

paperwork and respondent burden, conducts a preclearance consultation program to provide the general public and Federal agencies with an opportunity to comment on proposed and/or continuing collections of information in accordance with the paperwork Reduction Act of 1995 (PRA95) [44 U.S.C. 3506(c)(2)(A)] This program helps to ensure that requested data can be provided in the desired format, reporting burden (time and financial resources) is minimized, collection instruments are clearly understood, and the impact of collection requirements on respondents can be properly assessed. Currently, the Office of Workers' Compensation Programs (OWCP) is soliciting comments concerning the proposed collection: Notice of Final Payment or Suspension of Compensation Benefits (LS-208). A copy of the proposed information collection request can be obtained by contacting the office listed below in the address section of this Notice.

DATES: Written comments must be submitted to the office listed in the addresses section below on or before January 30, 2015.

ADDRESSES: Ms. Yoon Ferguson, U.S. Department of Labor, 200 Constitution Ave. NW., Room S-3323, Washington, DC 20210, telephone (202) 693-0701, fax (202) 693-1449, Email ferguson.yoon@dol.gov. Please use only one method of transmission for comments (mail, fax, or Email).

SUPPLEMENTARY INFORMATION:

I. Background

The Office of Workers' Compensation Programs (OWCP) administers the Longshore and Harbor Workers' Compensation Act (LHWCA). The Act provides benefits to workers' injured in maritime employment on the navigable waters of the United States or in an adjoining area customarily used by an employer in loading, unloading, repairing, or building a vessel. In addition, several acts extend the Longshore Act's coverage to certain other employees.

Under Section 914(g) of the Longshore Act, the employer or its insurance carrier must file a report of the compensation paid to a claimant at the time final payment is made. The Act requires that the form must be filed within sixteen days of the final payment of compensation with the District Director in the compensation district in which the injury occurred. The form requests information regarding the beginning and ending dates of compensation payments, compensation rates, reason payments were terminated

and types and amount of compensation payments. Filing of the report is mandatory, and failure to do so is subject to a civil penalty. This information collection is currently approved for use through February 28, 2015.

II. Review Focus

The Department of Labor is particularly interested in comments which:

- * Evaluate whether the proposed collection of information is necessary for the proper performance of the functions of the agency, including whether the information will have practical utility;

- * evaluate the accuracy of the agency's estimate of the burden of the proposed collection of information, including the validity of the methodology and assumptions used;

- * enhance the quality, utility and clarity of the information to be collected; and

- * minimize the burden of the collection of information on those who are to respond, including through the use of appropriate automated, electronic, mechanical, or other technological collection techniques or other forms of information technology, e.g., permitting electronic submissions of responses.

III. Current Actions

The Department of Labor seeks the extension of approval of this information collection in order to carry out its responsibility to meet the statutory requirements to provide compensation or death benefits under the Act to workers covered by the Act.

Agency: Office of Workers' Compensation Programs.

Type of Review: Extension.

Title: Notice of Final Payment or Suspension of Compensation Benefits.

OMB Number: 1240-0041.

Agency Number: LS-208.

Affected Public: Business or other for-profit.

Total Respondents: 600.

Total Annual Responses: 21,000.

Estimated Total Burden Hours: 5,250.

Estimated Time per Response: 15 minutes.

Frequency: On occasion.

Total Burden Cost (capital/startup): \$0.

Total Burden Cost (operating/maintenance): \$10,920.

Comments submitted in response to this notice will be summarized and/or included in the request for Office of Management and Budget approval of the information collection request; they will also become a matter of public record.

Dated: November 25, 2014.

Yoon Ferguson,

Agency Clearance Officer, Office of Workers' Compensation Programs, U.S. Department of Labor.

BILLING CODE 4510-CF-P

OFFICE OF NATIONAL DRUG CONTROL POLICY

Paperwork Reduction Act; Proposed Collection; Comment Request

AGENCY: Office of National Drug Control Policy.

ACTION: 60-Day notice and request for comments. Revision of Currently Approved Collection: Drug-Free Communities Support Program National Evaluation.

SUMMARY: The Office of National Drug Control Policy (ONDCP) intends to submit the following information collection request to the Office of Management and Budget for review and approval under the Paperwork Reduction Act of 1995 (Pub. L. 104-13, 44 U.S.C. Chapter 35).

DATES: ONDCP encourages and will accept public comments on or before 60 days after the date of this publication.

ADDRESS: Address all comments in writing within 60 days to Helen Hernandez. Facsimile and email are the most reliable means of communication. Ms. Hernandez's facsimile number is (202) 395-6641, and her email address is Hhernandez@ondcp.eop.gov. Mailing address is: Executive Office of the President, Office of National Drug Control Policy, Drug-Free Communities (DFC) Support Program, 750 17th Street NW., Washington, DC 20503. For further information, contact Ms. Hernandez at 202-395-6665.

Abstract: ONDCP administers the Drug-Free Communities (DFC) Support Program in partnership with the Substance Abuse and Mental Health Services Administration's (SAMHSA) Center for Substance Abuse Prevention (CSAP). The DFC Program has two primary goals: To reduce youth substance abuse, and to support community anti-drug coalitions by establishing, strengthening, and fostering collaboration among public and private agencies.

Under reauthorization legislation (21 U.S.C. 1702), Congress mandated evaluation of the DFC Program to determine its effectiveness in meeting objectives. In 2009, a contract was awarded to evaluate the DFC Program which used an existing web-based performance system, called the

Coalition Online Management and Evaluation Tool (COMET) and the Coalition Classification Tool (CCT), to gather information from DFC grantees. The COMET data collection system will be used for FY 2014 DFC grantees and SAMHSA CSAP's Sober Truth on Preventing Underage Drinking Reauthorization Act ("STOP Act") grantees. (STOP Act data collection is authorized and required by 42 U.S.C. 290bb-35b and Section 519B of the Public Health Service Act).

ONDCP will be awarding a contract for a DFC grant oversight system at the end of 2014, following a competitive request for proposals process. Currently, DFC grantees interact with multiple separate systems. ONDCP plans to have a newly improved grant oversight system with a data collection platform, which will replace the current COMET system. The development and implementation of the DFC grant system will strengthen ONDCP's continued oversight of the DFC program. The data collected will have minimal substantive changes compared to what is currently collected and the system for data collection is intended to be more user friendly to reduce the burden on grantees. For FY 2015 and 2016 grantees, ONDCP/DFC expects a similar data collection system to be fully functional for DFC data collection and STOP Act data collection.

ONDCP's Drug Free Communities office will continue to utilize the case study protocols previously approved by OMB to document coalition practices, successes and challenges. Approximately nine DFC grantees are selected each year to highlight in the case studies. The information from the case studies will be used to illustrate not only what works to reduce drug use in a community setting, but also how and why it works.

Type of Information Collection: Web-based data collection, surveys and interviews of DFC and Sober Truth on Preventing Underage Drinking (STOP) Act grantees.

Title: Drug-Free Communities (DFC) Support Program National Evaluation.

Frequency: Semi-annually by DFC and STOP Act Program Directors via COMET, and annually for DFC Program Directors and selected coalition members via the CCT. Case study interviews and electronic surveys of Program Directors and electronic surveys of selected coalition members will be accomplished one time. ONDCP plans to award a contract for the new data collection system at the end of 2014. For FY 2015 and 2016 grantees, ONDCP/DFC expects a similar data collection system to be fully functional

for DFC data collection and STOP Act data collection.

Affected Public: DFC and STOP Act grantees.

Estimated Burden: ONDCP expects that the time required to complete each semi-annual report via COMET will be approximately five hours, and each CCT report will take approximately one hour to complete. Face to face interviews will take 1.5–2 hours and surveys will take approximately .25 hours each to complete. The estimated total amount of time required by all respondents over one year, including Program Directors and grantees to complete COMET, CCT, surveys, and interviews, is 9,680 hours. ONDCP estimates that DFC grantees will spend approximately the same amount or less when using the new DFC data collection system.

Goals: ONDCP intends to use the data of the DFC National Evaluation to assess the DFC Program's effectiveness in preventing and reducing youth substance use. Two primary objectives of the evaluation are to: (1) Regularly monitor, measure and analyze data in order to report on the progress of the DFC program and its grantees on program goals, and (2) providing technical assistance support to DFC grantees in effectively collecting and submitting data and in understanding the role of data in driving local coalition efforts.

Comment Request: ONDCP especially invites comments on: Whether the proposed data are proper for the functions of the agency; whether the information will have practical utility; the accuracy of ONDCP's estimate of the burden of the proposed collection of information, including the validity of the methodology and assumptions; ways to enhance the quality, utility, and clarity of the information to be collected; and, ways to ease the burden on proposed respondents, including the use of automated collection techniques or other forms of information technology. Comments will be accepted for sixty days.

Dated: November 25, 2014.

Daniel S. Rader,

Deputy General Counsel.

BILLING CODE 3280-F5-P

NUCLEAR REGULATORY COMMISSION

[Docket No. NRC-2014-0188]

Agency Information Collection Activities: Submission for the Office of Management and Budget (OMB) Review; Comment Request

AGENCY: Nuclear Regulatory Commission.

ACTION: Notice of the OMB review of information collection and solicitation of public comment.

SUMMARY: The U.S. Nuclear Regulatory Commission (NRC) has recently submitted to OMB for review the following proposal for the collection of information under the provisions of the Paperwork Reduction Act of 1995 (44 U.S.C. Chapter 35). The NRC hereby informs potential respondents that an agency may not conduct or sponsor, and that a person is not required to respond to, a collection of information unless it displays a currently valid OMB control number. The NRC published a **Federal Register** notice with a 60-day comment period on this information collection on August 12, 2014.

1. *Type of submission, new, revision, or extension:* Revision.

2. *The title of the information collection:* Reports Concerning Possible Non-Routine Emergency Generic Problems.

3. *Current OMB approval number:* 3150-0012.

4. *The form number if applicable:* N/A.

5. *How often the collection is required:* On occasion.

6. *Who will be required or asked to report:* Nuclear power reactor licensees, nonpower reactors, and materials applicants and licensees.

7. *An estimate of the number of annual responses:* 231

8. *The estimated number of annual respondents:* 231

9. *An estimate of the total number of hours needed annually to complete the requirement or request:* 83,100 hours annually.

10. *Abstract:* The NRC is requesting approval authority to collect information concerning possible nonroutine generic problems which would require prompt action from the NRC to preclude potential threats to public health and safety. During the conduct of normal program activities, the NRC becomes aware of an emergent event or issue that may be identified in its licensing, inspection, and enforcement programs. In addition, reportable occurrences, or unusual events, equipment failures, construction
