SUPPLEMENTARY INFORMATION:

I. Abstract

The U.S. Geological Survey (USGS) has historically sponsored volunteer data collection projects to enhance its topographic paper and digital map products, but these activities were suspended in 2006 due to budget concerns. Since then, new internet technologies have made it easy for citizens to georeference and share many different types of data via online mapping platforms and social networking sites. These data have been referred to as volunteered geographic information (VGI). As a result of these developments, the USGS has reinstated the volunteer data-collection program for *The National Map* (<http://nationalmap.gov>).

Using crowd-sourcing techniques, the USGS VGI project known as "*The National Map Corps*" encourages citizen volunteers to collect data about manmade structures in an effort to provide accurate and authoritative spatial map data for the USGS National Geospatial Program's web-based *The National Map*. Citizens collect and/or improve structures data by adding new features, removing obsolete points, and correcting existing data using a web-based mapping platform. Points edited become part of the National Structures Database, and include schools, hospitals, post offices, police stations and other important public buildings. Through their participation, volunteers are able to make significant contributions to the USGS's ability to provide the Nation with accurate mapping information.

We estimate that some users will require a longer session to become acquainted with the interface on their first session. This may be as long as one hour to create an account and review the guidance document. Thereafter, users should be able to make edits to the database in about ten minutes per item being updated.

II. Data

OMB Control Number: 1028—NEW.
Title: The National Map Corps.

Type of Request: Approval of new information collection.

Respondent Obligation: None (participation is voluntary).

Frequency of Collection: Occasional.

Description of Respondents: The general public.

Estimated Total Number of Annual Responses: We estimate that 1,000 people will participate in this volunteer initiative. If they make 75 updates to the Web site that would be 75,000 responses. Counting the updates and the initial sign up, that would be 76,000 responses.

Estimated Time per Response: We estimate that it will take no more than 60 minutes to create an account and join the community. Thereafter it should take no more than 10 minutes to edit a structure point on the Web page.

Estimated Annual Burden Hours: 13,500 hours.

Estimated Reporting and Recordkeeping "Non-Hour Cost"

Burden: There are no "non-hour cost" burdens associated with this collection of information.

Public Disclosure Statement: The PRA (44 U.S.C. 3501, *et seq.*) provides that an agency may not conduct or sponsor and you are not required to respond to a collection of information unless it displays a currently valid OMB control number. Until the OMB approves a collection of information, you are not obliged to respond.

Comments: On May 16, 2014 we published a **Federal Register** notice (79 FR 28536) announcing that we would submit this ICR to OMB for approval and soliciting comments. The comment period closed on July 17, 2014. We received no comments.

III. Request for Comments

We again invite comments concerning this ICR as to: (a) Whether the proposed collection of information is necessary for the agency to perform its duties, including whether the information is useful; (b) the accuracy of the agency's estimate of the burden of the proposed collection of information; (c) how to enhance the quality, usefulness, and clarity of the information to be collected; and (d) how to minimize the burden on the respondents, including the use of automated collection techniques or other forms of information technology.

Please note that comments submitted in response to this notice are a matter of public record. Before including your personal mailing address, phone number, email address, or other personally identifiable information in your comment, you should be aware that your entire comment, including

your personally identifiable information, may be made publicly available at any time. While you can ask the OMB in your comment to withhold your personal identifying information from public review, we cannot guarantee that it will be done.

Kari J. Craun,

Director, National Geospatial Technical Operations Center.

Application for Conveyance of Federally Owned Mineral Interests in Doña Ana County, NM

AGENCY: Bureau of Land Management, Interior.

ACTION: Notice of realty action.

SUMMARY: On August 1, 2014, the City of Las Cruces (the City) submitted an application to the Bureau of Land Management (BLM) for the conveyance of the federally owned mineral interests in the 125-acre parcel of land described in this notice.

DATES: Interested parties may submit written comments to the BLM at the address listed below on or before February 2, 2015.

ADDRESSES: Bureau of Land Management, Las Cruces District Office, 1800 Marquess Street, Las Cruces, NM 88005. Detailed information concerning this action is available for review at this address.

FOR FURTHER INFORMATION CONTACT: Anthony Hom, Realty Specialist, at the address above, or by telephone at 575-525-4331, or email to *ahom@blm.gov*. Persons who use a telecommunications device for the deaf (TDD) may call the Federal Information Relay Service (FIRS) at 1-800-877-8339 to contact the above individual during business hours. The FIRS is available 24 hours a day, 7 days a week, to leave a message or question with the above individual. You will receive a reply during normal business hours.

SUPPLEMENTARY INFORMATION: The BLM is processing the City's application under section 209 of the Federal Land Policy and Management Act (FLPMA), 43 U.S.C. 1719(b), to convey the federally owned mineral interests for 125 acres of public land located in Doña Ana County, New Mexico, to the prospective surface owner, the City. In

a separate transaction, the City is also proposing to obtain a conveyance of the surface interest from the BLM. The City has been leasing 80 acres of this public land and using it as a landfill under the provisions of the Recreation and Public Purposes Act, as amended. The Notice of Realty Action for the surface-interest conveyance published in the **Federal Register** on November 12, 2014 (79 FR 67186). The case file number is NMNM 133158.

The parcel of land referred to in this notice consists of 125 acres of land situated in Doña Ana County, and is described as follows:

New Mexico Principal Meridian, New Mexico

T. 23 S., R. 2 E.,

SEC. 11, W $\frac{1}{2}$ NW $\frac{1}{4}$ NW $\frac{1}{4}$ NW $\frac{1}{4}$ NE $\frac{1}{4}$,
W $\frac{1}{2}$ SW $\frac{1}{4}$ NW $\frac{1}{4}$ NW $\frac{1}{4}$ NE $\frac{1}{4}$, N $\frac{1}{2}$ NW $\frac{1}{4}$,
N $\frac{1}{2}$ SW $\frac{1}{4}$ NW $\frac{1}{4}$, NW $\frac{1}{4}$ SW $\frac{1}{4}$ SW $\frac{1}{4}$ NW $\frac{1}{4}$,
N $\frac{1}{2}$ SE $\frac{1}{4}$ NW $\frac{1}{4}$.

The area described contains 125 acres.

Under certain conditions, Section 209(b) of FLPMA, 43 U.S.C. 1719(b) authorizes the sale and conveyance of the federally owned mineral interest in land to the surface owner when the surface interest is not federally owned. The objective is to allow consolidation of the surface and mineral interests when either one of the following conditions exist: (1) There are no known mineral values in the land; or (2) Where continued Federal ownership of the mineral interests interferes with or precludes appropriate non-mineral development and such development is a more beneficial use of the land than mineral development.

The lands were segregated from operation of the public land laws, including the general mining law, subject to valid existing rights, when the BLM published the Notice of Realty Action pertaining to the application for conveyance of the land for landfill use under the Recreation and Public Purposes Act. The application is being processed to determine if either one of the two specific FLPMA section 209 conditions exists and, if so, to otherwise comply with the procedural requirements of 43 CFR part 2720 and Section 209 of the FLPMA. The segregative effect of the previously published Notice of Realty Action shall terminate: (1) Upon issuance of a patent or other document of conveyance as to such mineral interests; (2) Upon final rejection of the application; or (3) Two years (August 1, 2016) after the date of filing of the application, whichever occurs first.

Comments: Your comments are invited. Please submit all comments in writing to Anthony Hom at the address listed above.

Before including your address, phone number, email address, or other personal identifying information in your comment, you should be aware that your entire comment—including your personal identifying information—may be made publicly available at any time. While you can ask us in your comment to withhold your personal identifying information from public review, we cannot guarantee that we will be able to do so.

Authority: 43 CFR 2720.1–1(b).

Aden L. Seidlitz,

Associate State Director.

Notice of Availability of the Jordan Cove Energy and Pacific Connector Gas Pipeline Projects Draft Environmental Impact Statement and the Draft Associated Land Management Plan Amendments

AGENCY: Bureau of Land Management, Interior; Forest Service, USDA.

ACTION: Notice of Availability.

SUMMARY: In accordance with the National Environmental Policy Act of 1969 (NEPA), as amended; the Federal Land Policy and Management Act of 1976, as amended; and the National Forest Management Act of 1976, as amended (NFMA), the Bureau of Land Management (BLM) and the U.S. Forest Service (USFS) have participated as Cooperating Agencies with the Federal Energy Regulatory Commission (FERC) in the preparation of the Jordan Cove Energy and Pacific Connector Pipeline (PCGP) Projects Draft Environmental Impact Statement (EIS). The Draft EIS addresses the impacts of these projects, the associated draft Land Management Plan (LMP) amendments of the BLM and the USFS, and the application to the BLM for a Right-of-Way Grant sought by Pacific Connector Gas Pipeline LP for the PCGP project. With this agency-specific Notice of Availability, the BLM and the USFS are announcing the opening of the FERC comment period.

DATES: To ensure that comments will be considered, the FERC must receive written comments on the draft Jordan Cove Energy and PCGP Projects Draft EIS within 90 days following the date the Environmental Protection Agency published its Notice of Availability (NOA) in the **Federal Register**, which occurred on November 17, 2014. The FERC will announce future meetings or hearings and any other public involvement activities at least 15 days in advance through public notices, media releases, and/or mailings.

ADDRESSES: You may submit comments related to the Jordan Cove Energy and PCGP Projects Draft EIS by any of the following methods:

Web site: www.ferc.gov under the Documents and Filings link. The eComment tool is limited to text-only comments on the project. The eFiling tool allows users to submit files in a variety of formats. First-time users of eFiling must first create an account using eRegister.

Mail: Kimberley D. Bose, Secretary, Federal Energy Regulatory Commission, 888 First Street NE., Room 1A, Washington, DC 20426

Your comments must reference the FERC Docket number(s) (Jordan Cove Energy Project, L.P., Docket No. CP13–483–000 and/or Pacific Connector Gas Pipeline Project, L.P., Docket No. CP13–492–000) to be correctly attributed to this specific project.

Copies of the Jordan Cove Energy and PCGP Projects Draft EIS are available for inspection in the BLM district offices and the offices of the Forest Supervisors listed under **SUPPLEMENTARY INFORMATION**.

FOR FURTHER INFORMATION CONTACT:

Additional information about the projects is available from the FERC's Office of External Affairs at 866–208–FERC (3372), or on the FERC Web site (www.ferc.gov). On the FERC Web site, go to Documents and Filings and click on the eLibrary link. Then click on "General Search" and enter the docket number, excluding the last three digits in the field (*i.e.*, CP13–492). For assistance, please contact FERC Online Support at FercOnlineSupport@ferc.gov, or toll free at 866–208–3676, or for TTY, contact 202–502–8659. The eLibrary link also provides access to the texts of formal documents issued by the FERC such as orders, notices, and rulemakings.

SUPPLEMENTARY INFORMATION: This NOA is specific to the BLM and the USFS and provides notice that these agencies have participated as cooperating agencies with FERC in the preparation of the Jordan Cove Energy and PCGP Projects
