopted by, this notice (Preliminary Decision Memorandum). The Preliminary Decision Memorandum is a public document and is on file electronically via Enforcement and Compliance’s Antidumping and Countervailing Duty Centralized Electronic Service System (ACCESS). ACCESS is available to registered users at <http://access.trade.gov>, and is available to all parties in the Central Records Unit, room 7046 of the main Department of Commerce building. In addition, a complete version of the Preliminary Decision Memorandum can be accessed directly at <http://trade.gov/enforcement>. The signed Preliminary Decision Memorandum and the electronic versions of the Preliminary Decision Memorandum are identical in content.

Methodology

The Department is conducting this countervailing duty (CVD) investigation in accordance with section 701 of the Tariff Act of 1930, as amended (the Act). For each of the subsidy programs found countervailable, we preliminarily determine that there is a subsidy, *i.e.*, a financial contribution by an “authority” that gives rise to a benefit to the recipient, and that the subsidy is specific.¹ For a full description of the methodology underlying our preliminary conclusions, *see* the Preliminary Decision Memorandum.

The Department notes that, in making these findings, we relied, in part, on facts available and, because one or more respondents did not act to the best of their ability to respond to the Department’s requests for information, we drew an adverse inference where appropriate in selecting from among the

¹ See sections 771(5)(B) and (D) of the Act regarding financial contribution; section 771(5)(E) of the Act regarding benefit; and section 771(5A) of the Act regarding specificity.

⁵ See 19 CFR 351.218(d)(1)(iii).

facts otherwise available.² For further information, see “Use of Facts Otherwise Available and Adverse Inferences” in the Preliminary Decision Memorandum.

Alignment

As noted in the Preliminary Decision Memorandum, in accordance with section 705(a)(1) of the Act and 19 CFR 351.210(b)(4), we are aligning the final CVD determination in this investigation with the final determination in the companion antidumping duty (AD) investigation of passenger tires from the PRC based on a request made by Petitioner.³ Consequently, the final CVD determination will be issued on the same date as the final AD determination, which is currently scheduled to be issued no later than April 6, 2015, unless postponed.

Critical Circumstances, in Part

In accordance with section 703(e)(1) of the Act, we preliminarily find that critical circumstances exist with respect to imports of passenger tires from the PRC for Shandong Yongsheng Rubber Group Co., Ltd. (Yongsheng) and all other exporters or producers not individually examined. A discussion of our determination can be found in the Preliminary Decision Memorandum.

Preliminary Determination and Suspension of Liquidation

In accordance with section 703(d)(1)(A)(i) of the Act, we calculated an individual estimated countervailable subsidy rate for the individually-investigated exporters/producers of the subject merchandise.⁴ We also calculated an all-others rate. In accordance with sections 703(d) and 705(c)(5)(A) of the Act, for companies not individually investigated, we apply an “all-others” rate, which is normally calculated by weighting the subsidy rates of the individual companies selected as mandatory respondents by

those companies’ exports of the subject merchandise to the United States. Under section 705(c)(5)(A)(i) of the Act, the all-others rate excludes zero and *de minimis* rates calculated for the exporters and producers individually investigated as well as rates based entirely on facts otherwise available. Therefore, we have excluded the rate for Yongsheng from the all-others rate. Notwithstanding the language of section 705(c)(5)(A)(i) of the Act, we have not calculated the “all-others” rate by weight averaging the rates of the two individually investigated respondents, because doing so risks disclosure of proprietary information. Therefore, and consistent with the Department’s practice where such risk exists, for the “all-others” rate, we calculated a weight average of the two responding firms’ rates using publicly ranged data.⁵ The overall preliminary estimated countervailable subsidy rates are summarized in the table below:

Exporter/Producer	Subsidy rate (%)
GITI Tire (Fujian) Co., Ltd. and certain cross-owned companies	17.69
Cooper Kunshan Tire Co., Ltd and certain cross-owned companies	12.50
Shandong Yongsheng Rubber Group Co., Ltd.	81.29
All-Others	15.69

In accordance with sections 703(d)(1)(B) and (d)(2) of the Act, we are directing U.S. Customs and Border Protection (CBP) to suspend liquidation of all entries of passenger tires from the PRC that are entered, or withdrawn from warehouse, for consumption on or after the date of the publication of this notice in the **Federal Register**, and to require a cash deposit for such entries of merchandise in the amounts indicated above. Moreover, because we preliminarily find critical circumstances exist with respect to Yongsheng, and all other exporters or producers not individually examined, in accordance with section 703(e)(2)(A) of the Act, we are directing CBP to apply the suspension of liquidation to any unliquidated entries entered, or withdrawn from warehouse for consumption by these companies, on or after the date which is 90 days prior to the date of publication of this notice in the **Federal Register**.

Verification

As provided in section 782(i)(1) of the Act, we intend to verify the information submitted by the respondents prior to making our final determination.

Disclosure and Public Comment

The Department intends to disclose to interested parties the calculations performed in connection with this preliminary determination within five days of its public announcement.⁶ Interested parties may submit case and rebuttal briefs, as well as request a hearing.⁷ For a schedule of the deadlines for filing case briefs, rebuttal briefs, and hearing requests, see the Preliminary Decision Memorandum.

International Trade Commission Notification

In accordance with section 703(f) of the Act, we will notify the International Trade Commission (ITC) of our determination. In addition, we are making available to the ITC all non-privileged and non-proprietary information relating to this investigation. We will allow the ITC access to all privileged and business proprietary information in our files, provided the ITC confirms that it will not disclose such information, either publicly or under an administrative protective order, without the written consent of the Assistant Secretary for Enforcement and Compliance.

In accordance with section 705(b)(2) of the Act, if our final determination is affirmative, the ITC will make its final determination within 45 days after the Department makes its final determination.

This determination is issued and published pursuant to sections 703(f) and 777(i) of the Act and 19 CFR 351.205(c).

Dated: November 21, 2014.

Paul Piquado,

Assistant Secretary for Enforcement and Compliance.

CORPORATION FOR NATIONAL AND COMMUNITY SERVICE

Proposed Information Collection; Comment Request

AGENCY: Corporation for National and Community Service.

ACTION: Notice.

SUMMARY: The Corporation for National and Community Service (CNCS), as part of its continuing effort to reduce paperwork and respondent burden, conducts a pre-clearance consultation program to provide the general public and federal agencies with an opportunity to comment on proposed and/or continuing collections of information in accordance with the Paperwork Reduction Act of 1995 (PRA95) (44 U.S.C. 3506(c)(2)(A)). This program helps to ensure that requested data can be provided in the desired format, reporting burden (time and financial resources) is minimized, collection instruments are clearly understood, and the impact of collection requirement on respondents can be properly assessed.

Currently, CNCS is soliciting comments concerning its proposed new information collection through the Partnership and Collaboration (PAC) Survey that is part of the Social Network Study (SNS). The goal of this study is to gather a comprehensive understanding of network of organizations in the same service area as CNCS grantees, the relationships and interactions of CNCS grantees with these other organizations, and how central the AmeriCorps members and member organizations are to these networks. In support of these efforts, we will design and field a survey of grantees and organizations in the service area in several sites, the data from
