[Docket Number DARS 2014-0053]

Submission for OMB Review; Comment Request

AGENCY: Defense Acquisition Regulations System, Department of Defense (DoD).

ACTION: Notice.

SUMMARY: The Defense Acquisition Regulations System has submitted to OMB for clearance, the following proposal for collection of information under the provisions of the Paperwork Reduction Act (44 U.S.C. chapter 35).

DATES: Consideration will be given to all comments received by February 6, 2015.

SUPPLEMENTARY INFORMATION:

Title, Associated Forms and OMB Number: Defense Federal Acquisition Regulation Supplement (DFARS) Part 217, Special Contracting Methods, and related clauses at 252.217; OMB Control Number 0704-0214.

Type of Request: Extension.

Number of Respondents: 5,688.

Responses per Respondent:

Approximately 18.

Annual Responses: 102,139.

Average Burden per Response: Approximately 8.7 hours.

Annual Burden Hours: 886,703.

Needs and Uses: DFARS Part 217 prescribes policies and procedures for acquiring supplies and services by special contracting methods.

Contracting officers use the required information as follows:

The clause at DFARS 252.217-7012 is used in master agreements for repair and alteration of vessels. Contracting officers use the information required by paragraph (d) of the clause to determine that the contractor is adequately insured. This requirement supports prudent business practice, because it limits the Government's liability as a related party to the work the contractor performs. Contracting officers use the information required by paragraphs (f)

and (g) of the clause to keep informed of lost or damaged property for which the Government is liable, and to determine the appropriate course of action for replacement or repair of the property.

Contracting officers use the information required by the provision at DFARS 252.217-7026 to identify the apparently successful offeror's sources of supply so that competition can be enhanced in future acquisitions. This collection complies with 10 U.S.C. 2384, Supplies: Identification of Suppliers and Sources, which requires the contractor to identify the actual manufacturer or all sources of supply for supplies furnished under contract to DoD.

Contracting officers use the information required by the clause at 252.217-7028 to determine the extent of "over and above" work before the work commences. This requirement allows the Government to review the need for pending work before the contractor begins performance.

Contracting officers use the information required by DFARS 217.7004(a) where offerors shall state prices for the new items being acquired both with and without any exchange (trade-in allowance).

Contracting officers use the information from 217.7404-3(b), to evaluate a contractor's "qualifying proposal" in accordance with the definitization schedule. This subpart allows the contracting officer to require receipt of a qualifying proposal containing sufficient information for DoD to complete a meaningful analyses and audit of the information in the proposal, and any other information that the contracting officer has determined DoD needs to review in connection with the contract.

Contracting officers use the information from 217.7505(d), where the offeror submits with its proposal, price and quantity data on any Government orders for the replenishment part issued within the most recent 12 months.

Affected Public: Businesses or other for-profit and not-for-profit institutions.

Frequency: On occasion.
