functioning as a trademark, may be registered on the Supplemental Register. Registrations on the Supplemental Register do not have all of the benefits of marks on the Principal Register. Registrations on the Supplemental Register cannot be transferred to the Principal Register, but owners of registrations on the Supplemental Register may apply for registration of their marks on the Principal Register.

The information in this collection can be submitted in paper format or electronically through the Trademark Electronic Application System (TEAS). Applicants that file applications using the TEAS RF or TEAS Plus forms pay a reduced filing fee if they agree to file certain communications regarding the application through TEAS and to receive communications concerning the application by email. TEAS Plus applicants are also subject to the application by email. TEAS Plus receive communications concerning the application through TEAS and to certain communications regarding the application. Applicants that file applications using the Electronic Application System (TEAS) may apply for registration of their marks on the Principal Register. There are no TEAS Plus application forms available for the certification marks, collective marks, collective membership marks, and applications for registration on the Supplemental Register at this time.

Affected Public: Businesses or other for-profits; not-for-profit institutions.

Frequency: On occasion.

Respondent’s Obligation: Required to Obtain or Retain Benefits.

Additional information about this collection is also available at http://www.reginfo.gov under “Information Collection Review.”

SUPPLEMENTARY INFORMATION

I. Abstract

The United States Patent and Trademark Office (USPTO) uses Public Key Infrastructure (PKI) technology to support electronic commerce between the USPTO and its customers. PKI is a set of hardware, software, policies, and procedures that provide important security services for the electronic business activities of the USPTO, including protecting the confidentiality of unpublished patent applications in accordance with 35 U.S.C. 122 and 37 CFR 1.14, as well as protecting international patent applications in accordance with Article 30 of the Patent Cooperation Treaty.

In order to provide the necessary security for its electronic commerce systems, the USPTO uses PKI technology to protect the integrity and confidentiality of information submitted to the USPTO. PKI employs public and private encryption keys to authenticate the customer’s identity and support secure electronic communication between the customer and the USPTO. Customers may submit a request to the USPTO for a digital certificate, which enables the customer to create the encryption keys necessary for electronic identity verification and secure transactions with the USPTO. This digital certificate is required in order to access any secure online systems USPTO provides, including the systems for electronic filing of patent applications and viewing confidential information about unpublished patent applications.

This information collection includes the Certificate Action Form (PTO–2042), which is used by the public to request a new digital certificate, the revocation of a current certificate, or the recovery of a lost or corrupted certificate. Customers may also change the name listed on the certificate or associate the certificate with one or more Customer Numbers. A certificate request must include a notarized signature in order to verify the identity of the applicant. The Certificate Action Form has an accompanying subscriber agreement to ensure that customers understand their obligations regarding the use of the digital certificates and cryptographic software. When generating a new certificate, customers register to get a set of seven codes that will enable customers to recover a lost certificate online without having to contact USPTO support staff.

II. Method of Collection

The Certificate Action Form must be notarized and may be mailed or hand delivered to the USPTO.

III. Data

OMB Number: 0651–0045.

Form Number(s): PTO–2042.

Type of Review: Revision of a currently approved collection.

Affected Public: Individuals or households; businesses or other for-profits; and not-for-profit institutions.

Estimated Number of Respondents: 1,857 responses per year.

Estimated Time per Response: The USPTO estimates that it will take the public approximately 30 minutes (0.5 hours) to read the instructions and subscriber agreement, gather the necessary information, prepare the Certificate Action Form, and submit the completed request.

Estimated Total Annual Respondent Burden Hours: 929 hours.
Estimated Total Annual Respondent Cost Burden: $129,131. The USPTO expects that 70% of the submissions for this collection will be prepared by paraprofessionals, 15% by attorneys, and 15% by independent inventors.

Using those proportions and the estimated rates of $122 per hour for paraprofessionals, $325 per hour for attorneys in private firms, and $30 per hour for independent inventors, the USPTO estimates that the average rate for those respondents will be approximately $139 per hour. Therefore, the estimated total respondent cost burden for this collection will be approximately $129,131 per year.

Estimated Total Annual Non-hour Respondent Cost Burden: $4,531. There are no capital start-up costs, maintenance costs, or fees associated with this information collection. However, this collection does have annual (non-hour) cost burden associated with the Certificate Action Form.

This collection has costs due to the notarization requirement for authenticating the signatures on the Certificate Action Form. The USPTO estimates that the average fee for having a signature notarized is $2 and that 1,857 responses for these forms will be submitted annually, for a total cost of $3,714 per year.

This collection also has postage costs for submitting the Certificate Action Form to the USPTO by mail. The form cannot be faxed or submitted electronically because it requires an original notarized signature. The USPTO estimates that the first class postage cost for these forms will be 44 cents and that it will receive 1,857 mailed responses annually, for a total postage cost of approximately $817 per year.

IV. Request for Comments

Comments are invited on: (a) Whether the proposed collection of information is necessary for the proper performance of the functions of the agency, including whether the information shall have practical utility; (b) the accuracy of the agency’s estimate of the burden (including hours and cost) of the proposed collection of information; (c) ways to enhance the quality, utility, and clarity of the information to be collected; and (d) ways to minimize the burden of the collection of information on respondents, e.g., the use of automated collection techniques or other forms of information technology.

Comments submitted in response to this notice will be summarized or included in the request for OMB approval of this information collection; they also will become a matter of public record.

Margaret McElrath,
Deputy Director, Office of Information Management Services, Department of Commerce—USPTO.

BILLING CODE 3510–16–P

COMMITTEE FOR PURCHASE FROM PEOPLE WHO ARE BLIND OR SEVERELY DISABLED

Procurement List; Additions

AGENCY: Committee for Purchase from People Who are Blind or Severely Disabled.

ACTION: Additions to the Procurement List.

SUMMARY: This action adds products to the Procurement List that will be furnished by the nonprofit agency employing persons who are blind or have other severe disabilities.

DATES: Effective February 2, 2015.

ADDRESS: Committee for Purchase From People Who Are Blind or Severely Disabled, 1401 S. Clark Street, Suite 10800, Arlington, Virginia 22202–4149.

FOR FURTHER INFORMATION CONTACT: Barry S. Lineback, Telephone: (703) 603–7740, Fax: (703) 603–0655, or email CMSFedReg@AbilityOne.gov.

SUPPLEMENTARY INFORMATION:

Additions

On 11/28/2015 (79 FR 70856–70857), the Committee for Purchase From People Who Are Blind or Severely Disabled published notice of proposed additions to the Procurement List.

After consideration of the material presented to it concerning capability of qualified nonprofit agency to provide the products and impact of the additions on the current or most recent contractors, the Committee has determined that the products listed below are suitable for procurement by the Federal Government under 41 U.S.C. 8501–8506 and 41 CFR 51–2.4.

Regulatory Flexibility Act Certification

I certify that the following action will not have a significant impact on a substantial number of small entities. The major factors considered for this certification were:

1. The action will not result in any additional reporting, recordkeeping or other compliance requirements for small entities other than the small organization that will furnish the products to the Government.

2. The action will result in authorizing small entities to furnish the products to the Government.

3. There are no known regulatory alternatives which would accomplish the objectives of the Javits-Wagner-O’Day Act (41 U.S.C. 8501–8506) in connection with the products proposed for addition to the Procurement List.

End of Certification

Accordingly, the following products are added to the Procurement List:

Products:

| NSN: MR 10666—Thermos, 25 oz, Licensed |
| NSN: MR 10667—Tumbler, Drinking, 16 oz, Licensed |
| NSN: MR 10668—Jar, Drinking, 19 oz, Licensed |
| NSN: Winston-Salem Industries for the Blind, Inc., Winston-Salem, NC |

Contracting Activity: Defense Commissary Agency, Fort Lee, VA

Coverage: C-List for the requirements of military commissaries and exchanges as aggregated by the Defense Commissary Agency, Fort Lee, VA.

Barry S. Lineback, Director, Business Operations.
