Self-Regulatory Organizations; Chicago Mercantile Exchange Inc.; Notice of Filing and Immediate Effectiveness of Proposed Rule Change To Make Clarifying Changes to CME Rule 814 and CME Rule 901

December 8, 2014.

Pursuant to Section 19(b)(1) of the Securities Exchange Act of 1934 ("Act")¹ and Rule 19b-4 thereunder² notice is hereby given that, on November 26, 2014, Chicago Mercantile Exchange Inc. ("CME") filed with the Securities and Exchange Commission ("Commission") the proposed rule change as described in Items I, II and III below, which Items have been prepared primarily by CME. CME filed the proposal pursuant to Section 19(b)(3)(A) of the Act,³ and Rule 19b-4(f)(4)(ii)⁴ thereunder, so that the proposal was effective upon filing with the

Commission. The Commission is publishing this notice to solicit comments on the proposed rule change from interested persons.

I. Self-Regulatory Organization's Statement of the Terms of Substance of the Proposed Rule Change

CME is filing a proposed rule change that is limited to its business as a derivatives clearing organization. More specifically, the proposed rule change would make amendments to CME Rule 814 and CME Rule 901 to specify the time at which a settlement bank becomes responsible to the clearing house to perform variation margin settlement and the point during the clearing cycle at which a clearing member's obligations to the clearing house cease. The proposed revisions would not modify clearing house operations but merely clarify to the marketplace the clearing cycle currently in place.

II. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

In its filing with the Commission, CME included statements concerning the purpose of and basis for the proposed rule change and discussed any comments it received on the proposed rule change. The text of these statements may be examined at the places specified in Item IV below. CME has prepared summaries, set forth in sections A, B, and C below, of the most significant aspects of these statements.

A. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

CME is registered as a derivatives clearing organization with the Commodity Futures Trading Commission ("CFTC") and operates a substantial business clearing futures and swaps contracts subject to the jurisdiction of the CFTC. CME is proposing to make amendments to CME Rule 814 and CME Rule 901 to specify the time at which a settlement bank becomes responsible to the clearing house to perform variation margin settlement and the point during the clearing cycle at which a clearing member's obligations to the clearing house cease. The proposed revisions would not modify clearing house operations but merely clarify to the marketplace the clearing cycle currently in place. CME notes that it has also made a corresponding filing with the CFTC, in Submission No. 14-280, regarding the proposed changes.

¹⁷ 15 U.S.C. 78s(b)(3)(A).

¹⁸ 17 CFR 240.19b-4(f).

The proposed changes would reflect the best practices outlined in the Principles for Financial Market Infrastructures (“PFMIs”), adopted by the joint Committee on Payment and Settlement Systems and the Technical Committee of the International Organization of Securities Commissions.⁵ Principle 8 of the PFMIs (Settlement finality) states that an “FMI’s rules and procedures should clearly define the point at which settlement is final” and that “[a]n FMI should be designed to provide clear and certain final settlement of payments, transfer instructions, or other obligations.”⁶

Revised CME Rule 814 (Settlement Variation) will specify that “settlement variation is deemed final when an irrevocable commitment to pay has been provided to the Clearing House by a settlement bank in a form or manner as approved by the Clearing House.” The amendment to Rule 814 codifies CME’s uniform practice in regard to its settlement bank legal agreements, which provide that the settlement bank’s obligation arises upon CME’s receipt of the settlement bank’s irrevocable commitment to pay.

CME Rule 901.S (General Requirements and Obligations) is being added to state that “the obligation(s) of a clearing member to pay settlement variation and/or performance bond during each clearing cycle is not extinguished until all required cash and/or collateral is deposited into the correct CME bank account at the relevant custodial or settlement bank.” The proposed changes increase the transparency of the CME legal framework in this area and align the existing rules with global PFMI standards by specifying the times at which settlement bank obligations to the clearing house arise and clearing member obligations are extinguished.

CME believes the proposed rule change is consistent with the requirements of the Act including Section 17A.⁷ Because the proposed change clarifies in CME’s rules the time at which a settlement bank becomes responsible to the clearing house to perform variation margin settlement and the point during the clearing cycle at which a clearing member’s obligations

to the clearing house cease,⁸ it promotes the prompt and accurate clearance and settlement of securities transactions and, to the extent applicable, derivatives agreements, contracts, and transactions, assures the safeguarding of securities and funds which are in the custody or control of CME or for which it is responsible, and, in general, protects investors and the public interest in a way that is consistent with Section 17A(b)(3)(F) of the Act.⁹

B. Self-Regulatory Organization’s Statement on Burden on Competition

CME does not believe that the proposed rule change will have any impact, or impose any burden, on competition. The proposed changes specify the time at which a settlement bank becomes responsible to the clearing house to perform variation margin settlement and the point during the clearing cycle at which a clearing member’s obligations to the clearing house cease. The proposed revisions will not modify clearing house operations but merely clarify to the marketplace the clearing cycle currently in place.

C. Self-Regulatory Organization’s Statement on Comments on the Proposed Rule Change Received From Members, Participants or Others

CME has not solicited, and does not intend to solicit, comments regarding this proposed rule change. CME has not received any unsolicited written comments from interested parties.

III. Date of Effectiveness of the Proposed Rule Change and Timing for Commission Action

The foregoing rule change has become effective upon filing pursuant to Section 19(b)(3)(A)¹⁰ of the Act and Rule 19b-4(f)(4)(ii)¹¹ thereunder. CME asserts that this proposal constitutes a change in an existing service of CME that (a) primarily affects the clearing operations of CME with respect to products that are not securities, including futures that are not security futures, and swaps that are not security-based swaps or mixed swaps, and forwards that are not security forwards; and (b) does not significantly affect any securities clearing operations of CME or any rights or obligations of CME with respect to securities clearing or persons using such

securities-clearing service, which renders the proposed change effective upon filing. CME believes that the proposal does not significantly affect any securities clearing operations of CME because CME recently filed a rule change that clarified that CME has decided not to clear security-based swaps, except in a very limited set of circumstances.¹² The rule filing reflecting CME’s decision not to clear security-based swaps removed any ambiguity concerning CME’s ability or intent to perform the functions of a clearing agency with respect to security-based swaps. Therefore, this proposal will not have an effect on any securities clearing operations of CME.

At any time within 60 days of the filing of the proposed rule change, the Commission summarily may temporarily suspend such rule change if it appears to the Commission that such action is necessary or appropriate in the public interest, for the protection of investors, or otherwise in furtherance of the purposes of the Act.

IV. Solicitation of Comments

Interested persons are invited to submit written data, views, and arguments concerning the foregoing, including whether the proposed rule change is consistent with the Act. Comments may be submitted by any of the following methods:

Electronic Comments

- Use the Commission’s Internet comment form (<http://www.sec.gov/rules/sro.shtml>); or
- Send an email to rule-comments@sec.gov. Please include File Number SR-CME-2014-29 on the subject line.

Paper Comments

- Send paper comments in triplicate to Secretary, Securities and Exchange Commission, 100 F Street NE., Washington, DC 20549-1090.

All submissions should refer to File Number SR-CME-2014-29. This file number should be included on the subject line if email is used. To help the Commission process and review your comments more efficiently, please use only one method. The Commission will post all comments on the Commission’s Internet Web site (<http://www.sec.gov/>

The only exception is with regards to Restructuring European Single Name Credit Default Swap (“CDS”) Contracts created following the occurrence of a Restructuring Credit Event in respect of an iTraxx Component Transaction. The clearing of Restructuring European Single Name CDS Contracts will be a necessary byproduct after such time that CME begins clearing iTraxx Europe index CDS.

SECURITIES AND EXCHANGE COMMISSION

[Release No. 34-73786; File No. SR-CME-2014-54]

Self-Regulatory Organizations; Chicago Mercantile Exchange Inc.; Notice of Filing and Immediate Effectiveness of Proposed Rule Change Related to Position Limits and Position Accountability of the USD Malaysian Crude Palm Oil Calendar (Cleared Only) Contracts

December 8, 2014.

Pursuant to Section 19(b)(1) of the Securities Exchange Act of 1934 ("Act" or "Exchange Act"),¹ and Rule 19b-4 thereunder,² notice is hereby given that on November 25, 2014, Chicago Mercantile Exchange Inc. ("CME") filed with the Securities and Exchange Commission ("Commission") the

proposed rule change described in Items I, II and III, below, which Items have been primarily prepared by CME. CME filed the proposal pursuant to Section 19(b)(3)(A) of the Act,³ and Rule 19b-4(f)(4)(ii)⁴ thereunder, so that the proposal was effective upon filing with the Commission. The Commission is publishing this notice to solicit comments on the proposed rule change from interested persons.

I. Self-Regulatory Organization's Statement of the Terms of Substance of the Proposed Rule Change

CME is filing a proposed rule change that is limited to its business as a derivatives clearing organization ("DCO"). More specifically, the proposed rule change would amend rules related to the position limits and position accountability of the USD Malaysian Crude Palm Oil Calendar (Cleared Only) Contract for clearing.

II. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

In its filing with the Commission, CME included statements concerning the purpose and basis for the proposed rule change and discussed any comments it received on the proposed rule change. The text of these statements may be examined at the places specified in Item IV below. CME has prepared summaries, set forth in sections A, B, and C below, of the most significant aspects of such statements.

A. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

CME is registered as a DCO with the Commodity Futures Trading Commission ("CFTC") and offers clearing services for many different futures and swaps products. The proposed rule change that is the subject of this filing is limited to CME's business as a DCO offering clearing services for CFTC-regulated swaps products. More specifically, the proposed rule change would amend rules related to the position limits and position accountability of the USD Malaysian Crude Palm Oil Calendar Swap (Cleared Only) Contract for clearing.

The proposed amendment would establish independent position accountability levels for CME's USD Malaysian Crude Palm Oil Calendar Swap (the "Swap"). Feedback from

counterparties to the Swap suggests that much of the participation in the product involves commercial hedgers or counterparties to commercial hedgers. The Swap is not subject to mandatory position limit requirements. Transitioning from position limits to position accountability levels will facilitate the risk reduction practices of commercial firms and promote the continued participation of counterparties to commercial hedgers. Accordingly, CME proposes to transition the Swap's current position limit of 2,800 contracts into new position accountability levels to be set at 2,800 contracts.

The amendment will be reflected in the Position Limit, Position Accountability and Reportable Level Table and Header Notes located in the Interpretations and Special Notices Section of Chapter 5 of the CME Rulebook.

The changes that are described in this filing are limited to CME's business as a DCO clearing products under the exclusive jurisdiction of the CFTC. The changes will be effective on filing. CME notes that it has also certified the proposed rule change that is the subject of this filing to its primary regulator, the CFTC, in a separate filing, CME Submission No. 14-434.

CME believes the proposed rule change is consistent with the requirements of the Exchange Act including Section 17A of the Exchange Act.⁵ CME is proposing the amendment to establish new independent position accountability levels for CME's USD Malaysian Crude Palm Oil Calendar Swap, a change that is expected to facilitate the risk reduction practices of commercial firms and promote the continued participation of counterparties to commercial hedgers. The change is designed to promote the prompt and accurate clearance and settlement of securities transactions and, to the extent applicable, derivatives agreements, contracts, and transactions, to assure the safeguarding of securities and funds which are in the custody or control of the clearing agency or for which it is responsible, and, in general, to protect investors and the public interest consistent with Section 17A(b)(3)(F) of the Exchange Act.⁶

Furthermore, the proposed change is limited in its effect to products offered under CME's authority to act as a DCO. The products that are the subject of this filing are under the exclusive jurisdiction of the CFTC. As such, the proposed change is limited to CME's
