DEPARTMENT OF ENERGY

Federal Energy Regulatory Commission

[Project No. 12721–006–MA]

Pepperell Hydro Company, LLC; Notice of Availability of Environmental Assessment

In accordance with the National Environmental Policy Act of 1969 and the Federal Energy Regulatory Commission's (Commission) regulations, 18 CFR part 380 (Order No. 486, 52 FR 47897), the Office of Energy Projects has reviewed the application for an original license for the Pepperell Hydroelectric Project, located on the Nashua River, in the towns of Pepperell and Groton, Middlesex County, Massachusetts, and has prepared an Environmental Assessment (EA).

The EA contains the staff's analysis of the potential environmental effects of the project and concludes that licensing the project, with appropriate environmental protective measures, would not constitute a major federal action that would significantly affect the quality of the human environment.

A copy of the EA is on file with the Commission and is available for public inspection. The EA may also be viewed on the Commission's Web site at <http://www.ferc.gov> using the "eLibrary" link. Enter the docket number, excluding the last three digits in the docket number field, to access the document.
