

confidential trade secrets or commercial property such as patentable material, and personal information concerning individuals associated with the grant applications, the disclosure of which would constitute a clearly unwarranted invasion of personal privacy.

Name of Committee: National Cancer Institute Special Emphasis Panel; Therapeutic Agents that Target Cancer Stem Cells.

Date: March 10–11, 2015.

Time: 11:00 a.m. to 7:00 p.m.

Agenda: To review and evaluate grant applications.

Place: National Cancer Institute Shady Grove, 9609 Medical Center Drive, Room 4W032, Rockville, MD 20850 (Telephone Conference Call).

Contact Person: Kenneth L. Bielat, Ph.D., Scientific Review Officer, Research Technology and Contract Review Branch, Division of Extramural Activities, National Cancer Institute, 9609 Medical Center Drive, Room 7W244, Bethesda, MD 20892–9750, 240–276–6373, bielatk@mail.nih.gov.

Name of Committee: National Cancer Institute Special Emphasis Panel; Innovative Research in Cancer Nanotechnology (IRCN).

Date: March 19–20, 2015.

Time: 8:00 a.m. to 7:00 p.m.

Agenda: To review and evaluate grant applications.

Place: Bethesda North Marriott Hotel and Conference Center 5701 Marinelli Road Bethesda, MD 20852.

Contact Person: Kenneth L. Bielat, Ph.D., Scientific Review Officer, Research Technology and Contract Review Branch, Division of Extramural Activities, National Cancer Institute, 9609 Medical Center Drive, Room 7W244, Bethesda, MD 20892–9750, 240–276–6373, bielatk@mail.nih.gov.

Name of Committee: National Cancer Institute Special Emphasis Panel; Advance Culture Systems for Expansion of Cancer Stem Cells.

Date: March 25–26, 2015.

Time: 11:00 a.m. to 7:00 p.m.

Agenda: To review and evaluate grant applications.

Place: National Cancer Institute Shady Grove, 9609 Medical Center Drive, Room 2E032, Rockville, MD 20850, (Telephone Conference Call).

Contact Person: Kenneth L. Bielat, Ph.D., Scientific Review Officer, Research Technology and Contract Review Branch, Division of Extramural Activities, National Cancer Institute, 9609 Medical Center Drive, Room 7W244, Bethesda, MD 20892–9750, 240–276–6373, bielatk@mail.nih.gov.

Information is also available on the Institute's/Center's home page: <http://deainfo.nci.nih.gov/advisory/sep/sep.htm>, where an agenda and any additional information for the meeting will be posted when available.

BILLING CODE 4140-01-P

DEPARTMENT OF HOMELAND SECURITY

Transportation Security Administration

[Docket No. TSA-2014-0001]

Intent To Request Renewal From OMB of One Current Public Collection of Information: TSA Pre✓® Application Program

AGENCY: Transportation Security Administration, DHS.

ACTION: 60-day notice.

SUMMARY: The Transportation Security Administration (TSA) invites public comment on one currently approved Information Collection Request (ICR), Office of Management and Budget (OMB) control number 1652-0059, abstracted below, that we will submit to OMB for renewal in compliance with the Paperwork Reduction Act (PRA). The ICR describes the nature of the information collection and its expected burden. The collection involves the voluntary submission of biographic and biometric information that will be used for identity verification and to conduct a security threat assessment which includes vetting of an individual's voluntarily submitted information against law enforcement, immigration, and intelligence databases to determine if the person poses a low risk to transportation or national security and is eligible for expedited screening through TSA Pre✓® lanes at airports. This notice also provides initial information regarding TSA plans to expand opportunities for enrollment into the TSA Pre✓® Application Program by using additional contractors that will be permitted to market, enroll, and pre-screen individuals for TSA Pre✓® Application Program eligibility. Under the proposed expansion, selected contractors will collect biographic and biometric information from the

applicant, and perform an initial prescreening of applicants using processes approved by TSA. Those applicants who meet the prescreening standards will be forwarded by the contractors to TSA, which shall perform a security threat assessment and make a final determination of the applicants' eligibility for the TSA Pre✓® Application Program.

DATES: Send your comments by March 9, 2015.

ADDRESSES: Comments may be emailed to TSAPRA@tsa.dhs.gov or delivered to the TSA PRA Officer, Office of Information Technology (OIT), TSA-11, Transportation Security Administration, 601 South 12th Street, Arlington, VA 20598-6011.

FOR FURTHER INFORMATION CONTACT: Christina A. Walsh at the above address, or by telephone (571) 227-2062.

SUPPLEMENTARY INFORMATION:

Comments Invited

In accordance with the Paperwork Reduction Act of 1995 (44 U.S.C. 3501 *et seq.*), an agency may not conduct or sponsor, and a person is not required to respond to, a collection of information unless it displays a valid OMB control number. The ICR documentation is available at <http://www.reginfo.gov>. Therefore, in preparation for OMB review and approval of the following information collection, TSA is soliciting comments to—

- (1) Evaluate whether the proposed information requirement is necessary for the proper performance of the functions of the agency, including whether the information will have practical utility;
- (2) Evaluate the accuracy of the agency's estimate of the burden;
- (3) Enhance the quality, utility, and clarity of the information to be collected; and
- (4) Minimize the burden of the collection of information on those who are to respond, including using appropriate automated, electronic, mechanical, or other technological collection techniques or other forms of information technology.

Information Collection Requirement

OMB Control Number 1652-0059; TSA Pre✓® Application Program. Under the TSA Pre✓® Application Program, individuals may submit biographic and biometric information directly to TSA, which in turn uses the information to conduct a security threat assessment (STA) of law enforcement, immigration, and intelligence databases, including a criminal history check. The results are used by TSA to decide if an individual poses a low risk to transportation or

national security. Approved applicants are issued a Known Traveler Number (KTN) that may be used when making travel reservations. Airline passengers who submit their KTN when making airline reservations are eligible for expedited screening on flights originating from U.S. airports with TSA Pre✓® lanes.¹ TSA uses the traveler's KTN and other information during passenger prescreening to verify that the individual traveling matches the information on TSA's list of known travellers and to confirm TSA Pre✓® expedited screening eligibility.

TSA plans to expand enrollment options for the TSA Pre✓® Application Program by using additional contractor options or capabilities to market, enroll and pre-screen applicants.² Approved contractors will provide secure enrollment options to collect biographic and biometric (*e.g.*, fingerprints, iris scans, and/or photo) information, to validate identity, to facilitate collection citizenship/immigration information, and to perform a criminal history records check to ensure that applicants do not have convictions for criminal offenses that would disqualify them from the TSA Pre✓® Application Program (please refer to the list of current disqualifiers available at www.tsa.gov/tsa-precheck/eligibility-requirements). These expansion options may include the use of commercial and other publicly available data to conduct identity verification, collection of citizenship/immigration information, and prescreening of applicants.

For successfully enrolled and prescreened applicants, TSA will receive via a secure interface certain minimum required data elements (including, but not be limited to, name, date of birth, gender, address, contact information, country of birth, images of identity documents, proof of citizenship/immigration status information, and biometrics) to enable TSA to conduct a STA, make a final eligibility determination for the TSA Pre✓® Application Program, and verify TSA Pre✓® enrolled and approved individuals when they are travelling.

¹ Passengers who are eligible for expedited screening through a dedicated TSA Pre✓®™ lane typically will receive more limited physical screening, *e.g.*, will be able to leave on their shoes, light outerwear, and belt, to keep their laptop in its case, and to keep their 3-1-1 compliant liquids/gels bag in a carry-on. For airports with TSA Pre✓®™ lanes, see <http://www.tsa.gov/tsa-precheck/tsa-precheck-participating-airports>.

² For further information, see the Request for Proposal TSA published on FedBizOpps.gov on December 22, 2014, available at <https://www.fbo.gov/spg/DHS/TSA/HQTSA/HSTS02-15-R-OIA037/listing.html>.
