NATIONAL ARCHIVES AND RECORDS ADMINISTRATION

[NARA-2015-019]

Records Schedules; Availability and Request for Comments

AGENCY: National Archives and Records Administration (NARA).

ACTION: Notice of availability of proposed records schedules; request for comments.

SUMMARY: The National Archives and Records Administration (NARA) publishes notice at least once monthly of certain Federal agency requests for records disposition authority (records schedules). Once approved by NARA, records schedules provide mandatory instructions on what happens to records when no longer needed for current Government business. They authorize agencies to preserve records of continuing value in the National Archives of the United States and to destroy, after a specified period, records lacking administrative, legal, research, or other value. NARA publishes notice for records schedules in which agencies propose to destroy records not previously authorized for disposal or reduce the retention period of records already authorized for disposal. NARA invites public comments on such records schedules, in accordance with 44 U.S.C. 3303a(a).

DATES: NARA must receive written requests for copies of the records schedules listed in this notice on or before January 22, 2015. Once NARA has completed appraisal of the records, we will send you a copy of the schedule. NARA staff usually prepare appraisal memoranda that contain additional information concerning the records listed in a proposed schedule. You may also ask for copies of these in your request. You will have 30 days after NARA sends you a records schedule to submit comments on it.

ADDRESSES: You may request a copy of any records schedule listed in this notice by contacting Records Management Services (ACNR) by mail at NARA (ACNR); 8601 Adelphi Road; College Park, MD 20740-6001, by email at request.schedule@nara.gov, or by fax at 301-837-3698. You must cite the control number, which appears below in parentheses after the name of the agency which submitted the schedule, and you must provide a mailing address. If you would like appraisal reports as well, please state that in your request.

FOR FURTHER INFORMATION CONTACT:

Margaret Hawkins, Director, Records Management Services, by mail at National Archives and Records Administration (ANCR); 8601 Adelphi Road; College Park, MD 20740-6001, by telephone at 301-837-1799, or by email at request.schedule@nara.gov.

SUPPLEMENTARY INFORMATION: Each year, Federal agencies create billions of records on paper, film, magnetic tape, and other media. To control this accumulation, agency records managers prepare schedules proposing retention periods for records and submit these schedules for NARA's approval. Once approved, these schedules give the agency appropriate times by which to transfer historically valuable records into the National Archives and authorize the agency to dispose of all other records after the agency no longer needs them to conduct its business. Some schedules are comprehensive and cover all the records of an agency or one of its major subdivisions. Most schedules, however, cover records of only one office or program or a few series of records. Many of these update previously approved schedules, and some include records proposed as permanent.

The schedules listed in this notice are media-neutral unless otherwise specified. Media-neutral means that the agency may apply the disposition instructions to records regardless of the medium in which the records are created and maintained. Items included in schedules submitted to NARA on or after December 17, 2007, are media-neutral unless the item is specifically limited to a certain medium (see 36 CFR 1225.12(e)).

No Federal records may be destroyed without authorization granted by the Archivist of the United States through an approved records schedule. The Archivist grants destruction authority only after a thorough consideration of the agency of origin's administrative use of the records, the rights of the Government and of people directly affected by the Government's activities,

and the records' historical or other value.

This notice identifies the Federal agencies and any subdivisions requesting disposition authority and the organizational unit(s) accumulating the records—or agency-wide applicability in the case of records that may be accumulated throughout an agency. This notice also lists the control number assigned to each schedule, the total number of schedule items, the number of temporary items (records proposed for destruction), and a brief description of the temporary records.

The records schedules themselves contain a full description of the records at the file unit level as well as their disposition. If NARA staff has prepared an appraisal memorandum for a schedule, it, too, includes information about the covered records. You may request additional information about the disposition process from the contact listed above.
