Final Anacostia Park Wetlands and Resident Canada Goose Management Plan/Environmental Impact Statement

AGENCY: National Park Service, U.S. Department of the Interior.

ACTION: Notice of Availability.

SUMMARY: The National Park Service (NPS) announces the availability of a Final Environmental Impact Statement (FEIS) for the Anacostia Park Wetlands and Resident Canada Goose Management Plan, Anacostia Park, Washington, DC The plan provides integrated tools to protect and manage previously restored wetlands in the park, as well as other park resources, including management of the resident Canada goose population.

DATES: The NPS will execute a Record of Decision (ROD) no sooner than 30 days from the date of publication of the Notice of Availability of the FEIS and Plan by the Environmental Protection Agency.

ADDRESSES: The FEIS and Plan is available in electronic format online at <http://parkplanning.nps.gov/anac>. This Web site also provides information where public review copies of the FEIS and Plan are available for viewing. A limited number of compact discs and hard copies of the FEIS and Plan are available at National Capital Parks-East, 1900 Anacostia Drive SE., Washington, DC 20020. You may also request a CD or hard copy by contacting Gopaul Noojibail, Acting Superintendent of National Capital Parks-East, 1900 Anacostia Drive SE., Washington, DC

20020, or by telephone at (202) 690-5127.

FOR FURTHER INFORMATION CONTACT:

Gopaul Noojibail, Acting Superintendent of National Capital Parks-East, 1900 Anacostia Drive SE., Washington, DC 20020, or by telephone at (202) 690-5127.

SUPPLEMENTARY INFORMATION: The FEIS and Plan responds to, and incorporates as appropriate, agency and public comments received on the Draft Environmental Impact Statement (DEIS) and Plan which was available for public review from July 21, 2011, to September 26, 2011. A public meeting, including hearing, was held on September 7, 2011, to gather input on the DEIS and Plan. Thirteen pieces of correspondence were received during the public review period. Agency and public comments and NPS responses are provided in Appendix F of the FEIS and Plan.

The FEIS and Plan evaluates five alternatives for managing wetlands and resident Canada geese in the park. The document describes and analyzes the environmental impacts of the no-action alternative and four action alternatives. When approved, the Plan will guide wetland and resident Canada goose management actions in Anacostia Park (including Kenilworth Park & Aquatic Gardens) over the next 15 years.

The alternatives included in this plan and FEIS are presented as a two-tiered approach, which includes techniques for wetland vegetation management and also for goose management. Wetland vegetation management includes the following elements: hydrology, vegetation, cultural/education, wetland restoration, and park operations.

Alternative B has been identified as the NPS preferred alternative. This alternative combines high wetland management and high goose management techniques, including lethal control. This alternative would provide the park with the maximum number of techniques to implement at most locations to best protect park resources.

This alternative includes the following wetland management techniques: Using adaptive management to monitor and manage vegetation for impacts due to excessive goose herbivory; working with the Washington, DC harbormaster to enforce no wake zones, which would minimize shoreline erosion; managing invasive species; a high density planting effort with persistent, native species at variable growth heights; removing the sheet piling along the Anacostia River Fringe Wetlands; increasing education and interpretation; improving trash

management; reducing impervious areas; and creating new rain gardens for improving stormwater management. The NPS would also commit to using adaptive management to monitor and manage the resident Canada goose population. Management actions are: lethal control (round-up, capture, euthanasia, and shooting) until the resident Canada goose population goal of 54 is met planting new buffers along the shorelines throughout the park; increasing the width of existing vegetation buffers; and reproductive control (egg addling). Additional wetland and resident Canada goose techniques available to the park are described in detail in the FEIS and plan, and would be implemented on as needed basis to achieve wetland and goose desired conditions. Many of these additional techniques would be subject to further planning and compliance.

Alternative B would fully meet the plan objectives and has more certainty of success than the other alternatives analyzed. The potential for implementing the maximum wetland and resident Canada goose management techniques would ensure that benefits to natural resources of the park are realized and sustained over the life of the plan.

Dated: May 2, 2014.

Stephen E. Whitesell,

Regional Director, National Park Service, National Capital Region.

Notice of January 12, 2015, Meeting for Cape Cod National Seashore Advisory Commission

AGENCY: National Park Service, Interior.

ACTION: Meeting notice.

SUMMARY: This notice sets forth the date of the 297th Meeting of the Cape Cod National Seashore Advisory Commission.

DATES: The public meeting of the Cape Cod National Seashore Advisory Commission will be held on Monday, January 12, 2015, at 1:00 p.m. (EASTERN).

ADDRESSES: The Commission members will meet in the conference room at park headquarters, 99 Marconi Site Road, Wellfleet, Massachusetts 02667.

The 297th meeting of the Cape Cod National Seashore Advisory Commission will take place on Monday, January 12, 2015, at 1:00 p.m., in the conference room at Headquarters, 99 Marconi Station Road, in Wellfleet, Massachusetts to discuss the following:

1. Adoption of Agenda
2. Approval of Minutes of Previous Meeting (November 17, 2014)
3. Reports of Officers
4. Reports of Subcommittees
 - Update of Pilgrim Nuclear Plant Emergency Planning Subcommittee State Legislation Proposals
5. Superintendent's Report
 - Nauset Spit Update
 - Recreational Fee Increase
 - Kiteboarding Update
 - Shorebird Management Planning
 - National Park Service Centennial Improved Properties/Town Bylaws
 - Herring River Wetland Restoration
 - Highlands Center Update
 - Ocean Stewardship Topics—
 - Shoreline Change
 - Climate Friendly Parks
6. Old Business
 - Continue Discussion of NSTAR Spraying Plans, Clearing Alternatives and Utility Right-of-Ways
 - Live Lightly Campaign Progress Report
7. New Business
8. Date and Agenda for Next Meeting
9. Public Comment
10. Adjournment

FOR FURTHER INFORMATION CONTACT: Further information concerning the meeting may be obtained from George E. Price, Jr., Superintendent, Cape Cod National Seashore, 99 Marconi Site Road, Wellfleet, MA 02667, or via telephone at (508) 771-2144.

SUPPLEMENTARY INFORMATION: The Commission was reestablished pursuant to Public Law 87-126, as amended by Public Law 105-280. The purpose of the Commission is to consult with the Secretary of the Interior, or her designee, with respect to matters relating to the development of Cape Cod National Seashore, and with respect to carrying out the provisions of sections 4 and 5 of the Act establishing the Seashore.

The meeting is open to the public. It is expected that 15 persons will be able to attend the meeting in addition to Commission members. Interested persons may make oral/written presentations to the Commission during the business meeting or file written statements. Such requests should be made to the park superintendent prior to the meeting. Before including your address, telephone number, email

address, or other personal identifying information in your comment, you should be aware that your entire comment—including your personal identifying information—may be made publicly available at any time. While you may ask us in your comment to withhold your personal identifying information from public review, we cannot guarantee that we will be able to do so.

Dated: November 25, 2014.

Alma Ripps,

Chief, Office of Policy.

BILLING CODE 4310-EE-P

DEPARTMENT OF LABOR

Mine Safety and Health Administration

Petitions for Modification of Application of Existing Mandatory Safety Standards

AGENCY: Mine Safety and Health Administration, Labor.

ACTION: Notice.

SUMMARY: Section 101(c) of the Federal Mine Safety and Health Act of 1977 and Title 30 of the Code of Federal Regulations, 30 CFR part 44, govern the application, processing, and disposition of petitions for modification. This notice is a summary of petitions for modification submitted to the Mine Safety and Health Administration (MSHA) by the parties listed below.

DATES: All comments on the petitions must be received by the Office of Standards, Regulations and Variances on or before January 2, 2015.

ADDRESSES: You may submit your comments, identified by “docket number” on the subject line, by any of the following methods:

1. *Electronic Mail:* zzMSHA-comments@dol.gov. Include the docket number of the petition in the subject line of the message.

2. *Facsimile:* 202-693-9441.

3. *Regular Mail or Hand Delivery:* MSHA, Office of Standards, Regulations and Variances, 1100 Wilson Boulevard, Room 2350, Arlington, Virginia 22209-3939, Attention: Sheila McConnell, Acting Director, Office of Standards, Regulations and Variances. Persons delivering documents are required to check in at the receptionist's desk on the 21st floor. Individuals may inspect copies of the petitions and comments during normal business hours at the address listed above.

MSHA will consider only comments postmarked by the U.S. Postal Service or

proof of delivery from another delivery service such as UPS or Federal Express on or before the deadline for comments.

FOR FURTHER INFORMATION CONTACT: Barbara Barron, Office of Standards, Regulations and Variances at 202-693-9447 (Voice), barron.barbara@dol.gov (Email), or 202-693-9441 (Facsimile). [These are not toll-free numbers.]

SUPPLEMENTARY INFORMATION:

I. Background

Section 101(c) of the Federal Mine Safety and Health Act of 1977 (Mine Act) allows the mine operator or representative of miners to file a petition to modify the application of any mandatory safety standard to a coal or other mine if the Secretary of Labor determines that:

1. An alternative method of achieving the result of such standard exists which will at all times guarantee no less than the same measure of protection afforded the miners of such mine by such standard; or

2. That the application of such standard to such mine will result in a diminution of safety to the miners in such mine.

In addition, the regulations at 30 CFR 44.10 and 44.11 establish the requirements and procedures for filing petitions for modification.

II. Petitions for Modification

Docket Number: M-2014-020-M.

Petitioner: Barrick Goldstrike Mine, Inc., the KOIN Center, Suite 1500, 222 SW Columbia Street, Portland, Oregon 97201.

Mine: Arturo Mine, MSHA I.D. No. 26-02767, 27 Miles North of Carlin, Carlin, Nevada 89822, located in Eureka County, Nevada.

Regulation Affected: 30 CFR 56.6309(b) (Fuel oil requirements for ANFO).

Modification Request: The petitioner requests a modification of the existing standard to allow the use of recycled used waste oil blended with diesel fuel (hereinafter “blended oil”) to prepare ammonium-nitrate fuel oil (ANFO). Blended oil has been approved for use to prepare ANFO at Barrick's Goldstrike mine pursuant to MSHA's Amended Decision and Order of December 1, 1998, reinstated by Decision and Order November 4, 2011, granting modification of the application of 30 CFR 56.6309(b) at Goldstrike (hereinafter “Goldstrike Modification Order”). The petitioner states that it seeks only to use the blended oil that has already been recycled and tested at Goldstrike according to the conditions set out in the Goldstrike Modification
